NOTES AND COMMENTS

FOR THOSE WHO CANNOT SEE.

In making his annual appeal to the readers of Ontario newspapers for information which will enable him to locate the children and youth of both sexes who are eligible for admission as pupils of the School for the Blind at Brantford, Principal Gardiner asks the public attention to the need for some institution where the adult blind may be instructed and employed. General experience has demonstrated the inadvisability of combining a workshop for adults with a school for children under one management, yet the blind adults, who far outnumber the children of school age should no longer be neglected.

In New York State, it has been ascertained by careful inquiry that out of 6,008 blind persons only 584, or 9.72 per cent of the total number, are under 21 years of age; 3,193, or 52.4 per cent, are over 60 years of age; while 1,375 or 22.88 per cent are between the ages of twenty-one and fifty—in the prime of life and capable of being rendered in whole or in part self-supporting. It is probable that the percentages in Ontario are similar to those in New York. Many lose their sight by accident after passing school age, and many who have been blind from birth or childhood need help and direction in order to work profitably. In California, Connecticut, the District of Columbia, Indiana, Massachusetts, Michigan, New Jersey, New York, Ohio, Pennsylvania and Wisconsin workshops or "homes" have been provided, and in Washington, Colorado and other States the matter has been taken up by Women's Clubs and other associations of philanthropic ladies, whose influence upon public opinion and the Legislature will certainly effect the desired result.

The first necessity is to get an accurate knowledge of the facts, and to this end Mr. Gardiner will gladly receive information relating to blind residents of Ontario of all ages (names and post office addresses) those under twenty-one years of age not deficient in intellect, and free from disease and physical infirmity, who are blind or whose sight is so defective that they are unable to read ordinary type and attend a school for the sight, should attend the school at Brantford, which is maintained by the Provincial Government for their benefit. A letter or post card, addressed to the Principal, will receive immediate attention.

EXODUS FROM THE FARM.

The problem of keeping the young folk on the farm is a perplexing one, even in these present days of prosperity. Perth county may fairly be said to be one of the wealthiest agricultural sections in the Dominion, and yet the same tendency prevails here as elsewhere—St. Mary's Journal.

LIKE THE REST OF THEM.

Camron Carver, the bankrupt broker of Detroit, seems to have been a planner of high order, and, as is usual with men of his type, carried on his operations in high finance with the money of others, even his friends and neighbors being thus freely and seemingly without compunction. The desire to get something for nothing that attracted his clients has proven a losing race for many of them—Windsor Record.

ARGO EIGHT WINS

Canadians Capture First Heat From Norwegians.

GERMAN DEFEATS SCHOLES

Diamond Sculls Winner Goes Down Before Von Gaza—Walter Bowler Loses to Blackstaffe—Balfour's Nose Bleed Cost Argos Four Oar Event—The Canadians Meet Leander To-day.

Henley-on-the-Thames, July 30.—In their heat with the Norwegians yesterday in the eight, Argos led from the start, never being pushed. They won easily. Time for half, 3:55; full course, 8:06.

The Magdalen College four that beat the Argonauts Tuesday are the fastest four ever seen here, and the time—8:24—is not likely to be beaten during the regatta.

In the four the bow, Balfour, suffered from bleeding at the nose, and they were unable to overcome the loss at the start, due to poor steering.

Lou Scholes of Toronto, a former winner of the Diamond Sculls, made his first appearance in the Olympic regatta here yesterday in the first event of the day, and was defeated by Von Gaza of the Viking Club, Berlin, by a length in 9:47 for the mile and half. This is Von Gaza's second victory, he having beaten Kiler, the Hungarian sculler, Tuesday in the first heat.

The Canadian was confident of winning, but at the finish seemed dead to the world.

Scholes got the water first and led for the first quarter, steering a fine course, but passing the island he stored somewhat wild. Although Scholes was beaten, he spurred splendidly, but could not reduce Von Gaza's lead, and the German won the race by a length.

Scholes remembered nothing about being helped out of his boat. In fact, his hearing was defective for two hours after the race.

In his heat of the single sculls, Blackstaffe, England, finished his opponent, Walter Bowler of Toronto, Canada, not completing the race.

Bowler and Blackstaffe were equal at the end of the island, but the latter gradually got away a length or more. When 750 yards from the start Bowler ran into a pile, and after extricating himself, he had another mishap a few yards further on, running again into a pile and falling out of his boat. Blackstaffe waited for him on the first mishap, taking opportunity to blow his nose, but seeing Bowler fall from his boat, pulled away leisurely. Time 10:03.

In the first heat of the sculling on Tuesday Von Gaza of the Viking Club, Berlin, beat Kiler, the Hungarian sculler. His performance, time, 9 minutes 35 seconds, promises victory in the sculling.

In the singles, Hungary beat Italy, Time, 10:06.

In the eight-oared race yesterday Leander beat Hungary 21-2 lengths in 8:10.

Heat A—Belgian on the Banks side v. Cambridge on the Bucks side.

Heat B—Argonauts on the Banks side v. Leander on the Bucks side.

The Argonauts and Leander row at a quarter past one.

Taft's Boat Fired On.

Cincinnati, Ohio, July 29.—The former Island Queen was fired on during the race on the Ohio river on Tuesday night with Judge William H. Taft and the notification committee and music band.

Mrs. C. B. Russell of this city, standing on the temporary dock, directly under the boat, was struck by the presidential candidate's boat in the race and held by a number of shot. She was not seriously injured.

Murderer is Caught.

San Francisco, July 29.—The Italian who killed the Italian boy named in the light in Little Italy Sunday night, and later escaped, has been arrested at Brindley, Michigan, and brought to the U.S.

Sculler is the man who, it is alleged, beat Beena Padesha last week with a club. When arrested he broke down and cried like a child.

Hurt by Reaper.

London, July 29.—Charles Jones, a Westminster farm hand, was perhaps fatally injured by the harvest field Tuesday morning. While fixing the reaper the horse became frightened at a passing automobile and suddenly by started. Jones was thrown on the knives and badly cut about the feet and hands. His skull was also injured.

Jalibirds For Harvest.

Winnipeg, July 29.—A woman has been named by Government Immigration Agent Berke to release the jalibirds with good conduct records to work in the fields of the Northwest this fall. This, he says, will help to solve the labor problem. They have been successfully tried in the United States.

C. P. R. Will Accept.

Ottawa, July 29.—William Wilson, general delivery agent of the C. P. R., has been directed, writes to the Labor Department that they will accept the findings of the commission board at Winnipeg, though all are not satisfactory to them, to assist the spirit of the Locomotive Act.

Premier Going to England.

Toronto, July 29.—Sir James P. Whitney, Prime Minister of Ontario, will sail for England on provincial business at about 12, and will probably be gone about six weeks.
