ONLY SEVENTY FROM THE SCHOOLS

City Pupils Not Anxious to Join the S. O. S. Movement—Completing School Census—Letter From Lieut. Henry

At a meeting of the school board last evening Dr. H. S. Bridges, superintendent of city schools, said that there was a reluctance on the part of city boys to go on farms this year. He explained that they felt that they had not received proper treatment last year. Out of the city schools only seventy boys have volunteered to go on farms.

At the meeting of the board there were present: R. B. Edmondson, chairman; Dr. Manning, H. Colby Smith, E. R. W. Ingraham, M. Coll, G. H. Green, G. E. Day, trustees and Dr. H. S. Bridges. After the reading of the minutes the following letters were read by the chairman: From Miss Ida Yerna asking for extension of leave which was granted on motion of Dr. Manning, seconded by G. H. Green; from H. C. Zwicker thanking the board for continuance of salary during illness; from Beattie Wright, Hazel Belyea, Julia T. Crawford, Marion Castwell, Edna Higgins, Mary M. Chaisson and Mary Blanchard applying for positions on the teaching staff. These were placed on the book. From Lieutenant J. Henry, Searforth, Sussex, tendering his resignation from the University in England after the war, should he be able to do so; and a copy of a reply from Dr. Bridges in which he acknowledged the receipt of this letter.

After discussing these last two letters the board decided, on motion of M. Coll, seconded by G. E. Day, to continue to pay Lieutenant Henry's salary to his mother until the end of the present term. Two letters were read from teachers wishing to resign their positions on the staff. Miss Maxwell and Miss Ada E. Allen. The secretary was instructed to write letters of appreciation of their services to both of these teachers who had served very faithfully.

A letter was read from H. C. Ritchie asking that immediate steps be taken to supply an adequate supply of drinking water in Cranston school. A notice of resignation was received from MacRae, Sinclair & MacRae on behalf of E. S. R. Murray that compensation was claimed for damages done to his property in Douglas avenue by the building of a drain pipe in construction work on the new school. The architect of the new building and the visitors of the school were authorized to take the matter in hand. A bill of \$100 from MacRae, Sinclair & MacRae for services in connection with the passing of a bill in the local house was ordered paid. Dr. Bridges said that the enumerators' report on the school census was not yet complete, but that to date 7,405 names had been taken.

At the January meeting the board granted Miss Bartlett \$400 to purchase from the Red Cross Society supplies for the children of her household. Science classes to make soldiers' comforts. She reported at the meeting that \$348 had already been spent for this purpose. Dr. Bridges announced that Sister Phoebe, principal of St. Peter's girls' school, had died. He was asked to write a letter of condolence to her father by the members. The serious illness of J. V. Russell, a member of the board was spoken of with regret. The calling of tenders for the winter's coal was authorized.

TELLS DYSPYPTICS WHAT TO EAT

Avoid indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.
Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, thus irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bismarck Magnesia at their meals. There is probably no better, safer or more reliable stomach antacid than Bismarck Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken a little while with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of pepin pills or artificial digestants.
Get a few ounces of Bismarck Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and the Bismarck form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

A SLUGGISH LIVER CAUSES LOTS OF TROUBLE

When the liver becomes sluggish it is an indication that the bowels are not working properly, and if they do not move regularly many complications are liable to set in.

Constipation, sick headache, biliousness, headache, jaundice, heartburn, water brash, catarrh of the stomach, etc., all come from a disordered liver.

Milburn's Laxative Pills are a specific for all diseases or disorders arising from a slow, sluggish, lazy or torpid liver, and they have been universally used throughout Canada for over 30 years with the greatest success.

Mrs. W. A. Harrison, 7 Poplar Grove, Halifax, N.S., writes: "I take pleasure in writing you concerning the great good I have received by using Milburn's Laxative Pills for a sluggish liver. When my liver got bad I would have severe headaches, but after using a couple of boxes of your pills, I have not been bothered any more."

Milburn's Laxative Pills are 25c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

GOOD WISHES ON GOLDEN WEDDING

Ottawa, May 13.—Irrespective of all differences of opinion on public question members of parliament, the citizens of Ottawa and a host of friends throughout Canada showered good wishes and congratulations today on Sir Wilfrid Laurier and his prime minister for fifty years, Lady Laurier. Their golden wedding anniversary was happily marked by a shower of flowers, letters and telegrams, and by the presentation on behalf of Sir Wilfrid's followers in common and senate of a very beautiful golden silver suitably engraved. It was a striking tribute to the personal esteem and affection in which the "Old Chief" and his helmsman for half a century are held both by political friends and opponents. Members of the Unionist side of the house thank Sir Wilfrid for his services to the country and to his many years of happiness.

Part of the day Sir Wilfrid spent with his family in residence receiving their callers. For the rest he was at his post in the commons. To the members of the house the great chief of life, he declared, "is the blessing of a good wife."

"Gentlemen, I have had that blessing for these fifty years. My wife has been a help to me, an inspiration and a comfort, and adversity—probably greater in degree than I have known—has been met by her with a courage and a fortitude which I have never known in any other woman. I wish you all the joy which every one of my many years of married life has brought to me."

In conclusion he said: "We all have our duty to perform. We may as well do it as we can, and let the rest go."

During the day a steady stream of carriages made their way to Sir Wilfrid's residence bearing gifts of flowers. Among the gifts received in honor of the occasion was a piece of gold plate valued at \$2,500, which was presented by his followers. Their Excellencies the Duke of Devonshire and the Duchess were among the first to call to pay their respects. When Sir Wilfrid and Lady Laurier attended early morning mass a procession of little girls, clad in white, preceded them and presented a bouquet of fifty roses.
