MR. HAZEN A CERTAINTY IN CABINET

Definite Announcement of All
New Ministers will Probably
be Made Today—Cabinet
Sworn in Tomorrow.

HUGHES FOR MILITIA.

Special to The Standard.
Ottawa, Oct. 8.—The Borden cabinet will not be sworn in till noon on Tuesday, Earl Grey afterwards leaving by special train for Montreal to catch his boat.
The new ministry is yet uncompleted, but while this is so, there are a dozen men who are regarded as certain selections.
These include:
Nova Scotia, R. L. Borden.
New Brunswick, J. D. Hazen.
Quebec, Doherty, Perley, Pelletier, Monk.
Ontario, Cochrane, Foster, White, Broder, Hughes.
Manitoba, Rogers, Roche.
British Columbia, Goodwin, Col. Sam Hughes will, it is expected, take the militia portfolio and W. T. White, of Toronto, is a certainty as minister of finance. Mr. White is in Ottawa today.

There is still some doubt as to Quebec, though which of the delegation from that province left Ottawa Saturday the Standard was informed that Rodolphe Forget would go in without portfolio instead of Wilfrid Nantel.
London, Oct. 8.—Most of the Constantinople correspondents agree that Turkey is reviewing her efforts to secure peace but they differ as to the procedure to be followed, whether by arbitration through an European conference, or by direct negotiations with reports from Rome, Italy, which at one time was ready to pay Turkey a large compensation, but which would not impose a war indemnity, if peace were concluded forthwith. If hostilities are prolonged, however, the reports say, Italy will insist upon a heavy indemnity.

A BIG OFFER FOR A CHURCH IN MONTREAL

Canadian Northern Willing to
Pay \$2,000,000 for St.
James' Methodist Church,
Largest in the World.

DEAL NOT YET CLOSED.

Montreal, Oct. 8.—The St. James Methodist church, which has not been sold as yet despite reports to the contrary, but it is announced that Mr. John F. McRirie has been authorized by parties in close touch with the Canadian Northern interests, to offer the sum of \$2,000,000 for the property. No sale can take place without the sanction of the trustee board backed up by the approval of the Montreal conference. A few months ago both went on record as opposed to any sale but at that time no offer had been received.

The St. James church was opened in 1889 and as a matter of fact belongs to Canadian Methodism as the general conference some years ago, when the church was in serious financial difficulties established a St. James Day, and every Methodist church in the Dominion on that day came to the relief of the magnificent temple in Montreal.

A. O. Dawson, the treasurer of the church, when interviewed last night, said that the responsibility of rejecting such an offer would be a great one especially as the Canadian Northern intended to build its station either on the church's present site or on adjoining land if the church would not sell and the close presence of a station would deteriorate the value of the property for church purposes. The church including the site cost only \$385,000.

Wrecked.

New York, N. Y., Oct. 8.—Fire, which threatened for a time to raze the entire block bounded by Wall, Front, Water and Pine streets, this morning, wrecked the six story building at No. 127 Water street, doing damage estimated at \$350,000. Three alarms were turned in, and the flames together with a fire boat and an

FIRE AT BASS RIVER.

Special to The Standard.
Moncton, Oct. 8.—Store, dwelling and barn owned by David Clark, general merchant at Bass River, Kent Co., were destroyed by fire about two o'clock this morning. The fire started in the store and had made such headway that nothing could be saved. The flames spread to the house and barn immediately adjoining and these buildings with all their contents including furniture, the season's crops, etc., were soon razed to the ground. The loss is heavy, amounting to five or six thousand dollars with insurance of \$1500. Mr. Clark conducts a general store and carried two or three thousand dollars' worth of stock. His loss will be severely felt. How the fire originated is a mystery.

While men were at work at the I. C. R. gas plant at 5 o'clock Sunday afternoon an explosion occurred and two workmen named Charles Burlock and James Elliot were badly injured. They were severely burned about the head and arms and were hurried to the hospital where their injuries were tended. It was feared at first that one of the men would lose a hand, but later reports were more favorable and both will probably recover. Several explosions have occurred in the gas plant but this is the most serious.

About half past four this morning the police heard cries for help coming from the direction of Bridge street, fastening in that direction they found flames coming from a house occupied by Patrick Elliott. Entering the house they found a fire in Mrs. Elliott's room and the woman leaning out of the window. She was carried out and resuscitated but had the police been a few minutes later she would have been burned to death. The fire was suppressed without much damage. The woman was found to be intoxicated and the fire is supposed to have been started by upsetting a lamp.

MR. PUGSLEY TO PRACTICE IN ST. JOHN

Ex-Minister Will Arrange at
Once to Move His Family
From Ottawa Back to His
Residence Here.

INTERVIEWED IN MONTREAL

Montreal, Oct. 7.—Hon. Wm. Pugsley late Minister of Public Works, spent the day at the Windsor Hotel regard to the letting of contracts by the outgoing government he said that as far as small contracts of his department were concerned those which tenders had been asked previous to the elections, had been awarded, but the department had thought it best to leave large matters like the St. John harbor contract to their successors.

The contract for the railway from Halifax eastward as well as a small extension in Prince Edward Island has also been granted. As to appointments he declared that no appointments had been made. The statement that the outgoing administration had made a judicial appointment in Prince Edward Island resulted from a misunderstanding. All that had been done was to approve the judicial appointment of the local government. Mr. Pugsley stated that he would practice his profession in St. John. He returns to Ottawa this morning to make arrangements to move back to St. John later on.

DUKE OF CONNAUGHT'S SERVANTS IN CANADA

Montreal, Oct. 7.—Capt. Rivers Bulkeley, C. M. G., M. V. O., Esq., to H. H. The Duke of Connaught, Capt. H. C. Buller, Aide de camp, and about sixteen servants, together with over two hundred pieces of baggage and two automobiles, reached Montreal on board the Allan liner Victoria at three o'clock this morning. Special arrangements have been made for the advance party. They went by special train to Ottawa.

An auto water tower had a stubborn fight for more than two hours before the blaze was brought under control. The fire which started in the cellar of the building, had evidently been smouldering since Saturday.
The building was chiefly occupied by wholesale dealers in tea and coffee. Their entire stock was practically consumed. The cause of the fire was not determined.

Spanish Columns Have Landed

Against Hostile Moroccan
Tribesmen.

SPANIARDS LOSE HEAVILY.

Madrid, Oct. 8.—Operations by the Spanish forces against hostile tribes in Morocco have been resumed, according to official despatches from Melilla. Covered by the fire of warships, two columns yesterday advanced 10 miles inland in the Kert river region, burning many houses and driving the tribesmen from their positions in spite of determined resistance. The engagement lasted 10 hours and was directed by the minister of war, Gen. De Luque, in person. Details of the Spanish losses have not yet been received, but they are believed to have been heavy, exceeding 100. Col. Primo Rivera is among the wounded. The operations continue today.

WILL ASK FOR ONE CANADIAN MARRIAGE LAW

Dominion and all Provincial
Governments Will be Asked
to Set Aside the Ne Temere
Decree.

A POWERFUL MOVEMENT.

Toronto, Oct. 7.—With the church courts of every denominational body in Canada committed to a policy of opposition towards the Ne Temere decree, a new and powerful movement has been started by the Evangelical Alliance of Canada, at a meeting held in Toronto. Every leading church of Canadian Protestantism was represented. Ten thousand documents will be issued at once setting forth a case against the decree. A public educational campaign by means of a large mass meeting will be at once inaugurated. Finally, a monster petition will be taken by a deputation to the Borden government and a demand will be made that the marriage laws of Canada will be placed beyond church interference.

Premier Borden and his cabinet will in effect be asked to set aside the Ne Temere decree as an invasion of the rights of the Canadian Parliament and those of certain of the provinces. Petitions will also be laid before every provincial government in the Dominion. As British Columbia and Prince Edward Island control their own marriage laws and retain the privilege of granting divorces, separate requests will be made of them. The government of Ontario will be asked to take steps at the earliest possible moment to have the court of appeal determine the extent and jurisdiction of the province and of the Parliament of Canada on the subject of marriage laws.

She is Renewing Efforts in This Direction, but Procedure Has Not Been Determined.

If Hostilities are Pro-
longed Italy Will Pos-
sibly Insist on Heavy
Indemnity -- Not Much
Fighting Going On.

Constantinople, Oct. 7.—The government has decided to establish a censorship on all press telegrams, particularly those dealing with military matters, code messages will be prohibiting the ships of the first Italian squadron from the Turkish coast. The Italian bombardment destroyed numerous houses and killed many inhabitants, including several women and children.
Italians Capture Another Fort.
Rome, Oct. 8.—Official despatches received here today say: "Early this morning the ships of the first Italian squadron entered the roadstead at Trabuk, where they found no Turkish warships. They summoned the garrison to surrender, but the Turks replied with a flat refusal and hoisted the Turkish flag. The battleship Vittorio Emanuele opened fire. The first shots carried away the flag and made a large breach in the fort. Rear Admiral Aubrey, commander in chief of the fleet, then landed several companies of marines, who, after a short struggle, overcame the resistance of the small Turkish force. The Italians occupied the fort and hoisted their flag. A few Turkish soldiers, who refused to abandon the fort without further fighting were made prisoners."
Moslems Petition Britain.
Lucknow, British India, Oct. 7.—The council of Moslems of all India has appealed for the intervention of the British government in behalf of Turkey. It has advised also a boycott of Italian goods.
A Lively Exchange.
Rome, Oct. 7.—A despatch from Brindisi to the Message says that the two Italian destroyers, Artigliere and Pucelliere stopped an Austrian mail steamer near St. Jean De Madua. The commander Bisarotti went aboard the steamer, his boat carrying a white flag. On the return to the Artigliere the white flag was blown away, and Turkish soldiers opened fire from the cliffs. The boat reached the Artigliere in safety and the Italians returned the fire, not less than 200 shots being fired. The Turkish batteries, two encampments and a barracks, were destroyed and a large number of Turks were killed or wounded. The engagement lasted more than half an hour.
A Socialists Opinion.
Rome, Oct. 7.—Premier Giolitti in a speech at Turin today, outlined the policy of the government with reference to the Democratic and Socialist differing from that of the nation at large. Signor Bisciolati, leader of the Socialists in the Chamber, however, writes to the Secolo, giving the view of a section of the Democrats and Socialists differing from that of the nation at large. Signor Bisciolati, leader of the first of his party to be received by the King, when during the last ministerial crisis the premier offered him a portfolio.
In his letter to the Secolo he says: "Now that the occupation is accomplished, it must be decided whether Tripoli will be considered conquered territory unconditionally or whether Italy is ready to compromise, stop

FIGHTING JUST THE SAME.

Vienna, Oct. 7.—Dom Miguel Braganza, pretender to the Portuguese throne, announces that he has agreed to accept the program laid out by Captain Conde, leader of the Royalists. Dom Miguel says that the cortes will have to decide between him and Manuel. He will not proceed to the Portuguese frontier but will remain neutral to the last moment, although he has allowed his son to enter the monarchist ranks under assumed name as volunteer.
The republic of Portugal, said Dom Miguel, "has through its disregard for all traditions and religious convictions, made itself so hated especially among the county people, that the prospects for the restoration of the monarchy are not unfavorable."
Paris, Oct. 8.—The Portuguese Premier Joao Chagas, has notified the Portuguese legation here that the government has taken all necessary steps to repress the Royalist rising in the north and intimates that the military reigns throughout the country. The premier's despatch states that an armed band yesterday had made an attempt to enter the city, but without success, and is now close to the frontier. The government has reinforced the garrison. The premier adds that he wishes the press to be informed that the Portuguese government is not exercising any censorship over telegrams, and is permitting even the most mendacious reports to be transmitted.
Lisbon, Portugal, Oct. 7.—Republican troops have left for Vinhnes fourteen miles west of Braganza, to relieve other republican troops whose retreat is said to be cut off by the monarchists. The roads to the frontier are now open and telegraphic communication has been restored.
Vigo, Spain, Oct. 7.—Passengers on the trains from Portugal report an engagement between the Royalists and Republican troops near Sazo Teyro, not far from Oporto, the Royalists, while numerous, they say, are badly armed. All trains from Oporto this morning were crowded with troops on their way to fight the monarchists. The Portuguese government, however, is not sure of the loyalty of the regiments.

WORK TRAIN CUT THROUGH CROWDED CAR

Two People Dead, and Eleven
Badly Injured in Wreck on a
Michigan Railway on Satur-
day.

SOMEONE BLUNDERED.

Rochester, Mich., Oct. 7.—Two people were killed and eleven injured, one probably fatally, early tonight, when a Detroit United Railway work car attached to two cars loaded with cinders crashed into the front end of the north bound Detroit United Railway Flint Limited about a mile north of Rochester. The dead:
Daniel Fallon, aged 50, a Flint grocer; R. E. Lee, 35, Oxford, Mich. Eight of the injured were taken to Detroit and the others are being cared for here.
The Limited was crowded with passengers and almost without warning the work car ploughed through the front vestibule nearly to the rear of the smoking compartment. How more people were not killed is a mystery. Conflicting reports have been received regarding the speed of the cars and who disobeyed orders.

LAWMEN IN CONFERENCE DISCUSSING

English Members of Parliament
and Former Vice-President
of the United States at Ecu-
menical Conference.

RELIGION IN BUSINESS.

Toronto, Oct. 8.—Papers on Christianity and Social problems by two members of the English Parliament and by a former vice-president of the United States, were among those which today proved to be of special interest to the delegates attending sessions of the Ecumenical Methodist conference in this city. The status of the laborer was seriously affected by vital changes in modern social and industrial conditions, and the duty and opportunities of the church in dealing with the various resultant problems, were among the topics dealt with from both practical and ethical points of view.
"The keynote of the church should be more religion in business and more business in religion," said Charles W. Fairbanks, former vice-president of the conference, "making equality of wage for men and women, affording under like conditions, is an affront to the spirit of Christian religion."
A paper by Arthur Henderson, of London, member of Parliament, who was detained at home by government duties, was read by T. R. Perens, member of Parliament. The laborer is worthy of his hire, but not infrequently the hire is not worthy of the employer, was one of Mr. Henderson's striking sentences. "We English speaking people have given to the world many a priceless idea and the laborer is listening for a message to the underworld of unscrupulous greed and toil. When we are willing to take commercial failure rather than to rob our fellows in God's good time there will come a better day for those who toil. Let us be faithful in the ante chamber to the great responsibility."

HIS POLITICS COST HIM HIS COMPANY JOB

Credit Foncier Canadian Ousts
Vice-President for Talking
Against Reciprocity in Cam-
paign.

WAS ON THE STUMP.

Providence, R. I., Oct. 7.—Alleging that he took the stump in Canada in opposition to reciprocity, in the name of his company unwarrantedly, the stockholders of the Credit Foncier Canadian, a French Canadian Lumber and Real Estate corporation, today voted to oust Arthur Laberge of Montreal as their Vice-President.
Only twenty of the eighteen hundred stockholders voted in person others being represented by proxies voted by the Secretary Joseph W. T. Ringuet.
Mr. Laberge attended the meeting and made an extended speech claiming that his campaign work in Canada was done entirely as an individual and not in the name of the company. Of the 1,800 stockholders, 1,600 are residents of New England and the others of Canada. The company owns lumber tracts in New Brunswick and Quebec.

CENSUS TO PROVE VERY EXPENSIVE

Laurier Government Made a
Costly Botch of What was
Almost Their Last Public
Undertaking

A DISAPPOINTMENT.

Special to The Standard.
Ottawa, Oct. 8.—Information is accumulating to the effect that the census is about to prove a great disappointment. The population has been placed at 8,000,000 in the estimates given out by the Laurier government. It is certain that it will fall materially short of that figure, and it may fall short of seven and a half millions. In addition, it is beginning to be known that the cost will outrun all expectations. Mr. Fisher ran his department on the severest principles of parsimony, and the result of committing the nomination of enumerators and higher officials to the Liberal members and defeated candidates, has been to provide a staff at once numerous, expensive and inefficient. The job will prove exorbitantly expensive as well as disappointing as to results.

REORGANIZE CATHOLIC CHURCH IN ENGLAND

Rome, Oct. 8.—An important reorganization of the Catholic church in England has been decided upon, and a papal bull will shortly be issued dividing England into three ecclesiastical provinces with Archbishoprics at Liverpool, Birmingham and Westminster. Two new dioceses will also be formed, one out of a portion of Liverpool and the other out of the actual diocese of Northampton, with its see in Cambridge. This the great see of Northampton will be considerably reduced in dignity, as instead of having 14 suffragan sees, as now, it will have only four.

AVIATION MEET WAS POSTPONED

Montreal Crowds Disappointed
in Birdmen—Succession of
Minor Accidents Made Post-
ponement Necessary.

AEROPLANES WRECKED.

Montreal, Oct. 7.—Montreal second aviation meet at Dorchester Park came to a temporary halt this afternoon and the managers postponed the meet for tomorrow. The starting of his aeroplane crashed into the fence which runs along on one side of the track, smashing the machine to pieces. The manager was not injured but Charles King smashed his machine yesterday, and as none of the other pilots were ready to take the air, the meet was postponed until King and Gressier could make repairs.
There were about two thousand people at the park, and they expected much from Gressier, who made two good flights yesterday. The starting gear of his machine was out of order, however, and instead of proceeding directly along the track prepared for the machine it swerved to one side before leaving the ground and tore along the fence nearby for about twenty feet. The machine was not injured but the planes and propeller were wrecked. Flight was scheduled to make a flight from Carterville to the city but he disappointed the waiting crowd, as he was not even able to make a start, his aeroplane refusing to take the air.

HUNTER SHOT IN MISTAKE FOR DEER

First Tragedy of the Big Game
Season is Reported from the
Woods of the State of
Maine.

Bingham, Me., Oct. 7.—Mistaken for a deer by the man whom he was guiding through the woods near the base of Mosquito Mountain today, Harold Hight, 26, of Bingham, was shot and killed. Hight and Dr. Brooks, a physician of New York city, started out from a sporting camp near Lake Umbagog in search of deer with the understanding that if either saw an animal he was to whistle to the other. Dr. Brooks thought he saw a deer and whistled. When he got no answer he fired. He says the bullet struck the guide in the back of the neck and he died shortly afterwards, although Dr. Brooks did everything possible for him.
