taught through the curriculum. It was a personal matter. He urged the graduates to read more books and better books—not the ephemeral novel that was blazoned abroad today and forgotten tomorrow but solid, good books that would help them in their daily lives. He spoke highly of the work attained by the school and added his congratulations to the class of '24.

Rev. Father McDonald endorsed the remarks of the St. Peter's rector and wished the young ladies real success.

The Class Leader.

Miss Mildred O'Brien, leader of this year's class, read the valedictory in a pleasing manner. Miss O'Brien is a daughter of Mr. and Mrs. Joseph O'Brien, Rockland road. She has had an outstanding successful career as a scholar, and took the lieutenant-governor's medal in Grade 8 three years ago. Miss E. Whelly read the class prophecy.

The class motto this year is *Est Quod Eas Videris*.

The programme concluded with the singing of the National Anthem.

The young lady graduates presented a delightful appearance in their white graduation dresses. All carried large bouquets of the school's colors as well as beautiful bouquets. The members of Grades 9 and 10 were in attendance during the exercises, occupying a special section of the room.

MISS N. COLEMAN, daughter of W. A. Coleman, King street east, was the leader of Grade XII in the High School. It was announced yesterday that Miss Coleman is also the winner of the Fortnightly Club's prize for English. The prize is awarded on the year's work in this subject and the course included the study of Shakespeare's "Henry V" and "Midsummer Night's Dream," Sir Henry Newbolt's "Anthology of English Poetry," and George Eliot's "Adam Bede." The pupils wrote three examinations during the year and the prize has been awarded on the average of the three results.

Edwin McGowan, son of J. F. McGowan, Union street, comes so close a second that there is just one mark's difference, and Miss Margaret Hamilton, who only wrote two of the three examinations and is, therefore, not eligible for the prize, has an average on the two papers which is just one-sixth of a mark below the average of Miss Coleman on three papers. Miss Lois McLean in the first examination was tied with the two leaders but fell below in the final examination.

Those Who Passed.

The 16 who have passed Grade XII in the order of their marks are as follows: Nan Coleman, Edwin McGowan, Lois McLean, Margaret Hamilton, Louise Malcolm, Blenda Macaulay, Lillian Christie, Murray Macgregor, Raymond Trippett, Madeleine MacKie, Audrey Bennett, Miner Hevenor, Harold Springer, Frank Thomas, David Legat, and Charles Case.

Miss Coleman has had a brilliant career in the city schools. In the high school entrance examination in 1920 she won the chairman's gold medal and the Lieutenant-Governor's silver medal and in 1921 she won the Alumnae gold medal in Grade IX. (See page 9 for other schools.)

WILL MOTOR FROM COAST TO COAST.
Dr. Doolittle to Leave Halifax For Vancouver Next Week—4,500 Miles.

(Special to The Times-Star.)
Algonquin Hotel, St. Andrews-by-the-Sea, June 24.—Dr. P. E. Doolittle, President of the Canadian Automobile Association, who is here attending the Annual Convention of the Canadian Good Roads Association, will start next week from Halifax on the first trip ever made by automobile across the Dominion. He plans to leave here for Halifax at the close of the convention.

Dr. Doolittle has set no time schedule for his journey, which will total at least 4,500 miles, or nearly 1,000 miles more than the Lincoln highway through the United States from coast to coast. He plans to travel five days a week, with a daily run of 200 to 250 miles a day.

Leaving Halifax he will go by way of the North Shore of New Brunswick and thence via Quebec, Montreal, Toronto, Sault Ste. Marie, Port Arthur, Winnipeg, Regina and Calgary to Vancouver. With the exception of the distance between Port Arthur and Winnipeg the entire trip will be through Canadian territory, but Dr. Doolittle hopes that by next year the roads between these two places will be put into shape for trans-continental travel, thus obviating the necessity of having to pass through U. S. territory.

Dr. Doolittle motored here from Montreal, and pronounced the roads better than ever before in his experience.

NEW YORK TO FRISCO WITHIN 22 HOURS.
This is the Record Made by Flyer Maughan on (United Press.)
San Francisco, Cal., June 24.—Lieutenant Russell Maughan flew by daylight from New York to San Francisco Monday and the dream of a dawn to dusk transcontinental flight became a reality. A new area of aviation has been opened up by the venture, army and civilian flying men declared today.

Congratulations were showered upon Maughan, who left Mitchell Field, New York at 2:30 (E.S.T.) and arrived in San Francisco 21 hours and 45 minutes later.

It was past dusk when Maughan's record flight came to an end at Crissy field, but Maughan pointed out that he had delayed at dawn; that the sun was up 87 minutes before the little plane hummed off into the west, and that the flyer actually arrived 16 minutes ahead of schedule. Maughan was "fair sick" a couple of dozen times during his flight. He was little, he said, between the time he left New York and his arrival here. Face wind burns, eyes flaming, hands trembling, sunken and bloodshot, and he was a bundle of nerves after he had been shaken by the plane.

"We" someone asked. "Me and my plane," said Maughan.

THESE LETTERS MAY COME TO CANADA.
General Wolfe's Last Epistle and One of Montcalm's to Be Sold at Auction.

(British United Press.)
London, June 24.—The last letter written by General Wolfe is to be put up for auction here on July 14 next. It is addressed to Wolfe's second in command and contains minute instructions as to the plan of action at Quebec. The letter passed to General Townshend. It is a splendid example not only of Wolfe's thoroughness, but of his high courage and his sense of responsibility. It inspired the famous remark made by George II, when adverse critics maintained that Wolfe was out of his mind, "I wish then he would lose some of his generals!"

CANADA WILL FIND NAVY A NECESSITY.
So Says Vice-Admiral Field in Striking Speech in Victoria.

Victoria, B. C., June 24.—"I thank you for this very great welcome! I can assure you that though our cruise took us to many larger cities we have never been taken more closely to their hearts than by the people of this city. We shall never forget your hospitality for the rest of our lives."

In these words, Vice-Admiral Sir Frederick Field, leader of the British special service squadron, replied to ringing cheers from 350 guests present who greeted the arrival of the British naval officers at a Navy League luncheon yesterday.

"If only we hold together and try to understand one another, this great need need fear no enemy and no trouble that can arise. On the strength of each link on the cable depends the life of the chain, and we are told, and I feel sure that as your great Dominion prospers and as your interest increases in the world markets, Canada will find a navy a necessity and you will get it."

"The British Navy was not known as a very unit in the seventeenth century. Before that time there were one or two King's ships, and the balance was mercantile vessels, owned by rich merchants. The British mercantile marine was the mother of the British navy."

He concluded by explaining that there were 197 vessels in the British fleet that opposed the Spanish Armada, but only 14 of these ships were equipped with guns. The remainder were armed merchantmen. Sir Frederick made a plea for Empire unity and understanding.

In the morning 20,000 cheering people turned out to give a joyous acclamation to the fleet, which was headed by the own band, paraded the principal streets. Lieutenant-Governor Nichol took the salute from a place opposite the Queen Victoria Monument, in front of the Legislative Buildings.

HIGH JINKS BY HIGH SCHOOL BOYS.
Steamer Purdy Gets Green Paint—Skeleton on Flagpole—Haled to Court.

(Special to The Times-Star.)
Fredericton, June 24.—The usual informal celebration of the closing of the Normal High School took place early this morning. Green paint graced the steamer D. J. Purdy, the rear of the Provost Marshal's building and the side of the entrance to the police station. The high school skeleton, which had disappeared from the school grounds days ago, graced the Normal School flag-pole, and three boys of Grade X, graced the police cells. They dealt with today by Police Magistrate Limerick.

Depredations at the high school building have been anticipated by stationing the janitor and a special policeman there for the night, but the boys kept clear of the building.

A Chair for Dr. Foster.

The kind wishes of the teachers of Fredericton toward Dr. B. C. Foster, who retires as principal of the Fredericton High School, took the form of a presentation of a library chair, which was sent to his home, with card attached.

STRONGLY AGAINST THE SALE OF BEER.
British Columbia Decides Against Licenses to Sell by Glass.

Victoria, B. C., June 24.—"On the face of it the province seems to have gone strongly against beer by the glass generally, and whether those places which voted for beer should be granted the privilege of sale by the glass has yet to be decided." Attorney-General A. M. Mason stated on his arrival here yesterday, "I believe, however," he continued, "that the vote was two-fifths in favor of beer as a whole. This was the foundation vote which I proposed originally should be polled before beer sales was allowed anywhere. No such provision, of course, was made in the public." Very Close Vote.

Prince George, B. C., June 24.—With only one poll, where it is thought only two or three votes were recorded, to hear from, the standing in Fort George constituency is as follows: Burden, conservative, 92; Perry, Liberal, 89; Shearer, Provincialist, 184. Burden elected.
