UNIONISTS MEET

Rev. Dr. Rose Says Church Needs New Bill of Rights From State

OTTAWA, Ont., May 12.—The United church must guide the conscience of the nation, declared Rev. Dr. S. P. Rose, president of the Montreal and Ottawa conference of the United Church of Canada, in opening the second annual meeting of the conference. He urged that Canada has a right to expect something more from the new United Church as a result of the union.

Dr. Rose declared that the United Church must obtain from the state, a new bill of rights, but without any repetition of the humiliating experiences of the past few months. The new church, he declared, must seek to illustrate the true nature and indispensable character of Christian union. Unity in diversity must be the ideal. Diversity without division, and unity without uniformity, was what he urged. The business sessions of the conference open this morning, and will continue until Thursday evening.
