ORPHANS' FAIR LAST EVENING

Another large crowd was in attendance at the Orphans' Fair last evening. The door prize, four bags of flour, was won by W. Harrington. The other prize winners were as follows: Ten pins—H. Steward; excelsior—J. Carr; gent's air gun—H. O. Clark; ladies' air gun—Mrs. L. Ward; bagatelle—B. Clark; flood gates—M. Black; 2nd prize, John Carr; Devil Among the Tailors—Mrs. L. Lord; gent's bean toss—H. Campbell; 2nd prize, J. Carr; ladies' bean toss—J. A. McLaughlin; book toss—J. Carr. The door prize for this evening and the 2 months pass to the Unique Theatre for two people.

The City Cornet Band has offered its services for this evening and will be in attendance.

Carried Further.

Johnny was a dull sort of lad, and his father could make nothing of him, so he determined to send him away to his uncle in the country, who he thought would be sure to sharpen him up a bit.

Johnny arrived in due course, and was shown all over the farm by his uncle, who lost no time in impressing on his mind the necessity of wearing old things out first before commencing on anything new.

Johnny seemed to take it all in very quietly, and the next morning the following conversation took place:

"Now Johnny," said his uncle, "when you have finished your breakfast I want you to go down to the meadow and bring one of the two horses I showed you yesterday."

"Yes uncle," said Johnny; "which am I to bring—the old one or the young one?"

"Now Johnny," said the uncle, with a twinkle in his eye, "what did I tell you yesterday? How soon you forget! Why, bring the old one, of course. Always wear the old ones out first."

"Oh, well, if that's it," said Johnny, "hurry, you better go and fetch him!"

DRAWING-ROOM TALK

Mrs. Rose Henderson of Montreal, who was one of the speakers at the Women's Institute Convention left last evening for her home. While in St. John Mrs. Henderson was the guest of Mrs. Frank Hathaway, Horsfield street. Yesterday afternoon Mrs. Henderson invited a few friends to hear a short but most interesting talk which Mrs. Henderson gave on her work in the Juvenile Court of Montreal.

It is hoped that at some future time Mrs. Henderson may return to the city and give further details of this important branch of child welfare work.

PERSONALS

W. P. Jones, of the Valley Railroad Commission, arrived in the city last night from Woodstock.

Mrs. E. G. O'Connor, of Charlottetown, is registered among the visitors to the city.

There is a general disposition among Ontario city people to wish the U. F. O. leaders a fair chance to make good in the government of the Province. One thing about the change that is generally approved is that the farmers are essentially economical and thrifty, and believe in work and plenty of it. That is what Ontario wants. It is said that the farmers' party in Dominion politics will seek to revive reciprocity. If Canadian consumers could get the \$11.50 hogs from the Chicago market, instead of the \$18.50 hogs on the Toronto market, the farmers in Canadian politics would be still more unrestful.

Personal Equation.

(Montreal Gazette.)

The Victoria, B. C., and Quebec East elections had personal rather than general interest. Mr. Tolmie, the new minister, won a wholesome success over the Labor nominees in opposition, whose supporters including some of the most extreme agitators of revolution in Canada. His return is a good thing, for the country as well as for the Government. Mr. Lapointe, in Quebec East, had a large majority, and the circumstances of his election will give him an opportunity of making himself a quiet man, he sat for years in the House of Commons, a "burdock of the back benches," with out attracting more than passing notice. During the past two years he has come to the front in a notable way, and now appears as a strong man in his party and in the province.

OBITUARY

Percy Edwin O'Dell.

St. Andrews, N. B., Oct. 30.—Percy Edwin O'Dell, only son of Mr. and Mrs. Edwin O'Dell, passed away at his home here yesterday at the age of twenty-seven. The deceased was one of the most prominent of the younger business men. He was associated with his father in the dry goods business. His death comes as a great shock to all for he had been ill only a little over a month. Besides his father and mother, he leaves a young wife, formerly Miss Grace Allen of Amherst, to whom he had been married only a year. The sympathy of the entire community goes out to the grief-stricken family. The funeral service will be held on Saturday.

Some Canadian Political Topics

The Flap of Liberalism Droops

—Mr. King's Hope of Premiership Vanishes — Laurier-Sifton Railway Policy.

Two Pictures in Politics.

Ontario's Hydro power problem called for solution at the hands of Sir James Whitney and Adam Beck, in 1906, just as Canada's transportation problem called for solution at the hands of Sir Wilfrid Laurier, Clifford Sifton and the Globe in 1896.

The Westminster public ownership solution of Ontario's Hydro power problem has taken two-thirds of the price of electricity in this province.

The Laurier-Sifton-Globe private ownership solution of Canada's transportation problem has added two-thirds to the price of railway service in this country.

Laurier-Sifton-Globe statesmanship is not entirely responsible for the advance in the price of railway service. Increased labor and material costs contributed to that advance. Allow for all these contributions to increased working costs and Ontario Conservatives can still take pride in the contrast between all that Laurier, Sifton and the Globe did to the price of railway service in Canada and all that Whitney and Beck did to the price of electric service in this province.

The Flag of Liberalism Droops.

(Ottawa Journal.)

There is a striking similarity between the political situation in the Old Country and over here. It's that while in both countries there is undoubtedly a rising tide of discontent with the Government, that discontent takes everything but the form of support for the Liberal Opposition. Thus, in Manchester, a few days ago, a bye-election which resulted in a Government supporter being returned by the vote of a minority, showed that the once powerful Asquithian Liberal party is all but non-existent. The vote stood: Captain Thomas (Unionist) 934; Dr. Dunstan (Labor) 642; W. M. Pringle (Liberal) 322. Mr. Pringle was one of the most active Liberals in the last House of Commons and he had the support of the powerful Manchester Guardian, of Mr. Asquith and of the Liberal House Leader, Mr. Maclean. Yet, despite all this, despite, too, the unpopularity of the Government, he polled more than two thousand fewer votes than the candidate of Labor and barely a third of those recorded for the Unionist. This, too, in Manchester, the Jerusalem of Liberalism, the home of Free Trade, the cradle of the philosophic Radicals!

It would appear that just as the agrarian-labor movement in Canada hates the Liberal Opposition no less than the Government, so the powerful swing toward labor in the Old Land is also a swing away from official Liberalism. It is one of the notable features of present-day political tendencies.

Farmers and Reciprocity.

(Toronto Mail.)

There is a general disposition among Ontario city people to wish the U. F. O. leaders a fair chance to make good in the government of the Province. One thing about the change that is generally approved is that the farmers are essentially economical and thrifty, and believe in work and plenty of it. That is what Ontario wants. DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with coated tongue, foul breath or a dull headache; or if your meals sour and ferment, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to headaches, backache, bilious attacks, constipation or stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath.

Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a tablespoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.
