## YOUNG WIFE SAVED FROM HOSPITAL

Tells How Sick She Was And What Saved Her From An Operation.

Upper Sandusky, Ohio.—"Three years ago I was married and went to house-keeping. I was not feeling well and could hardly drag myself along. I had such tired feelings, my back ached, my sides ached, I had bladder trouble awfully bad, and I could not eat or sleep. I had headaches, too, and became almost a nervous wreck. My doctor told me to go to a hospital. I did not like that idea very well, so, when I saw your advertisement in a paper, I wrote to you for advice, and have done as you told me. I have taken Lydia E. Pinkham's Vegetable Compound and Liver Pills, and now I have my health. "If sick and ailing women would only know enough to take your medicine, they would get relief."—Mrs. BENJ. H. STANSBERRY, Route 6, Box 18, Upper Sandusky, Ohio.

If you have mysterious pains, irregularity, headache, extreme nervousness, inflammation, ulceration or displacement, don't wait too long, but try Lydia E. Pinkham's Vegetable Compound now. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the value of this famous remedy and should give every one confidence.

## THE ADVANCE OF CIVILIZATION

## THE WATER AND SEWERAGE BOARD HEARS APPLICATIONS FOR EXTENSION OF SERVICE

People of Douglas Avenue, Adelaide Road and Other Districts Want Water and Sewerage Services — Complaint From North End About Poor Water Service — Other Matters Discussed by Board.

The boom in the city was brought to the attention of the water and sewerage board last evening by requests for the extension of the water and sewerage services out Adelaide Road, and Douglas Avenue, and in other districts. The board decided to help the movement if it did not impose too heavy liabilities upon the city.

Ald. Wignmore presided and there were present Ald. Wilson, C. T. Jones, Hayes, Elkin, Scully, Kierstead and Mayor Frink with the common clerk and the city engineer.

Wm. Cairnes applied for a rebate on water taxes which was granted, the reduction being from \$4 to \$2.57.

The engineer reported that it would cost \$400 to extend a small lead water pipe to supply houses of certain portions in Milford. To extend the 12 inch main 100 feet would cost \$600. The additional revenue in sight was \$30.

Ald. Elkin moved that a pipe be laid if the residents guarantee 6 per cent. on investment. "I think it is our duty," he said.

Ald. Hayes said that the city supplied water to outsiders as a matter of business. It was under no obligations to the people of Milford.

Finally it was decided to let the matter lie over.

A communication was received from the board of health, saying that a sewer should be laid in Mill street. The engineer submitted a report on the matter, stating that properties which had been claimed had no sewer facilities could utilize the Hazen alley sewer. He said a sewer on Mill street would cost \$1000 and was unnecessary.

The engineer's report was received from the Ames Holden McCready Co., Ltd., requesting that the city replace the 4 inch main on Duke street with an 8 inch main in order to furnish the proposed warehouse on the corner of Duke and Canterbury streets with better fire protection.

The engineer said the installation of an 8 inch main would cost \$750, and recommended that it be laid connecting with the Germain street main.

A motion adopting the recommendation was passed.

The D. F. Brown Paper Co., wrote requesting that an 8 inch main be laid from Germain street to Prince William street.

The engineer said the Brown factory was supplied from Prince William street. He did not know what interest the Brown company had in the matter unless it was public spirit.

As the matter was covered in the resolution to lay an 8 inch main on Duke street, no action was taken.

A communication was received from the board of health, saying that a sewer should be laid in Mill street. The engineer submitted a report on the matter, stating that properties which had been claimed had no sewer facilities could utilize the Hazen alley sewer. He said a sewer on Mill street would cost \$1000 and was unnecessary.

The engineer said the Brown factory was supplied from Prince William street. He did not know what interest the Brown company had in the matter unless it was public spirit.

As the matter was covered in the resolution to lay an 8 inch main on Duke street, no action was taken.

A communication was received from Allison and Thomas, stating that they had bought the property in Lancaster known as the McIntosh Field, and intended to lay out streets. They wanted to know what arrangements could be made to secure water and sewerage.

The matter was referred to the engineer's report.

The chairman brought up the matter of installing a sewer on Water street near the McLeod warehouse, requested by the fire chief.

The engineer was instructed to report on the matter.

The engineer submitted another report on the question of providing for the sewerage of Douglas Avenue via the Strait Shore Road. He said the sewer could be diverted from the corner of Merritt street and Strait Shore Road, running northward and thence eastward through the mill premises of Miller Bros., and delivered into the pond of their mill. The cost would be about \$9,500.

Bear River, the Brunswick, running to Canling, the Valenda, to Annapolis; the Granville, to Granville; the Ruby L. and Margaretville, to Margaretville; Connors Bros., to Chance Harbor; and the Amelia to Halifax and South Shore ports.

Although the steamers now do most of the coasting trade from St. John there are still quite a fleet of sailing packets, many of them equipped with auxiliary power.

Railway Survey by Camels.  
In a very short time J. Norton Griffith, M.P., will leave for Australia to confer with the Commonwealth government in connection with the trans-continental railway. The survey of the vast stretch of country between east and west has been the cause of not a little anxiety. Camels had to be used to traverse the great wastes and at every point the problem of scarcity of water had to be faced and overcome.

The chief surveyor examined the country in advance and employed a novel method to mark his trail for those who followed. He fastened a heavy chain to his camel, and this dragging on the road left a plain trail. When it was possible observations of the stars were taken at night, and provisions and water were sent on about seven miles ahead for the next day's camp.—Pall Mall Gazette.

## BRAYDO GIRLS NOT FROM ST. JOHN

Young Women Implicated in Serious Case in Moncton Spent Only Brief Time in This City.

A dispatch from Moncton yesterday told of the white slave traffic existing in the railway town, giving particulars of a story told to Chief Rideout Tuesday by a girl named Mabel Braydo, who is but 16 years of age.

She told Chief Rideout that she had been enticed into the home of one Noble Dobson, in Dominion street some time ago and she gave a revolting account of her life there. Her story was pathetic. During the recital she broke down and wept. She said her former home was in St. John but up to the time of entering Dobson's home she lived at Harrisville near Moncton.

The case is a very bad one, and is said to be the worst ever appearing in any provincial court.

## PATRONS OF OPERA HOUSE SEE BERNHARDT

Unique Opportunity Offered to Theatre-goers of St. John to Witness Actual Performances of Great Diva.

Bernhardt in Camille was the great attraction at the Opera House yesterday afternoon and last evening, and large audiences witnessed the performances.

What must undeniably be considered an epoch in the history of cinematography in the entrance of Madame Bernhardt into the realm of the moving pictures. Renowned the world over, heralded as the world's greatest actress, the brightest luminary in the profession, kings and emperors have paid tribute to her worth, and an admiring public have surrounded her with a halo of glory.

Her career has been the most remarkable of all stage folk, not only in point of successful achievement in her chosen profession, but in point of duration. In the course of her long career, she has visited most countries and thousands have been charmed by her performances. Others there are, however, to whom this privilege has been denied. To these latter, the entrance of Madame Bernhardt into the moving picture realm is a boon, for while deprived of seeing the diva in real life, they can still enjoy her wonderful work through the medium of the cinematograph, see Bernhardt act as only Bernhardt can act.

Such an opportunity was afforded St. John audience yesterday and last evening for the first time when "Camille" with Bernhardt in the title role and surrounded by her own company of peerless actors and actresses, was presented at the Opera House.

The part of "Camille" was found in conjunction with "Bernhardt" speaks volumes, for it is perhaps in this piece more than all others that she excels, and in which she displays that rare power for emotional work which she possesses in such an eminent degree of perfection and to which she owes most of her success.

As seen in the cinematograph production of Camille, Bernhardt evidences that same extraordinary power which made her career a success. One cannot but marvel at the ease and grace which marks her work, when taken into consideration the fact that she has been a strenuous life, and that she has already entered the twilight of life. But, judging by what the moving pictures showed yesterday, she seems to have found the secret of perpetual youth, so easy and graceful is her performance. In fact yesterday's audience the performance was a revelation. Surrounded by a group of associates selected for their ability, Madame Bernhardt in moving pictures is equally as good as when her "Camille" first brought her renown.

The production apart from the artistic point of view, is elaborately mounted, with wealth of magnificent settings, combining to make the whole a veritable wonder in the moving picture line, and the large audiences who witnessed the production thoroughly enjoyed it.

In Madame Bernhardt, a story of the French court circles in the time of Napoleon Bonaparte, Madame Bernhardt is again seen to advantage, this piece being also staged with a wealth of superb settings.

This afternoon and evening, as well as tomorrow, and Saturday evenings with daily matinees the Opera House will be repeated in the Opera House.

Exercises.  
Mrs. Hammerhast—Mr. Thinline, I don't think you take enough exercise. Mr. Thinline—What? You forget my dear madam, what I frequently carve for your boarders.—Boston Post.

A German lass stood at a steamship pier, weeping.  
Why do you grieve, Franklin?  
Because my lover has sailed and I fear that before he returns some one else may propose to me and I may accept.
