CANADIAN SCHOOL SLATES.

THE public in general, and all parties interested in

CANADIAN MANUFACTURES,

will please take notice, that these beautiful Slates are now being manufactured by THE DANVILLE SCHOOL SLATE COMPANY, at GANSONVILLE, NEAR DANVILLE, PROV. QUEBEC, and are taken from a vein of Slate discovered in the Quarries now being worked by THE DANVILLE SLATE COMPANY, and which they are now offering to the public in the confident belief that, on one trial, they will be pronounced superior in touch, durability and finish, to any article heretofore produced.

A moment's trial with the pencil will demonstrate the peculiar qualities and superiority of this article over any other now known.

All orders addressed to the undersigned, who has been appointed their General Agent, will receive prompt attention.

ROBERT MILLER,

MANUFACTURING STATIONER,
MONTREAL.

CARTER'S COMBINED WRITING AND COPYING INK.

THIS Combination Ink has been awarded ^{Premiums over} all others in New York, Boston, and ^{placed} by the most celebrated Chemists the best.

It is used by many of the largest Companies and other Corporations, and gives per-

It possesses the following advantages:

- First. It flows freely from the pen.
- Second. It will give a perfect and permanent mark.
- Third. It will not mould.
- Fourth. Being equally as good as the best, it saves the trouble and expense of using two kinds of ink.
- Fifth. It is more permanent than any other.
- Sixth. The color, when first written, is a deep blue, and in a very short time it changes to a permanent black.
- Seventh. It is admirably adapted for copying, and "makes its mark."

This Ink is warranted to be superior to any other Writing Fluid now in use; and not to mould.
