

40 CENTS AND A SMILE TAKES YOUTH ABROAD

Curiosity at First Sight of Ocean Liner Sends George Moss Away Without a Ticket—Passengers Make Up Fare.

New York, May 25.—About a month ago George Moss, twenty years old, whose aspirations to become a poet were being starved out, found himself in the vicinity of West Nineteenth street when the White Star liner Adriatic was about to sail for Europe. This was the first time he had ever passed upon a trans-Atlantic vessel and seeing a score of persons going aboard her he joined the throng and entered into the spirit of the occasion.

Then came the "All ashore" signal. By this time the young man had decided that instead of becoming a poet he was destined to be a writer on travel and sea stories. So he decided to make the trip on the Adriatic. There was plenty of atmosphere and local color to be gathered for his writings on such a voyage, even though his finances consisted of just forty cents. But Moss acted quickly—he went. This week he returned in the steamer of the White Star liner, Baltic. Uncle Sam paid his return fare.

For three days Moss mingled with the first cabin passengers on the Adriatic and because of his neat appearance and jolly disposition he became a friend of many. Only the chief steward of the liner wondered why Moss never went to the dining saloon. That was easily explained by the young man when he was asked by the purser, after the latter discovered there was one more passenger on the ship than there were tickets. Moss found he could subsist on bouillon, tea and other delicacies doled out to the passengers between meals. Furthermore, the deck stewards were very courteous.

The passengers were surprised when informed that the young man was a stowaway. They made up a purse for his neglect in taking care of formalities, such as steamship tickets, and paid the purser enough for third class accommodations for Moss. He had no passport, another inadvertence, so he was retained by the immigration authorities at Liverpool. This did not annoy him long. He remembered that he had friends in London and decided to go there forthwith. He made the greater part of the journey on foot. He looked, in vain, for these friends and, having, for the moment, squandered the forty cents, appealed to the American Consul, who turned him into the hands of immigration officials and arranged for his return trip.

"I'm all right. Now that I am back again I can take care of myself with ease," he declared. "I'll find friends in half an hour after I land. I was refused to accept any money from persons who talked with him about his journey."

HAYNES SAYS USE OF DRUGS HAS DECREASED
Gives Official Figures Showing Sharp Drop Per Capita in 1922

Washington, May 25.—Per capita consumption of narcotic drugs in the United States has shown an enormous decrease under administration of the Harrison drug act, according to a statement today by Federal Prohibition Commissioner Haynes giving the latest official figures.

Official figures on imports of narcotics and their distribution showed that sales by manufacturers for the fiscal year ended June 30, 1921 were sufficient for 1 7/8 grains of morphine per capita, while for the fiscal year 1922 they were reduced to 1/8 of a grain on a per capita basis. The figures, of course, were not inclusive of smuggled narcotics.

The per capita consumption of cocaine for 1921 was given at one-third of a grain, while for 1922 was reduced to one-fourth of a grain.

USEFUL WORK NEVER EASY.
(Edmonton Journal.)
Joseph Conrad, one of the present-day masters of English prose, told a New York reporter arriving there the other day for his first visit to the United States that writing was to him "a frightful grind." This will be consoling to many who make their living on lesser spheres of literary work and who, like Mr. Conrad, find the going very hard.

There is a saying that easy writing makes hard reading, and the reverse is also very large true. The biographies of most great literary men show with what effort they perfected their product. Stevenson and Macaulay are two outstanding examples. We could all cite instances of the contrary character, those of people who "simply love to write," who are always highly pleased with what they have written, but who to the people who have to read their effusions are the worst kind of nuisances and bore.

Popular Young Lady Is Again Well and Happy

Miss Laurentia Clouatre, a popular young lady, residing at 628 Carter St., Montreal, is another who has found Tanlac treatment a safe and sure means to health, strength and the joy of living.

"For a year past I have suffered with terrible headaches, at the same time felt weak and dizzy all day long, and my nerves were also unwell," states Miss Clouatre. "I had been suffering for eight months time I lost fifteen pounds. I have just finished my third bottle of Tanlac and now I feel as if I were nearly half my lost weight, as well as considerable strength. I eat well, digest all my food, have no more headaches or dizzy spells. I am simply delighted with Tanlac. It is just grand."

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia To Overcome Trouble Caused by Fermenting Food and Acid Indigestion.

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious nervous and dizzy spells. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing action on the stomach acids. Instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

MRS. BUDGE SO WEAK COULD HARDLY STAND
Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health

River Desert, Que.—"I used to have a severe pain in my side. I would be unable to walk fast and could not stand for any length of time to do my ironing or washing, but I would have to lie down to get relief from the pain. I had this for about two years. My friend told me to try Lydia E. Pinkham's Vegetable Compound as she had had good results. I certainly got good results from it, too, as the last time I had a sore side was last May and I have not had it since. I am so glad of leaving good nursing for my baby, and I think it is your medicine that helped me in this way." Mrs. L. V. Budge, River Desert, Quebec.

If you are suffering from the tortures of a displacement, irregularities, backache, headaches, nervousness, or a pain in the side, you should lose no time in trying Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Private Text-Book upon "Afflictions Peculiar to Women" will be sent you free upon request. Write for it to the Lydia E. Pinkham Medicine Co., Lowell, Ontario. This book contains valuable information that every woman should know.

THIS MAN TELLS YOU HOW TO KEEP FIT!

Bear River, N.S.—"My back was so bad I could hardly work. It was all twisted out and had no ambition, was nervous and dizzy, and everything seemed to worry me. I also had terrible pains in my right side. I felt badly for about eighteen months, and could not do my work as it should have been done. I tried several doctors, and also bought about \$200 worth of put medicines, but I found no relief until I took Doctor Pierce's Golden Medical Discovery and Doctor Pierce's Anuric (anti-uric-acid) Tablets. I have taken two bottles of the Discovery, and four of the Anuric Tablets, and can say that I feel as well as I have felt for the last ten years. I advise any sufferer to give Dr. Pierce's Anuric Tablets a fair trial. I can not recommend them too highly for what they have done for me and shall be pleased to answer any one who cares to write me."—Norman E. Trimmer, R. R. 1.

Obtain these famous medicines now at your nearest drug store, in tablets or liquid, or send 10 cents to Dr. Pierce's Laboratory in Bridgeport, Ont., for a trial package of any of his remedies. Write Doctor Pierce, President Inverness Hotel in Buffalo, N. Y., if you desire free medical advice.

Rheumatism

A Remarkable Home Treatment Given by One Who Had It
In the year of 1898 I was attacked by Muscular and Sub-Acute Rheumatism. I suffered as only those who are thus afflicted know for over three years. I tried remedy after remedy, but I found relief as I obtained was only temporary. Finally, I found a treatment that cured me completely and such a pitiful condition has never returned. I have given it to a number who were terribly afflicted, even bedridden, some of them seventy to eighty years old, and the results were the same as in my own case.

I want every sufferer from any form of muscular and sub-acute (swelling at the joints) rheumatism, to try the great value of my improved "Home Treatment" for its remarkable healing power. Don't send a cent; simply mail your name and address, and I will send it free to try. After you have used it, and it has proven itself to be that long-sought-for means of getting rid of such forms of rheumatism, you may send the price of it, One Dollar, but understand I do not want your money unless you are perfectly satisfied to send it. Don't that fail! Why suffer any longer, when relief is thus offered you free. Don't delay. Write today.

Blue-jay

Belgrade, Jugoslavia, May 2.—(A. S. by mail.)—There is today in Jugoslavia a scarcity of bank notes of large denominations, and carmen jugs. The peasants are hoarding the former and hiding them away in the latter.

Peasants Distrust Banks; Hoard In Jugs In Ground

The peasants' bank is a jug buried in the ground. As the peasants have become very rich in the last few years, their paper money accumulations, buried in the ground, are being used to buy carmen jugs and silver coin before the war, were eaten up by mice and rats. Now the peasants have learned to put their paper money in tightly corked jugs, hence the scarcity of jugs. When possible the peasants obtain bank-notes of large denominations for hoarding purposes, as the jugs are too quickly filled with small value bills.

Quick Help For Run-Down Folks

Yeast With Iron the Newest Scientific Triumph
Pale, thin, underweight folks have a great deal to thank science for because of this new combination called Ironized Yeast. Think what a wonderful thing it is to be able to strengthen thereby putting plenty of iron and yeast is re-inforcing the vital forces in the manner already understood and proven in so many thousands of cases.

The world always needed a tonic and builder like this—so perfectly balanced and strength-giving and stay-where-irresistible benefit. You can now not only build yourself up to normal weight, but you can do so at the same time put iron into the blood. And this is the treatment and stay-where-improvement for many who perhaps heretofore may have despairing because of lack of iron from just ordinary tonics.

Scientists now agree that brewer's yeast is the richest source of vitamins known. So thousands of pale, sick and underweight people are gaining weight and strength on Ironized Yeast, which is a combination of iron and other valuable tonic ingredients with yeast imported from Great Britain, England, and especially concentrated under the process recommended by Dr. A. S. Sedell of the Hygienic Laboratory of the U. S. Public Health Service.

Ironized Yeast from your druggist today. It is convenient and pleasant to take, being in handy tablet form. The ten-day treatment costs only \$1.00. It is guaranteed to give satisfactory results or your money will be cheerfully refunded.

Alkali in Shampoos Bad for the Hair

If you want to keep your hair looking its best, be careful what you wash it with. Do not use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulford's coconut oil shampoo, which is pure and greaseless, and is better than anything else you can use.

Two or three teaspoonfuls of Mulford's is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy, and easy to manage.

You can get Mulford's coconut oil shampoo at any drug store. It is inexpensive, and a few ounces will supply every member of the family for months. Be sure and ask for "Mulford's." Beware of imitations. Look for the name Watkins on the package.
