

THE WEATHER

MARITIME:—Moderate northwest and west winds, fine, and a little warmer.

Toronto, Ont., June 21.—Showers have occurred today in the Maritime Provinces and in parts of Manitoba, but elsewhere in the Dominion the weather has been fine. The temperature has been a little higher than yesterday in Ontario and in Quebec and somewhat lower in the western and Maritime Provinces.

Table with 2 columns: Location and Temperature (Min. Max.). Locations include Victoria, Vancouver, Calgary, Edmonton, Prince Albert, Moosejaw, Winnipeg, Port Arthur, Parry Sound, London, Toronto, Ottawa, Montreal, Quebec, St. John, Lower St. Lawrence and Gulf.

AROUND THE CITY

Good Catches of Salmon. The Bay fishermen have been making good catches of salmon recently. One boat brought about 400 salmon here yesterday. The fish are very large, and in prime condition.

Coronation Decorations. Although the Treasury Department of the city will have to scrape up over \$1,500 to meet the expenses incurred on account of the Coronation celebration, the officials of the Chamberlain's office have decorated their quarters in honor of the occasion. With small streamers, they have produced a tasty if modest effect.

A Double Wedding. Rev. Dr. Hutchinson officiated at a double wedding last evening at 41 Douglas avenue, when he united in marriage Judson Dunham and Miss Annie Welsh, both of this city, and Archibald Rankine, of Colborne Island, and Miss Elizabeth Parsons of this city. Both couples were unattended, and after their honeymoon will make their homes in St. John.

S. S. Premier. Steamer Premier is now on the route and persons wishing tickets to points on the Kennebecasis River can procure the same at the I. C. R. ticket office or at the depot. Excursion parties wishing to spend the day on the Kennebecasis can do so by leaving at 9 a. m. and return by making connections with the Boston express at Rothesay. These excursions are run on Wednesday and Saturday.

Game Called Off. The Calais base ball team arrived in the city yesterday morning and were to have played a league match on the Marathon grounds in the afternoon with the St. John's. Rain fell and the grounds were in no condition for a game. There were only about a dozen spectators present and owing to the conditions the team managers called the game off. The Maine players left for the border city on last evening's express.

Power Boat Race Today. The observance of Coronation Day will be suitably celebrated by the St. John Power Boat Club, and will consist of the Coronation race to Oak Point, and the holding at that point on the finish of the race of a field day by the members. The race is appointed to begin at 9 a. m. A start will be made for the return to the club at 5.30 p. m. The race and outing will take place, rain or shine.

Patterson-Thorne. Rev. D. Hutchinson, D. D., was the officiating clergyman at a pretty wedding last evening at the residence of Mr. and Mrs. Thorne, Victoria and Durham streets, when their daughter Miss Sybil Thorne was married to Isaac Patterson. The bride was attended by Miss Hattie P. Watson, and the groomsmen were Walter C. Stevens. Following the ceremony supper was served. They will reside in this city.

Thomson-Slipp. At the Victoria street Baptist parsonage there was a quiet wedding performed by Rev. B. H. Nobles, when Abram C. Thomson, of Vancouver, B. C., was united in marriage to Miss Addie Slipp of Hampstead. Only immediate friends and relatives of the contracting parties were present at the marriage. Mr. Thomson is an engineer in Vancouver, where he has a most reliable position, and arrived here a few days ago to claim his bride. Mr. and Mrs. Thomson leave this morning for a short visit up the St. John river, and in about a week will leave for Vancouver, where they will make their future home.

The Columbian Fair. The ideal weather conditions that prevailed last evening helped to augment the success that has already attended the Columbian Fair. The attendance last night at the fair was larger than on either of the preceding evenings, and the large crowd found plenty of attractions on the grounds and in the building. The pike, which has become a popular item, drew large numbers, and the magic mirrors and other features, of which there are many, furnished amusement in abundance. The 62nd band was in attendance during the evening and discoursed a choice programme of selections. The fair will be in full swing this afternoon and evening. Children will be admitted at half price this afternoon. A light supper will be served by the committee in the supper room at six o'clock, and in the evening an orchestra will furnish music. Saturday afternoon will be Children's Day at the Fair, and half price admission will prevail.

L. O. A. All City Orangemen are requested to assemble at their respective lodge rooms on Thursday, Coronation Day, to time to reach Germain street by 2 p. m. sharp, where the District D. of C. will see that all are placed in their proper positions ready to leave for King St. East by 2.15. By order of the County Master. W. M. CAMPBELL, Rec. Sec. County L.O.L.

WAITED FOR HUSBAND WHO DID NOT ARRIVE

His Non-Appearance at Union Depot Last Night Made a Long Walk a Necessity for An Anxious Woman.

When the Boston express arrived at the Union depot last night there was a lady passenger who was much disturbed. Her home is a few miles in the country and her husband promised to meet her with a horse and carriage. The head of the household was not on hand and a telephone message informed the lady that he had left home over an hour before the time for the arrival of the train for the purpose of welcoming her home. He did not arrive and the telephone line was kept warm until towards midnight in an attempt to locate him and as he did not put in an appearance the woman picked up her baggage and started out in a rain storm to walk to her home in the country.

WILL TAKE ACTION AGAINST HOTELS

Factory Inspector Kenny Will Force Compliance With Law Requiring the Installation of Fire Escapes.

Although the act requiring hotels to provide fire escapes, etc., goes into effect on August 1, very few hotels have yet complied with the provisions of the law. The act which was passed at the last session of the N. B. legislature requires all hotels of over two stories, to provide iron fire escapes with landings at each floor and to have in all sleeping rooms a stout rope applied to an eye-bolt near the window and long enough to reach the ground.

In May last John Kenny, Jr., the factory inspector, sent out copies of the act to 275 hotels in the province, and as only two copies were returned, it is supposed all the others were received by the hotel proprietors. Mr. Kenny recently made a tour of the province and found that no attempt had been made to comply with the provisions of the act.

In St. John there has been a similar lack of initiative, except in the case of the Royal, which has an excellent system of fire escapes. The proprietors of the Royal have offered to place balls on the ropes required to be kept in sleeping rooms, and thus reduce the risks of descending by them. The act fixes the responsibility for installing these improvements upon the owner. In some places during his tour of inspection Mr. Kenny was roundly abused by owners of hotels coming under the act, who objected to installing the safety devices. Some of the proprietors who show a willingness to comply with the act may be allowed a latitude of two or three weeks, but it is likely that action against kickers will be taken immediately after Aug. 1. The act is based on laws obtaining elsewhere in Canada and in the United States.

A ST. JOHN MAN WAS DROWNED IN WINNIPEG

Archibald McNeil Drowned in a Ditch in Which There Was But Few Inches of Water.

Word was received in the city yesterday from Winnipeg of the sad drowning of Archibald McNeil, a former resident of this city, and who is said to have a wife residing here at present. The deceased fell on his face into a ditch and although there was but three or four inches of water in it, he was unable to rise and when found he was dead. While in St. John McNeil was employed in a tannery on Paradise Row.

FURNISHERS LIMITED WILL HAVE WIDE SCOPE

New Company Asks for Authority to Conduct Many Ventures—May Take Over W. E. Earle's Business.

It is said that the promoters of the Furnishers, Limited, who are applying to the government of the province for incorporation with powers to carry on an extraordinary number of enterprises, purpose to take over the business of W. E. Earle. Some of the applicants who approached admitted that this was the intention, though S. B. Bustin, solicitor for the applicants said the plans of the proposed company were not sufficiently advanced to warrant him in saying that there was any intention of taking over Mr. Earle's business.

"The capital of the proposed company would only be \$20,000," he said. "That would not buy out Mr. Earle's business." Mr. Earle when interviewed, would neither confirm or deny the report. When asked why application was being made for power to engage in nearly every kind of enterprise from operating a hydro-electric plant to selling tooth picks, Mr. Bustin said the company was only applying for the powers necessary to carry on a departmental store business.

"The trouble with most companies," he said, "is that they do not get enough powers at the start. This company has an idea that its business may grow and it does not want to be running to the legislature every little while for permission to extend its business." "Do you intend to conduct a general plumbing business, manufacture iron and steel, and lumber and all the other things?" "Our plans have not been developed yet."

"Are you going to build all those mills, stores, wharves, etc., in St. John?" "I don't know that we are going to build at all in St. John. The idea is to carry on a departmental store business." "Are you going to acquire Mr. Earle's business or any other established business?" "I don't think so. I guess you will see Mr. Earle carrying on business after the company is established."

"Are you organizing a branch of some of the big departmental stores in other cities?" "Not at all." "Where will the company do business?" "I can't say," said Mr. Bustin. And that was the substance of his answers to a string of other questions.

The applicants for incorporation are H. P. Robertson, Luella Dunn, W. H. White, H. A. Prebble and S. B. Bustin.

A WELCOME FLAG OVER POLICE STATION DOOR

A Coronation Decoration Which Caused Amusement Last Evening—Evidently Not Intended to Be Taken Seriously.

While all of the prominent buildings in the city are early decorated in honor for the coronation today the police station is one that is causing considerable interest. Among the many flags that are displayed is a streamer over the door bearing the word "Welcome." The magistrate claims that he is not responsible for this part of the decoration, and the chief of police, who is always happy to meet the citizens at his office, says that he is not responsible for the welcome flag.

Many persons who enter the King street east building go there against their wishes and there is a great question whether they are welcome or not. The proprietor of the building did not place the flag over the door as a joke but it was looked on with much amusement last evening.

adian financial world was surprised at the news that W. M. Aitken had been knighted, is putting it mildly. Although a hundred guesses had been made regarding the lucky recipients of Coronation honors, nobody had dreamt that the honor would fall to the Canadian financier. Poor at 25, a millionaire at 29, a member of the British parliament at 30, and a knight at 31—such is a nutshell is the astounding record of a young man born in the little town of Newcastle, New Brunswick.
