The total registration under the new Military Service Act up to midnight Saturday was estimated at 65,000, of which number 5800 have reported for military duty. It was estimated that the total number who should have reported was 91,000, which means that so far 26,000 have failed to report. and the question arises whether it will be safe for these to parade the streets today, that is, if they are un-able to show proofs that they have ap-

What Would It Be Worth to You **To Be Free of Indigestion** 

And Rid of the Poisons

**Tired Feelings**?

NDIGESTION becomes habit to a certain extent. Many of the conditions under which we live are artificial. We eat too much, take too little natural exercise, and have too much worry and anxiety. The digestive system does not get a chance.

The liver is usually first to get out of kilter, then the bowels become constipated, and the whole process of digestion is disorganized. Instead of being properly digested, the food ferments and causes sour stomach, belching of wind, pressure of gas about the heart, suffocating feelings and fainting spells.

Headaches, pains in the limbs and back, tired, depressed feelings, irritability and discouragement are other symptoms.

You may have tried stomach medicines and aids to digestion until you have given up in despair.

**Operation** Avoided Mrs. Annie Watkins, Glace Bay, New Harbor, N.S., writes : "I think it is time Mrs. Annie Watkins, Glace Bay, New Harbor, N.S., writes: "I think it is time for me to give my experience with your wonderful Kidney-Idver Pills. For seven months I suffered with what the doctor called indigestion, but whatever it was, I suffered terribly. The pain would start under my left shoulder and pass down my side until it reached the pit of my stomach. If just seemed as if the flesh were being torn from the bone. At times I used to go without food from one morning until the next. I had no en-ergy left for work at all. At last our doctor sent me to the hospital for a month. For four days and nights I never broke my fast except for a drik of water. After four weeks' treatment there I returned home, and was back only four days when the pain came back wores than ever. Then I was told, I would have to undergo an operation, but I would not consent to that. At last I read about Dr. Chase's Kidney-Liver Pills and started to take them. At first I I did not notice much difference, but still I kept on using them, and by the time four boxes were used I was perfectly well again. That was in 1916, so you see I can safely say that I was cured. I shall always be grateful to Dr. Chase's Kid-ney-Liver Pills, as they did more for me than four doctors."
