

# TERINARY DEPARTMENT.

ducted By J. W. Manchester,  
V. S., St. John, N. B.

Weekly Sun takes pleasure in  
giving its readers that it has per-  
arrangements with J. W. Man-  
chester, V. S., whereby all questions  
respect to diseases of him, and  
als will be answered by him, and  
ment prescribed in those cases  
it is asked for through the col-  
of the Sun.

Enquiries must be addressed:  
TERINARY DEPARTMENT,  
Weekly Sun, St. John, N. B.

F. M.—I have a mare six years  
much troubled with looseness in  
bowels. It commenced about two  
ago, I have tried everything but  
did think of without much effect.  
—The trouble with your mare  
arise simply from a debilitated  
relaxed condition of the bowels,  
may be of a more serious nature  
arise from ulceration or some  
chronic disease of the bowels.  
In either case the treatment would  
largely the same: Careful attention  
general health, nutritious, easily  
stated foods, course of tonic  
cine. Take of iron sulphate 4 oz.,  
catechu, 1 oz., gentian, 5 oz.; mix  
give a desert spoonful twice a  
in feed.

—Your horse is affected, although  
lesser degree, with the same  
as that of J. F. M. in this is-  
Treatment about the same, tonic  
cine, plenty of easily digested  
good general care.

T. L.—Your inquiry as to Man-  
ster's Tonic Powder is not suitable  
this column. I must refer you to  
ritement in the Weekly Sun.

S.—Grey draught stallion, four  
old, has enlargement  
leg just above the hoof;  
as to be growing  
very and extending around leg; he is  
lame. What shall I do, and what  
be trouble?

—Your horse is lame from a  
bone. Have him fired, blistered  
put in a box stall so as to give  
complete rest. If you cannot get  
competent man to fire him, you  
at try the effect of the blisters.  
—Take of mercury bintolade  
drams, hog's lard two ounces,  
and apply to ringbone, just what  
can nicely rub in. Twenty-four  
a later sponge leg with man and ap-  
plenty of fish oil. Repeat blister  
intervals of three weeks.

## AMHERST.

ness Changes—Schools Closed on  
Account of Sear's Fever.

(Special to the Sun.)  
herst, Feb. 4.—Thompson & Morrison,  
have been running a store and hard-  
ware, have been dissolved. The stock  
goodwill of the business has been bought  
by A. Leaky, of the same firm.  
—The bookkeeper for Knight & Black,  
and hardware dealers,  
H. Foster has removed from the wood-  
ing factory of Strang, Foster & Mills,  
and is now running the business.  
—A church, recently formed by the  
o., publishers of the county and min-  
peters of Nova Scotia, is in town taking  
for a new and complete map of the  
ector Craig told your correspondent to-  
that there were more schools closed  
to the prevalence of scarlet fever and  
teria in Cumberland and adjacent parts  
bolchester than there has been for the  
three years. In Amherst there has  
no spread of the scarlet fever. On  
h, that of the six months old daughter  
lona Palmer, took place yesterday from  
hera.

I may tell you at once that I can  
up with everything except an-  
suring back. "Oh, madam! sure  
it's just like myself. We shall get  
splendidly."—Le Fargio

umatra means the "happy land."

“77”  
FOR  
GRIPPE

THE ONLY SPECIFIC FOR GRIPPE.  
Twenty-seven is the only specific for  
grappe. Not until after the first epidemic  
Dr. Humphreys offered his discovery to  
the public. He devoted time and money to  
development of a true specific.

ote that all the so-called cures are old  
els or cold remedies, blood puri-  
ers, etc., clothed with new claims to meet  
new disease; the panacea offered is  
a purgative pill to a trip to Florida;  
on a cheap drop to a Russian bath.  
Dr. Humphreys' Specific "77" is the only  
nedy prepared especially for Grippe and  
er there was ample opportunity to study  
disease. That his efforts are crowned  
success the people can and do now tes-  
ify.

Frederick Carr, Esq., Geologist, 145 East  
St., New York, formerly of Montana,  
testifies: "The change from the high altitude  
the Rocky Mountains made me an easy  
case of Grippe. On Saturday, Jan. 12, I  
intense fever, bad cough, pains every-  
where. 'Twas then I commenced taking '77'.  
The results have been extremely satis-  
fying, beneficial and wonderful. After ten  
days I felt great relief and the second bot-  
tled me."

B. Downey, 42 West 88th St., New  
York, says: "I have taken '77' for Grippe  
and found most wonderful relief, and will  
lead the good things far and wide. Your  
specifics have been my only physician for  
years."

Miss Hanover, 96 Ave. C, N. Y. City,  
testifies: "I have found great relief in '77'.  
Mrs. W. H. Wilson, 1210 West Jefferson St.,  
Chicago, Ky., writes: "I have been using  
Dr. Humphreys' Specific '77' for my little boy, aged 4 years.  
He always used to have a bad cold, and  
helps him very much."  
A. S. Wells, Granby, Conn., writes: "Your  
specific is helping me. I was sick with the Grippe  
last winter."

Howard A. Elliott and Beth Thomas, with  
anamaker & Brown, Philadelphia, write:  
"We have both used your '77' for colds and  
coughs of the chest with great success."  
Mrs. C. C. Sorenson, 1210 West Jefferson St.,  
Chicago, Ky., writes: "I have been using  
Dr. Humphreys' Specific '77' for my little boy, aged 4 years.  
He always used to have a bad cold, and  
helps him very much."

## CITY NEWS.

The Chief Events of the  
Week in St. John,  
Together With Country Items  
from Correspondents and  
Exchanges

When ordering the address of your  
WEEKLY SUN to be changed, send  
the NAME of the POST OFFICE to  
which the paper is going as well as  
that of the office to which you wish  
it sent.

Remember! The NAME of the Post  
Office must be sent in all cases to  
ensure prompt compliance with your  
request.

Bishop Kingston confirmed 15 candi-  
dates in Trinity church, Andover,  
January 22nd. His lordship also con-  
firmed eight at Undine.

There is hardly any snow at Yar-  
mouth, in fact, a gentleman who  
came from there the other day says  
there is not enough for good sleigh-  
ing.

It is stated that the extension of  
the Algonquin hotel at St. Andrews  
will be completed about the first of  
June next.

A prohibition convention will be held  
today at Florenceville, to select a can-  
didate to represent the temperance  
party in Carleton county in the com-  
ing federal election.

At a recent meeting of the corpora-  
tion of Trinity church, Sussex, it  
was decided to elect a rector on  
May 29th. A committee was appoint-  
ed to arrange for a supply until that  
date.

Joseph Allison has bought the Gil-  
bert Murdoch house at the corner of  
Princess and Carmarthen streets for  
\$4,000, and has presented it to the  
Centenary church for a parsonage.—  
Globe.

W. F. Wortman was at the Royal  
last week in the interests of the Bal-  
timore Coal Mining and Railway com-  
pany of Albert county. The mine has  
been examined and endorsed by lead-  
ing experts.

Revising officer Coy held the last  
court for the electoral district of Sun-  
bury and Queens at W. E. Bent's on  
Jan. 26th. Twenty names were added  
to the Municipal list and 492 names  
for the electoral district.

The deaths reported at the board of  
health office for the week ending Feb.  
2nd were: Consumption, 2; old age, 1;  
pneumonia, 1; albumuria, 1; heart  
disease, 1; blood poisoning, 1; chronic  
phthisis, 1; cancer of bowels, 1; total,  
10.

W. Levi McDermid is preparing to  
build and equip a cheese and butter  
factory at Stanley, York Co., with a  
capacity for 500 to 1,000 cows. He  
proposes to have it ready to manufac-  
ture cheese on or before the 1st of  
June.

At Chubb's corner, Wednesday, W.  
A. Lockhart sold the Jessie Q. Belyea  
farm, containing 200 acres, with build-  
ings, etc., to the late Mrs. J. B. Belyea.  
The sale took place to satisfy a mortgage  
claim of Joseph Finley, and E. Wil-  
liams became the purchaser at \$710.

The will of the late William J.  
Clark was probated Friday. The es-  
tate is valued at \$1,800 real and \$7,300  
personal property. Four lots are be-  
queathed to Mrs. Mary Thompson,  
and the remainder of the property  
goes to the widow, Mary Ellen Clark.  
These ladies are executrices. Geo. E.  
Fairweather, proctor.

By assignment dated the 23rd of  
January, Arthur W. Wiggins of Wat-  
erbury, Queens Co., trader, trans-  
ferred his estate to Cyrus M. Wiggins,  
of the same place, for the benefit of  
his creditors, without preference. The  
deed may be seen and executed at  
the office of Alex. W. Baird, solicitor,  
42 Princess street, this city.

Geo. G. Scovill, M. P. for Kings,  
is engaged in lumbering quite exten-  
sively this winter. The greater part  
of his lumber is being hauled out near  
the Central railway, where it will be  
saved and then shipped over the  
Central to this city. Mr. Scovill has  
the contract for getting out 6,000  
sleepers for the I. C. R. this winter.

At Chubb's corner on Saturday W.  
A. Lockhart sold the brick house on  
Orange street corner of York, to  
Wm. J. Moran for \$3,200. Geo. W.  
Gerow offered a freehold lot with  
building thereon, but withdrew the  
property at \$1,960. Two shares of  
Bank of New Brunswick stock sold  
for 254 and a \$500 city 6 per cent. bond,  
due 1915, sold for 125-7-8.

A meeting of the parishioners of  
St. Luke's church was held January  
29 for the purpose of electing a rector  
in the place of Rev. Mr. Sibbald,  
resigned. Applications were received  
from seven clergymen and four others  
were highly recommended. It  
was the unanimous vote of the meet-  
ing that a tall be extended to Rev. R.  
P. McKim of Toronto Junction.

On Wednesday City Engineer Hurd  
Peters called on Mayor Robertson,  
after reading the report of the com-  
mon council committee proceedings,  
and definitely notified him that he  
would not accept the post of assistant  
engineer under Mr. Murdoch should  
the council carry out the intention as  
expressed by resolution at the com-  
mittee meeting on Tuesday night.

A Port Elgin correspondent  
writes that the recent liberal meet-  
ing there was something of a disappoint-  
ment to people who drove ten to fif-  
teen miles to hear distinguished  
speakers from St. John, John L. Car-  
leton and other eloquent men were ad-  
vertised to speak, but they failed to  
put in an appearance, and the meet-  
ing was rather dismal.

## TO CORRESPONDENTS.

As the Proceedings of the Provin-  
cial Legislature make large demands  
on our space, correspondents are re-  
quested to condense their news let-  
ters to the smallest possible limit for  
the next four or five weeks.

A happy event took place at the  
residence of John M. Huggard of Nor-  
ton, K. C., on Wednesday last, when  
his daughter, Bertha L., was married  
to Pennington Price of Springfield.  
The bridesmaid was Miss Annie Smith  
of St. John. The groom was support-  
ed by C. B. Akertey. The ceremony  
was performed by the Rev. David  
Lusk.

The following is taken from the  
Bookeller, published in New York:  
Fischer Bros. will, after all, continue  
the news business on the Grand  
Trunk railway. In fact, they will op-  
erate the entire system. They intend  
to improve the system all they can  
and will make it first-class in every  
particular. They have the means  
and ability to do it.

Work is going on steadily at the  
Joggins mines. The output last Wed-  
nesday was six hundred and two  
tons, the largest on record. The av-  
erage daily output is five hundred  
and fifty tons. There is very little ice  
in the bay and navigation is prac-  
tically open yet. The Joggins manage-  
ment will resume shipments by water  
this season much earlier than usual.

The result of the examinations for  
registration in the Pharmaceutical so-  
ciety were announced Thursday. Out  
of the seven candidates the successful  
eliminations only two were successful.  
They are George P. Dunham and  
George A. Relker, both of St. John.  
Out of the four in the finals three  
passed successfully, as follows: J. D.  
Henry of St. Stephen, C. Hickey of  
Newcastle, and Andrew Burns of St.  
John.

The will of the late Rev. Alfred H.  
Weeks was probated Thursday. Mr.  
Weeks was a retired Church of Eng-  
land clergyman, and died possessed  
of \$6,000 personal property. He left  
three-fifths of the sum to the Incapaci-  
tated clergy fund of the Diocesan  
Church society, and the remainder to  
two-fifths to King's college, Windsor.  
N. S. Geo. E. Fairweather and Geo.  
A. Schofield are the executors, and J.  
Roy Campbell the proctor.

Thomas A. Temple received a des-  
patch Saturday morning from Hall-  
fax stating that Mrs. Herbert Temple,  
who it was announced, was seriously  
ill, died at 4 o'clock. Mrs. Temple  
was a sister of Mrs. Thomas A. Tem-  
ple, and was well known in this city.  
She resided here previous to her mar-  
riage, about ten years ago. She leaves  
two small children. Mrs. Temple was  
a highly esteemed lady and her death  
was heard of with deep regret.

Last Sunday the Feast of St. Blaise  
was observed in St. Peter's, Holy  
Trinity and St. John the Baptist  
churches. At St. Peter's the blessing  
of the throats was given all day and  
most of the time four of the most  
of the throats were required, so great  
was the crowd. It is estimated that  
in the vicinity of ten thousand people  
visited St. Peter's between early morn-  
ing and late evening. The electric  
cars were run on a special time  
table during the afternoon.

The regular monthly meeting of  
the directors of the St. John Agricul-  
tural society was held Thursday af-  
ternoon. President Golding occupied  
the chair and there was a large at-  
tendance of directors. It was decided  
to advertise the Marsh road grounds,  
late in value at \$1,800 real and \$7,300  
personal property. Four lots are be-  
queathed to Mrs. Mary Thompson,  
and the remainder of the property  
goes to the widow, Mary Ellen Clark.  
These ladies are executrices. Geo. E.  
Fairweather, proctor.

By assignment dated the 23rd of  
January, Arthur W. Wiggins of Wat-  
erbury, Queens Co., trader, trans-  
ferred his estate to Cyrus M. Wiggins,  
of the same place, for the benefit of  
his creditors, without preference. The  
deed may be seen and executed at  
the office of Alex. W. Baird, solicitor,  
42 Princess street, this city.

Geo. G. Scovill, M. P. for Kings,  
is engaged in lumbering quite exten-  
sively this winter. The greater part  
of his lumber is being hauled out near  
the Central railway, where it will be  
saved and then shipped over the  
Central to this city. Mr. Scovill has  
the contract for getting out 6,000  
sleepers for the I. C. R. this winter.

At Chubb's corner on Saturday W.  
A. Lockhart sold the brick house on  
Orange street corner of York, to  
Wm. J. Moran for \$3,200. Geo. W.  
Gerow offered a freehold lot with  
building thereon, but withdrew the  
property at \$1,960. Two shares of  
Bank of New Brunswick stock sold  
for 254 and a \$500 city 6 per cent. bond,  
due 1915, sold for 125-7-8.

A meeting of the parishioners of  
St. Luke's church was held January  
29 for the purpose of electing a rector  
in the place of Rev. Mr. Sibbald,  
resigned. Applications were received  
from seven clergymen and four others  
were highly recommended. It  
was the unanimous vote of the meet-  
ing that a tall be extended to Rev. R.  
P. McKim of Toronto Junction.

On Wednesday City Engineer Hurd  
Peters called on Mayor Robertson,

mon council committee proceedings,  
and definitely notified him that he  
would not accept the post of assistant  
engineer under Mr. Murdoch should  
the council carry out the intention as  
expressed by resolution at the com-  
mittee meeting on Tuesday night.

A Port Elgin correspondent  
writes that the recent liberal meet-  
ing there was something of a disappoint-  
ment to people who drove ten to fif-  
teen miles to hear distinguished  
speakers from St. John, John L. Car-  
leton and other eloquent men were ad-  
vertised to speak, but they failed to  
put in an appearance, and the meet-  
ing was rather dismal.

## OTTAWA.

Ottawa, Jan. 29.—The decision in the  
Manitoba school case was fully ex-  
pected and therefore created no sur-  
prise. Everybody is asking what the  
outcome will be. During the argu-  
ment in the case before the judicial  
committee many observations were  
made by members of the bench, and  
the stenographic report of the argu-  
ment is now being printed in England  
and no satisfactory conclusion as to  
the effect of today's judgment in all  
its bearings can be reached until the  
committee report of the decision and the  
report of the argument has been re-  
ceived. A cordial to the opinion of  
the judges of the supreme court of  
Canada, it is within the power of the  
dominion parliament to enact the  
provisions of the Manitoba act relat-  
ing to separate schools which were  
repealed by the Greenway act of 1890.  
In such an event the later statute  
would prevail. The result might be a  
struggle in the courts for the en-  
forcement of the provisions of that  
act, and if the Manitoba government  
maintains its threatened stubborn op-  
position to all legislation emanating  
from the federal parliament, the  
educational matters in Manitoba must  
follow. Another suggestion for the  
settlement of this question relates to  
the disposition of the proceeds of the  
sales of liquor. The federal govern-  
ment has no doubt control, that is to  
say by legislation it might be arranged  
that a fair proportion of these funds  
should be retained in aid of separate  
schools. It is in course of the argu-  
ment that legislation might be enacted  
by the federal parliament exempting  
the Roman Catholics from the provisions  
of the Manitoba school act of 1890 and  
empowering them to constitute a sepa-  
rate school system with powers of  
assessment for that purpose.

Canada exported 28,711 tons of hay  
to Great Britain against 13,175 in 1893.  
Ottawa, Jan. 29.—The greatest sen-  
sation which Ottawa has had for  
many a long day happened late this  
afternoon. Tonight it is the one ab-  
sorbing topic of conversation in all  
public resorts. Shortly after 5 o'-  
clock Inspector Data O'Leary, who has  
the dominion police stepped into the  
office of T. J. Watters, acting commis-  
sioner of customs, and addressed that  
gentleman on the charge of misap-  
propiation of the public moneys of the  
dominion. In course of the after-  
noon Major A. P. Sherwood, commissioner  
of dominion police, laid information  
before Police Magistrate Ogara upon  
which a warrant for the arrest of  
Data O'Leary was issued. The infor-  
mation the acting commissioner is  
charged with having stolen at various  
times since the month of January,  
1894, sums of money amounting in all  
to \$343. The information also sets forth  
that O'Leary has been in possession  
for some years past of a  
has been customary, for the conveni-  
ence of the Canadian travelling public  
and the Canadian railways which  
have been in the United States, to  
station Canadian customs officials at  
these points. This applies chiefly to  
places like Chicago, Duluth and Ta-  
coma, and so far the arrangement has  
worked well, for instance, any per-  
son leaving for Chicago for Canada  
either at the Grand Trunk or the Cana-  
dian Pacific station, in the latter  
case the Wabash terminus, go to a  
Canadian customs official there, have  
his baggage checked, and if there is  
nothing dutiable in the trunk it will  
be so marked and be sent across the  
boundary without the traveller being  
put to the inconvenience of getting up  
in the middle of the night to have his  
baggage in order that the customs  
official at the frontier may examine it.  
In case dutiable goods are discov-  
ered in the trunk the package will be  
so marked and the duty collected on  
it. Every one who travels in Canada  
The salaries of those officers are paid  
by the railroad companies, as they  
are stationed at these points at their  
request and for their convenience.  
The moneys, however, do not go di-  
rectly to the customs officials, but to  
the railroad companies, so far as the Chi-  
cago officers are concerned, remit the  
amounts direct to the department,  
and the department pays the officers  
a check for the amount. It is stated  
that he received certain  
checks from the Wabash Railway  
company, being a refund of salary of  
one of the Canadian officers at Chi-  
cago, and that these amounts were  
returned by him to the customs offi-  
cial, who then gave them to the  
receiver general, but were made  
use of for his own purposes. Natu-  
rally Watters was greatly astonished  
at the gravity of the situation. He  
lost no time in communicating with  
the receiver general, and within a  
short time bail was forthcoming.

The prisoner was conducted to the  
office of the police magistrate and was  
bound over to appear at the police  
court tomorrow morning. The sum of  
\$2,000 was held as bail for the sum of  
\$2,000, and the bondsman, James Lablaster  
and Joseph Kavanagh, president of the  
board of trade, in the sum of \$1,000  
each. The sections of the criminal  
code under which Watters is charged  
are clauses 306 and 308. The first  
two clauses relate to theft, the maxi-  
mum punishment for which is four-  
teen years imprisonment. Clause 306  
refers to breaches of trust by public  
officers, with heavy penalties. The  
prosecution called upon Mr.  
Watters this evening. He was asked  
if he had any statement to make with  
regard to his position, and replied as  
follows: "The thing has arisen entirely  
from a misapprehension. I do not care  
at all. I deny the charge  
most emphatically. Every dollar of  
government money which I have re-  
ceived has either been deposited to  
the credit of the receiver general or  
has at any moment been available for  
him. If the government can show  
that I have ever lost a dollar through me,  
then I am at fault, but they cannot  
show it. I have handled many thou-  
sands of government money since I  
entered public service, and I can you  
enter it possible that I would com-  
mit it worth any man's while to take  
such a small sum as five or six hun-  
dred dollars? Of course I quite appre-  
ciate what is behind it, and I can  
swear that I do not care to say." The  
accused has been acting commissioner  
of customs since the creation of the  
department of trade and commerce.  
Before the customs department be-  
came a branch of the trade depart-

ment, Watters was assistant commis-  
sioner of customs, his name being  
commissioner. Mr. Parmelee became  
deputy minister of trade, and as Hon.  
Mr. Wallace had just assumed charge  
of the customs department he did not  
care to make any permanent appoint-  
ment to the commission of cus-  
toms until he had an opportunity of  
judging of Mr. Watters' capacity. As  
soon as the controller heard tonight  
what had happened he sent up a note  
to Mr. Watters' house, suspending him  
from duty. The accused will appear  
before Magistrate O'Gara tomorrow  
morning.

rell of the geological survey, who is  
a daughter of Rev. Mr. Carey, Bap-  
tist minister of St. John, N. B., is se-  
riously ill with diphtheria. Mrs. Ty-  
rell only came to town last week from  
St. John to join her husband after his  
long and arduous journey through the  
Northwest.

Ottawa, Jan. 31.—Thomas J. Watters,  
acting commissioner of customs, ap-  
peared in the police court this morn-  
ing in answer to the charge of defaul-  
tion sworn out by A. P. Sherwood,  
commissioner of the dominion police.  
Mr. Hogg, of O'Connor, O'Gara, ap-  
peared for the dominion, and "Per-  
guson, C. C., for Mr. Watters. The  
case was set down for hearing on Feb.  
7th, no evidence being taken. Mr.  
Watters gave the same bail as yester-  
day. Commissioner Sherwood, who laid  
the information, says in the charge  
that he has just cause to suspect and  
believe that Thomas J. Watters did  
unlawfully take from her majesty the  
Queen, on the 18th January, 1894, the  
sum of \$33, the property of her maj-  
esty the Queen, in right of her Dominion  
of Canada, and further sums, namely:  
On 28th Feb., 1894, the sum of \$33; 19th  
of March, \$34; 18th of April, \$33; 15th  
June, \$30; 6th August, \$30. Further,  
the said Thomas J. Watters is em-  
ployed as acting commissioner of cus-  
toms at Ottawa, and that in respect  
of the execution of the duties of his  
said office certain salaries and pay  
were payable and due to the said  
Thomas J. Watters by her majesty the  
Queen; that it was part of the  
duties of the said Thomas J. Watters,  
in the execution of his office, to ac-  
cuse to her majesty the Queen for  
all moneys which came into his hands  
in connection with the business and  
administration of the department of  
customs of Canada at Ottawa; and  
the deponent says that the said  
Thomas J. Watters, while so occupy-  
ing the said office of acting commis-  
sioner, did receive from the Wabash  
Railway company certain bank drafts  
for the several sums at the dates men-  
tioned, and which drafts were the prop-  
erty of her majesty the Queen, and  
which drafts were received by her  
should have been accounted for to her  
majesty, but the said Thomas J. Wat-  
ters, contrary to and in breach of the  
duties and trusts of his said office,  
and in fraud of her majesty the Queen,  
did withhold and conceal the same, and  
did not deliver the same to her majesty  
the Queen, and did not deliver the same  
each of the said drafts and moneys upon  
employed the same for his own pur-  
poses, contrary to the statute in such  
case made and provided.

The above is sworn to before M.  
O'Gara, police magistrate, the minister  
of agriculture, Professor McEachran,  
chief veterinary inspector, has pub-  
lished a neat little brochure for the  
guidance of farmers and others, giving  
directions for the tuberculosis test  
of cattle.

The revised voters' lists have been  
received here for Victoria, B. C., Car-  
leton and Kings, N. B., and Kings, P.  
E. I.

Ottawa, Feb. 4.—Premier Bowell,  
Sir C. H. Tupper and Hon. Mr. Wal-  
lace will attend the opening of the  
Young Men's Liberal Conservative  
club in Toronto on Thursday. Hon.  
Mr. Bowell will during the day meet  
a delegation from the Canadian Copy-  
right association, which will urge a  
continuance of the firm stand by the  
government on the copyright ques-  
tion.

An order in council was passed pass-  
ing consp grease on the free list, as  
on the old tariff.

THE RING.  
Return of Eddie Connolly.

A Sun reporter had a talk with Con-  
nolly last Thursday. Connolly, who  
came out of the fight without a  
mark or a scratch of any  
kind, said Welch was a hard man to  
beat. He put up a good fight. Con-  
nolly was never in any danger of be-  
ing defeated. He was a sure winner.  
Connolly said: The Suffolk club used  
me well. They treated me fairly and  
lived right up to their agreement  
with me. I will take a rest now for  
a while, but may in five or six months  
get on another go. I received an offer  
from the Coburn Island club to fight  
Frank Ernie of Buffalo, who is match-  
ed to box Jerry Marshall six rounds  
at the Manhattan club. The date is  
the 26th. I declined to accept the offer.  
I have a better chance with the  
Suffolk club. There is more money  
for me in a go there, and besides that  
I can train at home for a match to  
take place in Boston. There was a  
big crowd at Boston depot to see me  
off. All the old St. John sports were  
there.

The Suffolk club members among  
its membership a lot of old St. John  
men.

The Atlantic Yacht club of Boston  
placed their house at Connolly's dis-  
posal, and he had full run of the club  
for training purposes. Connolly and  
his friends very much appreciate this  
courteous act.

Boston, Jan. 31.—Much confusion has  
been caused in sporting circles by the  
erroneous report that the Boston  
board of directors has prohibited  
boxing exhibitions. The board has  
decided to issue no more licenses for  
public boxing exhibitions, but the  
private club exhibitions will be per-  
mitted as before.

THE BROOKLYN STRIKE.  
Brooklyn, Feb. 4.—The Brooklyn board  
of aldermen at a meeting this afternoon adopted  
the resolution presented by the representa-  
tives of the striking motormen and conductors  
rescinding the franchise and privileges  
granted to the Brooklyn trolley lines, which  
were voted in the present strike. The  
vote stood 10 for 1 against. The chairman  
called in the negative. One of the aldermen  
based upon the fact that the board was not legal  
claiming that the aldermen had no right to  
revoke the privileges granted to the roads.

Asia had its name from the Sans-  
crit word Ashas, signifying "land of  
the dawn."

## ABOUT BARGAINS!

The merchant  
who does nothing  
but sing the  
Praises of His  
Low Prices must  
be in pretty hard  
luck.

But once in a  
while it happens  
that even in a  
house which has

a large patronage something must  
go quickly—and a low price does  
the business. Several hundred  
pairs of trousers greatly reduced  
in price. How long will it take  
you to get here?

a limited mercantile marine. The  
British shipping interests are up in  
arms against the new regulations,  
chiefly as regards a change in the  
sound signals in foggy weather and  
the screening and position of the side  
lights on vessels. The total tonnage  
of the powers prepared to accept these  
changes is about seven million, while  
the United Kingdom, United States,  
Belgium and Germany, which are  
against the proposed rules, have a  
tonnage of nearly sixteen million  
tons. The total shipping of the world  
consists of about twenty-three million  
tons, of which Great Britain owns 11,  
807,000, and naturally British ship-  
owners and shipmasters claim a pre-  
ponderating voice in the settlement of  
the proposed regulations. Mr. Smith  
has been authorized to join the deputa-  
tion to the board of trade and pro-  
test against the enforcement of the  
new regulations as likely, if adopted,  
to imperil life and property at sea.  
Under directions from the minister  
of agriculture, Professor McEachran,  
chief veterinary inspector, has pub-  
lished a neat little brochure for the  
guidance of farmers and others, giving  
directions for the tuberculosis test  
of cattle.

THE EGG TRADE.  
(Montreal Trade Bulletin.)

A farmer selling eggs has set in, owing  
to the recent sharp advance in New York,  
where prices have advanced about 4c. to 5c.  
on the week, and if the cold and stormy  
weather in the eastern states continues  
still higher prices are looked for.  
The advance in the American market has  
already induced the shipment of about 7,000  
eggs from Montreal and district to New York,  
Boston and other points. Two Chicago buy-  
ers were in Montreal enquiring for lim-  
eggs. Shipments are also being made from  
Ontario to the American markets, which ac-  
count for the small receipts in this city  
from the west. Although a good deal of old  
lard stock has been worked off recently,  
there is more offering. The old cold stor-  
age eggs that have been taken out of refrig-  
erators in a hurried and half rotten state  
have
