

WILL DISCUSS POSITION OF CONSULATES

John Joyce Broderick, Vice-Consul at New York, Receives Promotion—To Tour Canada.

New York, Oct. 31.—John Joyce Broderick, vice-consul of the British Empire in New York, has about completed his arrangements for a tour of Canada before he leaves to take up his new duties as British consul at Amsterdam, to which he has been promoted. Courtesy Walter Bennett, the consul general in this city, is expected to reach New York from England on Wednesday next, and on November 1st, Mr. Broderick will leave for Hamilton, Ont., where he will address the Canadian Club. He will address the various Canadian Clubs in Eastern Canada and several of the Women's Canadian Clubs on the subject of the sanctions of British consulates as applied to Canada.

Mr. Broderick, who during his stay in New York, has proved himself especially sympathetic to the Canadian residents of the great American metropolis, wishes to impress on Canadians the fact that they are entitled to all the services and privileges of the British consulates abroad. His object is to encourage correspondence on matters relating to trade and the various relations of a consulate to the country represented. He wishes to emphasize the fact that British consulates are established for the benefit not only of the people of the British Isles, but of all the states comprised in the Empire.

He will sail from New York in the early days of December to take up his new duties in the Dutch seaport.

HIGH HONOR FOR P. E. ISLAND MAN

New York, Oct. 31.—Canadians in this city were pleased to hear today that Dr. J. J. MacPhee, one of the leading members of the Canadian community in New York, has been elected a fellow of the Royal Medical Society of Great Britain. The honor comes all the more acceptable owing to the fact that the recipient is not acquainted with the members of the society.

Dr. MacPhee, who is a native of Prince Edward Island, is one of the most distinguished physicians of the city. He is a member of the Academy of Medicine, of New York city, professor of nervous and mental diseases of the New York Polytechnic medical school, neurologist of St. Francis hospital, New York, and St. John's hospital, Brooklyn, and Beth Israel hospital, New York.

LAMB AND BEEF SCARCE IN MARKET

During the past week the farmers have been bringing to city markets supplies of produce, and as a result the dealers in the country market are stocked slightly heavier than they were during the previous week. There is still a great scarcity of lamb owing largely to heavy exports to the cities of Western Canada, and as intimated in last Saturday's issue of this paper a slight increase in price has been effected during the week.

The local demand for lamb, however, will be lessening from now on, and consequently the scarcity will not be so keenly felt.

The beef market remains the same as last week, showing a scarcity which is marked by high prices. Good prices also prevail in the other lines of meat.

The retail quotations for today are: Roast beef, 12c to 22c; lamb, 18c to 20c; pork, 16c to 20c; ham and bacon, 25c; chicken, \$1.10 to \$2.00; geese, \$1.50 to \$2.00; turkey, 30c to 35c; a lb. duck, \$1.50 to \$2.00; fowl, 75c to \$1.50; black duck, 85c; mutton, 18c to 20c; a lb. venison, 16c to 20c; a lb. celery, 10c; lettuce, 6c to 7c. Eggs are selling from 25c to 42c a dozen, and butter is bringing from 28c to 29c a lb.

GUNBOAT SMITH WINS FROM CHARLEY MILLER

New York, Oct. 31.—Gunboat Smith of California, knocked out Charley Miller, of the same state, in the third round of what was to have been a ten round bout tonight. Miller had an advantage of 24 pounds in weight, but his blows were wild. Smith toyed with his opponent until the third round, when a right to the jaw and an overhead right on top of the head sent Miller to the floor for the count.

STRIKERS TO TAKE PLACES IN TO GUARDS

Voluntary Surrender of Arms in Ludlow Strike Colony Takes Place Today—End of Trouble.

Trinidad, Colo., Oct. 31.—Voluntary surrender of arms from the Ludlow strike colony will take place tomorrow morning. This was announced tonight by Adjutant-General John Chase, after a long conference with John Lawson, district president of the United Mine Workers of America in the Ludlow camp.

Tonight General Chase held a conference with representatives of the operators and requested them to disarm, and discharge their guards tomorrow. The general said that if his request was not complied with the troops would arrest the men.

John McLennon, president of the State Federation of Labor, has been given authority by the executive board to devise means for carrying out the proposal of arranging a state-wide strike of all union men in sympathy with the coal miners.

COMING CHANGES IN BANK OF MONTREAL

H. V. Meredith, General Manager to Succeed R. B. Angus as President—London Man for General Manager.

Montreal, Oct. 31.—It is understood here that R. B. Angus is soon to retire from the presidency of the Bank of Montreal, and will be succeeded by H. V. Meredith, the vice-president and general manager.

From the same source it was stated that Sir Frederick Williams Taylor, at present manager of the London, England, branch of the bank will take the place now occupied by Mr. Meredith. Official announcement of the changes will not be made public until the general meeting.

BREAKS A GOLD IN A FEW HOURS—PAPE'S

First dose of Pape's Cold Compound relieves all grippe misery.

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, sore throat, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

IMMIGRATION LIGHT DURING PAST MONTH

Toronto, Oct. 31.—October was a light month for immigration traffic into Ontario, according to the figures handed out by Superintendent George Birmingham, of the Dominion Immigration Department at the Union Station. The figures—2,812 arrived in this province for the month, an increase of 274 over the corresponding month last year. For the past ten months 33,774 have been handled by the officials. This is an increase of nearly twenty thousand over last year.

URGERS MINERS TO RETURN TO THEIR WORK

Finnish Business Men in Calumet, Michigan, Request their Colleagues to Go Back to the Copper Mines.

Calumet, Mich., Oct. 31.—The offer of the copper operators to re-employ striking miners and trammers who will give up their membership in the Western Federation of Miners, and who have not been identified with any strike violence today, resulted in a movement, initiated by Finnish business men to prevail upon the Finnish strikers to return to work. It is said the Finns make up nearly fifty per cent of the men on strike.

Strike leaders declare the Finns are almost a unit in their loyalty to the Federation, and that any movement to break their ranks is certain to fail.

GERMAN NEWSPAPER DOUBTFUL OF THE MEXICAN LOAN

Berlin, Oct. 31.—The Mexican minister of finance today informed the correspondent of the Frankfurt Gazette that the option on a loan of \$25,000,000 in Paris would be exercised on December 1st. He added that funds were assured to pay the Mexican federal army until New Year's Day.

The Frankfurt Gazette expresses doubt in regard to the Mexican minister's declaration.

It was stated late last spring that a loan of \$75,000,000 had been arranged in Paris by representatives of the Mexican provisional administration and that \$30,000,000 of this had been handed over immediately to Provisional President Huerta. A later report spoke of another transaction of \$20,000,000, and this added to the first amount paid over would leave the remaining \$25,000,000 about the exercise of the option on which the finance minister is said to have spoken today.

NEED CONSENT OF GOVERNORS

No Amalgamation of Volunteers of America and Salvation Army Without It, Say Committee.

New York, Oct. 31.—That there can be no amalgamation of the Volunteers of America and the Salvation Army without the consent of the governing council of the volunteers is the declaration contained in a statement issued tonight by the staff of the former organization in reply to intimations by General Bramwell Booth that he would consider such a proposal, if it were made to him by his brother, General Ballington Booth.

The Volunteers of America, being a democratic organization, the statement says, it would be necessary for the governing council, in which General Ballington Booth has but one vote to approve the proposal.

"We hope this will be final," the statement concludes, "for we are weary of the unreasonable questions which have been raised every few months for over sixteen years."

MEXICAN REBELS TORTURE POLICE

San Luis Potosi, Mexico, October 31.—A force of 600 revolutionists yesterday rounded up, tortured and killed forty-seven out of fifty mounted policemen sent from here to protect a ranch twenty miles to the west. Their mutilated bodies were in many cases hung on trees. The three policemen who escaped returned here.

The bodies of revolutionists today opened communication between here and Aguas Calientes. A train left that town this morning carrying a heavy guard and rapid-fire guns.

amount paid over would leave the remaining \$25,000,000 about the exercise of the option on which the finance minister is said to have spoken today.

DREADED EPILEPSY A Case that Should Bring Hope to Other Sufferers.

There are many cases of epilepsy incurable so far as present medical knowledge extends and the sufferer is doomed to go through life a victim to a disease which has stricken him suddenly and without warning, and with each recurring affects his mental powers. Taken in time, however, many cases of epilepsy have been permanently cured by the use of Dr. Williams' Pink Pills, and in cases where the disease has not reached an acute form this remedy is worth giving a fair trial. Among the cures we give the following. Mrs. Robert Stringer, New Liskeard, Ont., says: "I have long felt that we should write you and let you know what Dr. Williams' Pink Pills have done for our grandson, who was attacked with epilepsy. The trouble seemed to come on following an attack of whooping cough. His parents seemed to notice that his eyes seemed to bulge out, and that he would be unconscious for a few seconds, and would go about his play as usual. The child was five years old at this time. The trouble seemed to be growing more severe and the attacks to come oftener, and as the local doctors were not helping him they sent him to the Children's Hospital in Toronto. He remained there for a short time when the doctors said his trouble was epilepsy, and they could do nothing for him. Time went on and the attacks grew worse, and in the fall of 1908 my daughter wrote me that the little fellow was getting so bad that they wanted to send him back to the hospital. I asked her to send him to me for a time and as one of his eyes had become crooked I took him to an oculist, who said this trouble could be cured, but it had nothing to do with bringing on his other trouble. As I knew that Dr. Williams' Pink Pills were a splendid medicine I decided to give them to him. His hope faded, but they might benefit him. We were very careful as to diet, and as to keeping the child from excitement. In about a month we noticed that the trouble was lessening, and at this time the little fellow returned home and his mother kept up the treatment. In a few months he seemed fully cured, but during the holidays the trouble came back in a milder form and the Pink Pills were again resorted to, and again the trouble disappeared, and although more than a year has passed there has not since been any sign of it. We feel so deeply indebted for what Dr. Williams' Pink Pills have done for him that we hope this plain statement of our experience will benefit some other sufferer."

You can get Dr. Williams' Pink Pills from any dealer in medicine of by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

A Presentation.

A. C. L. Tapley, who has for the last few years been accountant with the Daily Telegraph and Times, severed his connection with those papers yesterday in order to take a position as managing director of the Royal Printing and Lithographing Co., Ltd., of Halifax. Senator Dennis, the owner of the Halifax Herald and Mail, is the chief stockholder of the company, and Mr. Tapley has secured an interest in Senator Dennis' holdings. Mr. Tapley is well known to the trade and his friends in St. John will wish him every success in his new field. Fellow employees in the Telegraph and Times yesterday presented Mr. Tapley with a handsome travelling bag and expressed their good wishes for the future.

BIG BLAZE IN QUEBEC

Drygoods Store Owned by Edward Belanger Damaged to Extent of \$65,000—Flames Spread Rapidly.

Quebec, Oct. 31.—Fire which broke out this morning destroyed the contents of the drygoods store of Edward Belanger on Mountain Hill and threatened at one time to spread to the adjoining premises occupied by the Soleil Newspaper Company. Damage to the extent of \$65,000 was done to the Belanger store while the Soleil building was also injured by smoke and water.

The fire was started, it is said, by the explosion of a new furnace in the basement of the Belanger building, which scattered live coal all over the cellar. The flames rapidly spread through the premises and the Soleil building got so hot that the employees had to leave their work. Although the Soleil building was saved, great difficulty was experienced in publishing the paper today.

PERSONAL.

Councillor Henry Shillington and Mrs. Shillington, of Silver Falls, have left on a three weeks' trip to New York, Pennsylvania and other American cities.

The friends of Mrs. Wilford Campbell will be pleased to hear that she is on the way to recovery after a duration of several weeks' duration.
