Dear Sir:-

When you want something or have anything for sale write to the American Lumberman. We have the best medium for reaching Lumber, Woodworking and all allied industries.

There are times when you want Employment, Employees, Machinery, Lumber, Timber and Timber Lands or a Business Opportunity; an ad inserted in the Wanted Columns will reach the people.

If you don't want anything possibly you have something to sell - a quick way to make a sale is to insert an advertisement in the For Sale Columns. Best paper published for selling Timber and Timber Lands, Lumber and Shingles, Retail Yards, Machinery new or second hand, Logging Equipment, Rails, Locomotives, Cars, etc., Business Opportunities, Cut Over Timber Lands, Motor Trucks, Farms and Plantations, Horses and Mules, or anything used in the Lumber World.

The AMERICAN LUMBERMAN is published weekly, dated every Saturday and has a larger circulation than any other Lumber Trade Paper. Its readers are the best people and can afford to buy what you have to sell.

Do not wait - advertise now you will be pleased with the results. Send your advertisement to the Greatest Lumber Journal on Earth - THE AMERICAN LUMBERMAN.

Hoping you will send us an ad, we are,

Yours very truly,

AMERICAN LUMBERMAN.

E. C. Hole
Manager.
