The shield is of sterling silver of approximately 10° on oes. The style is early English, with a large winged figure of Victory dominating the shield. She is holding aloft a golden crown in one hand and in the other hand is held a trumpet, symbolic of the proclaiming and crowning of the victors. Above Victory's head and at the apex of the shield is a smaller shield, containing the coat of arms of Varsity executed in the correct colors, which is supplied by heavily chased running strolls, the border of the body of the shield is executed in heavily handchased laurel with Rugby footballs at intervals, the ribbons and spaces on the body are used for inscription purposes; they are raised in high relief.

The carto che at the bottom of the shield is leavily chased and contains an exact representation of a scene from the exact representation of a scene from the recent champons in football game between Varsity and Tigers. This will also be in high relief. Under the cartouche is executed a coat of arms of the City of Toronto to match the Varsity coat of arms at the top This is finished in Trench gave with the high read belief.

A renewed effort is being made this year, with excellent prospects of success, to send a picked team of Yale and Harvard athletes—track and field men—to England this summer for a joint series against Oxford and Cambridge.

Spring is on its way, and indicating this is the fact that the Don River is free of ice to the first dam, which is at Todmorden, two miles from the mouth of the river.
