DR. MILLIGAN.

The Conference having listened to the very interesting statement of Rev. Doctor Milligan, with respect to the Educational work under his direction, would gratefully recognize that kind Providence which has watched over him, and brought him safely through the arduous toils, and peculiar perils the past year.

The Conference rejoices that, as the result of the 18 years' administration of this department by Dr. Milligan, the Methodist school system of this colony has been placed upon a most healthy and hopeful basis, and is now very fully realizing the aims of its promotion, both as regards the interests of the Methodist Church and the colony at large.
