Better Than Ever!

We are proud of our range of Men's \$3.50 Shoes. We have built up an immense trade on this class of footwear because we have rigidly insisted that whatever make we are selling at that price MUST BE UP TO THE MARK. The instant they begin to show signs of weakening either in style or quality that very instant we were done with the make and procured another that would fill the necessary requirements. This season the majority of the \$3.50 Shoes have been advanced to \$4.00 but we have determined on having a \$3.50 line in all materials and different styles.

Our fall showing of \$3.50 Shoes are now ready, and handsomer style or better quality goods we have never sold.

COMMERCIAL. GIRL SMUGGLER KEEPS CUSTOMS MEN AT BAY

Has Rifle Duel With Them While Sister Brings Tobacco Across Frontier.

BOSTON, Sept. 1.—The prevailing report is that the market for frames is decidedly better tone and condition. More or less business continues to be done under \$25, but a good many of the mills that have recently been selling under these figures are now quite well filled up with advance orders and are disposed to decline further orders at present. One large concern, for instance, is now holding firm at \$25, and has notified its correspondents that it is out of the market for the next few weeks in order that it may catch up with the weight of orders on its books. There are also other mills reported in a similar situation, being out of the market for several weeks to come. This solid condition naturally imparts a better feeling throughout the general market. It is not as easy today to get a direction to buy frames at \$25 as it was a week ago, although it is still possible in some instances to place early orders at those figures.

Random lumber shows no very material change to note in prices or demand. There is a quiet business doing, and if any difference is observable it is in a little stronger tone on small random sizes.

As to spruce boards, there is nothing new to be said. The call is of a quiet nature and prices seem to keep along just about the same as of late. The improved inquiry for hemlock boards, however, is reported, with a tendency to hold at a little firmer price.

More is doing in shingles as the season advances, and the drift of orders there is somewhat of an improved feeling, based on the building orders taken, the approach of the fall season and the necessity of the yards stocking up for the coming trade.

The prices below are those quoted the yards by the wholesale men:

SPRUCE LUMBER.

Rail shipments—10 and 12-inch dimension, \$24 to \$25; 9-inch and under dimension, \$22 to \$23; 10 and 12-inch random lengths, 10 ft. and up, \$24 to \$24.50; 2x4, 2x6, 2x8, 2x10, 2x12, 10 ft. and up, \$18 to \$19. All random lengths, 9 inches and under, 10 feet up, \$20 to \$22.50; merchantable board, 6-inch and up, \$19 to \$20; matched board, \$22 to \$23; eastern hemlock board, 12, 14, 16 ft., \$21 to \$22; bundled furring, clipped to same length, 16 ft., \$19 to \$21.

SHINGLES, LATH, CLAPBOARDS.

Shingles—Cedar, ex. \$2.35 to \$2.50; do. clear, \$2.20 to \$2.30; do. clear white, \$2 to \$2.25.

Laths, spruce—1 1/2 in., \$3.50; 1 in., \$3.60 to \$3.75.

Clapboards—spruce, 4 ft. ex. \$4.2 to \$4.5; do. clear, \$4.1 to \$4.3; do. 2nd clear, \$4.4 to \$4.6; 2nd clear, \$4.5 to \$4.7; 3rd clear, \$4.6 to \$4.8; 4th clear, \$4.7 to \$4.9; 5th clear, \$4.8 to \$5.0.

For good fish the market is firm, especially on Nova Scotia salt mackerel, as the late caught fish are large and fat and tend to strengthen quotations. Medium shore fish are worth \$13.50 to \$15; codfish are firm and prices have been advanced from the vessel. Wholesale prices are also firm, but are unchanged. For large shore \$7 to \$8.50 for large Georges and \$7.25 to \$7.50 for large dry bank. Smoked herring are quiet at \$6 to \$6.50 for old medium scaled. Lobsters are in larger supply. Live lobsters are worth 22c and boiled 25c.

The arrivals of fresh groundfish have again been heavy, but the demand has continued good and prices are higher. Last sales from the vessel were at: Haddock, \$3 cwt.; large cod, \$2; small, \$1.60; halibut, bank white, \$6 lb.; grass, 6c.

The current quotations on fresh groundfish in this market have been about as follows:

Market cod, 2 to 3c; large cod, 3 to 4c; steak cod, 4 to 5c; shore haddock, 2 1/2 to 3 1/2c; 10 lb. cod, 2 to 2c; small cod, 1 to 1 1/2c; large hake, 3 to 4c; small hake, 2 to 2 1/2c; pollock, 2 to 3c; eastern white halibut, 12 to 14c; eastern gray halibut, 8 to 11c; western halibut, 8 to 10c; eastern green salmon, 25 to 30c; western green salmon, 20 to 22c; western frozen salmon, 11 to 12c; flounders, 4 to 5c; eels, 10 to 11c; butterfish, 10 to 11c; scup, 7 to 8c; weakfish, 6 to 7c; bass, 35 to 40c; bluefish, 10 to 12c; swordfish, 10 to 12c; medium mackerel, 25 to 30c; cunner mackerel, 6 to 10c.

REGULAR EQUITY SITTINGS OF YORK

FREDERICTON, N. B., Sept. 4.—The regular equity sittings of York were held this morning with His Honor Judge Barker presiding. The following business was transacted:

Archibald Warren vs. John A. Humble and Bank of Montreal, A. J. Gregory, J. C. L., moved for an injunction. His Honor will state terms later.

Dawson, who pleaded guilty last week to stealing articles from a boarding house on King street, was this morning sentenced to three months in the common jail.

RAINIER, Ogm., Sept. 4.—While Cashier P. W. Van Ancher lay bound in a back room, two bandits leisurely robbed the State Bank of Rainier in broad daylight yesterday. It was two hours before their unfortunate victim was able to free himself sufficiently to give the alarm and in the meantime the robbers had made good their escape, taking with them between \$2,000 and \$3,000 in gold coin. Silver and bank notes lying on the counter were untouched.

DELEGATES HAD DODGES BADLY BURNED

Venturesome Geologists Had Perilous Trip to Mount Colima Volcano.

CHICAGO, Sept. 4.—A despatch to the Inter-Ocean from Mexico City says: "With their bodies severely burned by the fires of Mount Colima volcano, fourteen venturesome delegates to the international congress of geologists, which meets in this city this week, returned here yesterday."

"The trip to the crater of the volcano was a perilous one, and had never been accomplished before by any one."

"The party established camps at different points on the ascent and made a certain amount of progress each day until the summit was finally reached."

"The volcano was pouring forth great volumes of smoke but this did not deter the explorers from advancing to the very edge of the crater. A hot and sudden blast of fire from the depths below badly scorched their bodies and they were hurried retreat."

"Frank M. Adams and A. Bancroft, of Montreal and A. P. Coleman, of Toronto, were among the daring party."

SWEARS IN COURT THAT HE IS NOT DEAD.

Coroner Produces Supposed Dead Man to Prove His Own Identity.

LONDON, Sept. 3.—A man who was identified as drowned, and whose supposed body was buried by his relatives, appeared yesterday in the Battersea coroner's court to explain to the coroner that he really is alive.

The man is Thomas Oliver Weston, a laborer, of Bethnal Green. On August 21 last his wife and his brother identified the body of a man which was recovered from the Thames as his, and buried it. He came home on the day of the funeral, and had some difficulty in convincing his relatives that he was alive.

When he entered the witness box yesterday, Mr. Troutbeck, the coroner, said: "I have sent for you because you might state on oath that you are Thomas Oliver Weston. You know an inquest was held on what was supposed to be your body."

The coroner then required him to show certain marks which his wife and brother had described in identifying the body which they buried. He did so, and the brother was then called, and admitted that he had been mistaken in the previous identification.

The coroner said that this case illustrated strongly the necessity of freeing the mind from the necessity of freeing the body which they buried. He did so, and the brother was then called, and admitted that he had been mistaken in the previous identification.

SAYS POPE PIUS DOES NOT WANT TO LIVE LONG.

Archbishop Keale Declares He Was Forced to the Papal Throne and Would Like to be Out of It.

NEW YORK, Sept. 4.—Archbishop John J. Keale, of Dubuque, Iowa, who has just returned from France, at the banquet in Union West 5th street today said:

"Pope Pius was practically forced on the papal throne. He did not wish to take the responsibility. He will not live long. He does not want to. In my opinion he will never hold a consistory and the outlook for the creation of an American cardinal is not encouraging. The pope a few days after his elevation, declared that he would never hold a consistory and that he did not wish to have a long pontificate. I believe his wishes will be fulfilled."

"If the pope should decide to honor this country, I believe he would not create one cardinal, but two, and they would be the archbishop of New York and Archbishop Ireland."

IS KILLED BY SNARE HE SET FOR POACHERS.

Farmer's Body Discovered in Field With Half His Head Blown Off.

LIVERPOOL, Sept. 3.—Terence Harrington, of Bolton, whose death the Chester coroner inquired into yesterday, is believed to have been killed accidentally while setting a trap for poachers.

He was found on Thursday morning lying dead in a field near Lache Hall, Chester, the home of his father-in-law, Frank Herman. Half his head was blown away, and near him on the ground was a double-barrelled gun which had been discharged.

The dead man was lying in a corner of the field. Attached to the trigger of the gun was a long string, which went over the hedge and was then stretched across a gateway on the other side.

The string was so arranged that any one entering by the gate would strike it and release the trigger of the gun.

Mr. Hargreaves, it was known, was nervous of the poachers and tramped about the neighborhood, which borders the Duke of Westminster's estate. They had never threatened him, but were continually begging from him, and a certain band of them had named the "High Rip Gang."
