

HOME WEDDING

YESTERDAY AFTERNOON

Mr. Thomas P. Robinson and Miss Jones Joined in Marriage.

(From Thursday's Daily.)

A very pretty home wedding took place yesterday afternoon at 4 o'clock at the home of Mr. and Mrs. W. A. Jones, 1283 Gladstone avenue, when their youngest daughter, Miss Ethel Jones, was united in marriage with Mr. Thomas Philip Robinson, the Rev. G. H. Holling officiating, and Miss Florence Bailey playing the wedding march.

The bride, who was given away by her father, was very beautifully and becomingly gowned in white silk tulle, over tulle, made in directoire style on train with yoke and sleeves of tulle and lace. With this she wore a small veil and orange blossoms, and carried a large bouquet of bride's roses and white carnations intermixed with ferns, which were tied with tiny bows of white ribbon. She was attended by her cousin, Miss Hazel Shakespeare, while Miss Maude Jones, her niece, acted as maid of honor, both ladies being daintily gowned in cream silk, and carrying large bouquets of pink and white carnations intermixed with ferns tied with tiny bows of pink ribbon. Mr. Fred McGregor was best man.

The ceremony was performed in the drawing room beneath a large floral bed of snowballs, and a very charming decorative scheme was carried out in the different rooms with a profusion of pink and white maythorn and broom, used in conjunction with roses.

On the dining table, where a very beautiful four-storied cake, surmounted by a large drooping bouquet of orange blossoms, occupied the place of honor, pink and white cranberries, and delicate ferns lent themselves admirably to a dainty decorative scheme.

The groom's present to the bride was a lovely pearl sunburst; to the bridesmaids, a pair of pearl earrings; to the maid of honor a sapphire ring. Many very beautiful and costly presents were received, a great number coming from the groom's old home in Rocklin, Nova Scotia. The groom's gentlemen friends at the "Rockwell House" presented him with a massive oak rocking chair, having the seat upholstered in leather.

The bride's going away suit was a three-piece costume of chiton finished with blue, in Copenhagen blue, the princess gown having yoke and sleeves of tulle and lace. With this she wore a small veil and orange blossoms, and carried a large bouquet of bride's roses and white carnations intermixed with ferns tied with tiny bows of pink ribbon.

Mr. Robinson is a son of Mr. Gordon Robinson, of Rocklin, Nova Scotia. A few of the immediate relatives who were present at the marriage. Among them were: Mr. and Mrs. Shakespeare, Mr. and Mrs. Berrymann, Mr. and Mrs. Harry Jones, Mr. and Mrs. J. A. Scott, Mr. and Mrs. Bunting, Mrs. W. Raines (Nanaimo), Mr. and Mrs. A. Macleod (Vancouver), Mr. Fred Shakespeare.

A reception was held during the evening at which about eighty were present.

—Ex-Mayor Bate, of Nanaimo, has left for England on a trip accompanied by Mr. Bate. On the eve of his departure, Mr. Bate was presented by Ashlar Lodge, A. F. & A. M., of which he has been twenty years treasurer, with a very handsome and costly past-master's jewel.

—The local society for the prevention of cruelty to animals has appointed Rev. H. F. Crofton, vicar of Broadwood, Wills, to represent them at the fourth Triennial International Congress of the World's League for the protection of animals against vivisection. The meeting is to be held at Caxton Hall, Victoria street, Westminster, July 19th to 23rd.

—Stephen Gerjegen, now under arrest for misrepresenting himself in his solicitations for funds which he was raising, is not a Heron according to E. David, of this city. Mr. David, who is himself of Persian blood, says Gerjegen comes from Kurdistan originally. Mr. David, becoming satisfied that the solicitor for funds was not representing himself properly, took an active part in having him arrested so as to protect the public.

—On Monday last Mrs. James Parfitt was "at home" to a large number of friends who gathered to say good-bye to Mr. and Mrs. Parfitt before they started for England. Occasion was taken also to welcome to the city Mrs. Mark Parfitt, and Mrs. Pollard, wife of Mr. Pollard, of the public school staff, who are recent arrivals from Bristol, Eng. The home was prettily decorated with wild roses, pink carnations and maidenhair ferns. During the afternoon several friends rendered musical selections, and while refreshments were served daintily, Mr. Lewis and the Misses Parfitt presiding over the tea tables. Some felicitous speeches were given.

Settlement Will Be Arrived Within Forty-Eight Hours.

A June 2—Near the close of the most exciting days since the strike commenced here, a settlement of the dispute between the car company and the strikers would be reached within a few days.

A greater portion of the several severe clashes occurring to serious property damage was dispersed. This afternoon discovered there was a plot to dynamite the car company's plant. The plot is being investigated, and it is believed that arrests will be made within a few days.

Afternoon the Home City held a meeting in the considerable amount of business was transacted.

LADY SEARCHER FOR CUSTOMS DEPARTMENT

Smuggling Goods Into Canada by Women to Be Stopped.

(From Thursday's Daily.)

Smuggling goods across the boundary from Seattle to this city by ladies is to be stopped. A lady searcher has been appointed by the customs department, who will not only have the duty of searching the valises of the ladies traveling this way, but in cases where ladies are suspected of making a business of defrauding the customs department further search will be made.

Complaints have been made to the collector at this point by local merchants and others that a regular business is being done in buying goods from the outside. There is a certain class of persons that have no loyalty to the city or respect for the laws, and these have been in the habit of taking advantage of the fact that they are women to evade the laws. Such women will be taken in hand by the lady searcher and will have to pay up.

At most large ports of entry it is customary to engage a lady searcher both on the respect of the ladies and the lady travellers and as a protection to the customs department. This year a large travel is expected, much larger than ever before, and for that reason the department has decided to take the step of appointing the searcher.

STRANGLED BY LOVER.

Boy Witnesses the Murder of His Sister.

St. Erth, a village near St. Ives, Cornwall, was the scene of a sad tragedy yesterday afternoon. A young man, Edward Tredder, being strangled to death.

A young man is under arrest charged with her murder. William Hampton, the accused, had been living with the family, and paying his attentions, which were none too welcome, to Emily, whose age was 15. One Sunday night Mrs. Tredder went out to visit Hampton's grandmother, leaving her daughter and Hampton in the kitchen. Three other children were in the house—a boy aged nine, a girl of six and a baby. Rowland, the boy, and the girl had gone to bed.

After his mother's departure Rowland heard strange noises, and on going into the kitchen saw his sister on the floor, where, he declares, she was being held down by Hampton, who had his knee on her chest and his hands round her throat. Terrified, the boy endeavored to run out, but the man had fastened the door and prevented his egress. The child then saw the assailant pick his sister up and place her in a chair, from which she fell. He then saw her being strangled, and when which the lad was allowed to go out. He immediately ran to his mother and told her what had occurred.

Tredder returned with a constable. Evidence was found in the chair, and Hampton was missing. Bruises were plainly visible on the girl's throat, and a closer examination showed that extreme violence must have been used.

Some hours later Hampton walked up to the constables and stated that he had murdered a young girl.

EXTRADITION PROCEEDINGS.

Indianapolis, Ind., June 2.—Federal Judge Anderson today granted a delay until October 15th of the proceedings to extradite to Washington, D. C., Williams and Smith, of the Indianapolis News, accused of libel in connection with the Panama canal case.

Federal Prosecutor McNamara desired time in which to bring witnesses, including Norman E. Mack, Frank Hitchcock and George B. Cortelyou, to testify in the case.

The probable summons of President Taft and Colonel Roosevelt as witnesses precipitated an argument as to their legal residences. It was finally decided that Mr. Roosevelt's residence is in New York and Mr. Taft's in Ohio, but that he has a legal residence in Washington, D. C. This was based upon the fact that Elihu Root lived in New York last year, but had a legal residence in Washington.

After introducing copies of the newspapers in which the alleged libelous articles appeared the defence rested.

—Everson and Ilett, the two school trustees at Quatsino, who incurred the wrath of Nordstrom, the J. P. there, are now charged with assault and will have to appear before Magistrate Jay. This is the next move following the dismissal of the former proceedings by Chief Justice Hunter.

—The firm of Pascoe & McDonald has been awarded the contract for the construction of the road summit of Gonzales Park. The roadway will start from Mr. Bell's residence. There are quite a large number of lots changing hands in that subdivision of the city according to C. C. Pemberton & A. Jones. As quite a few residences are planned for this summer the road is to be put in to serve them.

—A most successful entertainment was given recently at the Old Ladies' Home by the Young People's Society of the First Congregational church. Rev. H. A. Cameron occupied the chair, and an excellent programme of recitations and vocal and instrumental music was rendered as follows: Duet, Mr. Ferris and Mrs. McKay; violin solo, Miss Winnie Sowercroft; song, Mr. Collins; mandoline selection, Mr. Barton; song, Mr. Johnson; recitation, Miss Holquist; song, Mr. Large; recitation, Mr. Haworth; song, Miss Cocker; addresses by the chairman, Rev. J. Gray; song, Mr. Shandley; song, Miss Cocker; violin solo, Miss Roberts. The accompanist was Miss Cochrane.

Among the visitors present were Mrs. Goodacre, Mrs. Clay, Mr. and Mrs. Brasby, Mr. and Mrs. Roberts and others. At the close refreshments were served by the visitors and a short time given for social intercourse, the final part of the institution wishing for another visit.

ARTIST OF NOTE VISITING VICTORIA

Frank E. Beresford, of Royal Academy School, Arrived on Montegale.

(From Thursday's Daily.)

Among the passengers arriving from Japan this morning on the steamer Montegale is an artist of note, Frank E. Beresford, who is an old student of the Royal Academy School, London, and who has hung a number of pictures in the Royal Academy. He has been spending the year in Japan painting and studying Japanese art. During that time he has made a number of pictures, and he also has with him a collection of his English works.

Speaking of Japan, Mr. Beresford says he considers it a much over-rated country and a very expensive one in which to live. The people there take very great advantage of tourists or foreigners of any kind, and are quite unabashed when found out. The artist speaks Japanese fairly well and he told a Times representative some of his experiences. In one case he went into a shop and inquired the price of a picture. The proprietor of the shop told the clerk to advance the price something like 800 per cent, when he saw that his customer was English. This sort of thing is continually done so that travellers become disgusted.

Mr. Beresford spoke very highly of the beauty of Mount Fushimi, the picturesque mountain of Japan, of which everyone reads or hears. It is very beautiful and of course pictures were painted showing its different moods.

Mr. Beresford's home is in Derbyshire, England, one of the most picturesque counties in the old land, so it is no wonder that he grew up to be an artist. He is particularly fond of painting the scenes of his childhood home, and some of these he has with him. He is staying here for a few days, and if some inducement were offered him doubtless he would be willing to exhibit these in Victoria. He has with him something like 150 pictures, 100 of which are in oils.

THE COMBINATION TREATMENT FOR CANCER.

Many Cures Being Effected by a Simple Home Treatment.

If you have a lump in your breast or any other symptom of cancer you will be glad to know of a rational method of curing it without the use of agonizing plasters or dangerous operations.

Those who have used the Combination Treatment are most enthusiastic in its favor. It cures after other methods have failed, and even in most extreme cases it eases the pain and has been known to make perfect cures even after all hope had been despaired of.

In all fairness, however, we wish to say that there is a point in the history of every case beyond which it is not safe to go and the chances of a cure are largely increased when treatment is commenced in the earlier stages of the disease.

The simple home treatment which is now being offered to the public has been thoroughly tested by physicians, both in Canada and United States, and can be used under the supervision of your own local physician, or if preferred you can use it privately without even the members of your own family knowing it. Any inquiries sent to Dept. G, The Cancer Institute, 10 Churchill avenue, Toronto, will be promptly answered, and if you send full particulars of your case it will be considered absolutely confidential. The names of Canadians who have been cured will be furnished at all inquiries by permission, as those who have been cured are most anxious to let other sufferers know about the remedy that has done so much for them.

—The bank clearings for the city for the week ending Tuesday amounted to \$1,260,940.

—The garden party to be held at the rectory on Tuesday, June 15th, promises to be a most enjoyable affair, for, in addition to the plain and fancy work that will be offered for sale, there will be numerous musical and comical entertainments for children during the afternoon for which dainty prizes will be offered. All that is required is a warm day and a number of visitors to ensure a complete success. By all means help the ladies of St. John's church.

—It is likely that a deputation of Douglas street propertyowners will today upon the city council next Monday in regard to the paving of that thoroughfare. The by-law for bituminous paving has been lying in the assessor's office in the usual way, and the petition in favor of Haysman pavement sent in by some ninety per cent of the owners was forwarded to the assessor as against that. The deputation will ask that the bituminous by-law be defeated, a by-law for Haysman paving be put down.

—Arrangements are being made now by the provincial exhibition authorities for their advertising campaign for the show to be held here. There will be spent on advertising this year \$3,500 as compared with \$2,500 last year. The advertising will be carried further east than usual on account of the cheap rates which will be in force during the month of May. RESERVED DECISION IN THE CHINESE CASE

Arguments Heard as to the Nature of a Lottery.

(From Thursday's Daily.)

It is an unusual thing to see an accused person, on trial in a criminal court, walk out of court and stretch his legs in the corridors, as Ying Fong did while being tried yesterday in the county court on a charge of running a Chinese lottery. No one paid any attention to him, however, as there was no fear of his going away.

The afternoon sitting of the court was taken up with legal argument on the contention of J. A. Alkman, who appeared with George Morphy for the defence, that the crown had not submitted any evidence on which to convict his client.

Mr. Alkman argued that if the game was anything it was possibly a gamble, but that it was certainly not a lottery. Anyway, he said, the selling of a lottery ticket was not made an offence by the code. So far as could be seen from the evidence given the game played in this case was similar to roulette.

City Prosecutor Moore relied on Ontario decisions, holding to be lotteries games in which chances on prizes or property were purchased, and pointed out that the definition of property had been so extended as to include money which might be won in just such a manner as in this case.

Judge Lammiman reserved judgment, chiefly on the point as to whether or not sufficient evidence had been given by the crown to show the nature of the game which was played.

GEOLOGICAL MAP OF ROSSLAND CAMP

Dominion Government Has Issued Valuable Accessory to Mining.

A geological map of the Rossland mining camp has just been issued by the Geological Survey. An excellent topographical map of the camp has been issued as a base map on which the streams and lakes are delineated in blue, the relief of the surface shown in brown by contours at intervals of 20 feet, and the culture features in black. The geology is indicated by separate colors. In addition to the main rock formations, the principal dikes are shown, as well as the faults that dislocate the veins. An interesting feature of the map is the indication of the ore bodies by separate color wherever their position has been determined on the surface, and the indication of their approximate position where they have been developed underground. The map gives an excellent idea of the camp and of the conditions under which mining is carried on there. A map such as this is of great value to the miner, and the various veins represented in their true positions and relationships on an accurate topographical plan, should prove very suggestive to the miner in planning development work, and in deciding upon favorable ground to prospect. The work of reproduction has been carefully and tastefully done, representing very satisfactorily the detailed field work that was involved in its preparation.

NEW WESTMINSTER PICNIC.

Victoria Suggested Among Places for Citizens' Excursion.

Davidson, were instructed to interview the different transportation companies with regard to what rates could be obtained to the different places suggested for the excursion. Among the places mentioned were Victoria, Bellingham, Seattle and Bowen Island.

—Commander Crawford, who is in charge of the naval station on this coast, is anxious to obtain any details of the different transportation companies with regard to what rates could be obtained to the different places suggested for the excursion. Among the places mentioned were Victoria, Bellingham, Seattle and Bowen Island.

—Another skeleton has been found during the excavation at the rear of Watson & McGregor's premises on Johnson street, making the third.
