M. CLEMENCEAU GIVEN REPRIMAND

Sir Robert Borden Reproves the Chairman's Methods of Procedure Regarding Smaller Nations.
By JOHN W. DAFOE.
Paris, Jan. 27.—The only contribution to the discussion on Saturday at the peace conference, relative to representation of the smaller nations, were a few remarks on procedure by Sir Robert Borden.

Sir Robert said that at the last meeting, a week ago, the conference had been constituted of twenty-five members, representing the great powers with the general interests, with the rights of other nations having particular interests to take part when these interests were involved. There had been no meeting in the interval, of any conference thus constituted, but certain recommendations which purported to have been adopted by the smaller conference, were now before the full conference for adoption. He suggested the advisability of adhering to the procedure adopted.

Premier Clemenceau, in his reply, referred to Sir Robert's remarks as a simple reproach, and said, "I wish, that there was no doubt that the conference was sitting because Sir Robert Borden had attended it on Friday to discuss matters which affected Canada. The point at issue, between Sir Robert Borden and the President of the Conference, is the status of the committee of ten, which, after organizing the conference, is continuing in control. This committee is substantially identical with the supreme war council in fact, it sits as such in the intervals between its deliberations on peace.

MANY KILLED IN RAILROAD WRECK

One of Many Wrecks Recently Occurring in Nicaragua.
Managua, Jan. 27.—Many people were killed and injured in a railroad accident on Sunday near Masaya, Nicaragua. The accident was caused by spreading rails and the explosion of the locomotive boiler.
There has been several wrecks on this railway recently and the population is demanding that something be done. The government has appointed a commission to investigate the latest disaster and place the responsibility for it.

GERMAN PEOPLE STILL IN DARK

Paris, Jan. 27.—A French general, who has just arrived from Berlin, describing conditions in the German capital, in the Matin, says:
"The German people, believing the war is over, think that their bad times are at an end. They do not believe that the German army was beaten and that therefore no war indemnity will be exacted. They labor under illusions regarding the feelings of the American people, especially President Wilson. I have seen processions passing the Adlon Hotel, cheering the general in command of the American mission in Berlin."

SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

Spend a few cents! Dandruff disappears and hair stops coming out.
Try this! Hair gets beautiful, wavy and thick in few moments.
If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.
Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scrub robs the hair of its lustre, its strength and its very life, and not overcome it produces dandruff, itching and itching of the scalp, the hair roots fatten, loosen and die; then the hair falls out fast.
If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter for a few cents; apply a little as directed, and ten minutes after you will say this was the best investment you ever made.
We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine, if eventually—why not now?

SEED REGULATIONS

PREMIER FOSTER RECOMMENDS WAR SAVINGS STAMPS

Points Out That Thrift Stamps Afford Excellent Opportunity to Small Investor.
Premier Foster of New Brunswick, endorses unreservedly the War Savings Stamp movement, being especially impressed with the advantages of Thrift Stamps. He points out that they afford to the person of small means an opportunity to save profitably which, hitherto, has been denied to this class. In a recent statement he says:
"I have followed with much interest the War Savings Stamp movement. There is no doubt that the education of the saving instinct in the young

people of today will mean much to the country in the future. The Thrift Stamp—probably the smallest form of investment in the world—will enable the children to assume a share of the burdens of their elders and will also permit the quarters of the newsboy, as well as the millions of the bankers, to become a part of the nation's investment.
"Hitherto, the country has borrowed in large amounts and bonds were issued in denominations so large as to be beyond the reach of the person of small means.
"The Thrift Stamp Plan opens the door to the smallest investor who can share in the same liberal rate of interest. To lend to the government in France is considered a privilege. The prince and the peasant were rivals in their efforts to provide their beloved country with funds in the war that has just ended. Thrift has been the watch word in France, and her savings since 1870 have proved her saviors since 1914. The Thrift Stamp will enable New Brunswick and Canada to do the same. The effort should not be confined to children. Men and women, boys and girls should join in this race of thrift. Cities saved become quarters, quarters kept become dollars, and dollars added to each other—mean bonds—interest-bearing, absolutely safe—Government Bonds.
" My advice to you is to save while you are young and strong and when you are on life's descent the path will be smoother and easier to travel."

GERMANY RIGHT AFTER BUSINESS

Canadian and Imperial Military Buttons, Shoulder Badges, etc. Are on Sale in Bonn Stores.
Ottawa, Ont., Jan. 27.—Germany has lost the war, but not its old-time commercial trickery, according to a notice received from overseas by the Director of Public Information, Fred James, official correspondent with the Canadian Corps, who writes from Bonn, Germany, as follows:
"An example of how the Germans are eager to get trade is shown by the fact that Canadian and Imperial military buttons, shoulder badges, etc. are on sale in the stores in Bonn and vicinity, the product of a factory at Coblenz. They are very good imitations, and might pass as British made if the manufacturer's knowledge of English were not faulty. On the back of the buttons is stamped "Extra Petit."

Was Troubled With BOILS FOR SIX MONTHS.

From the days of Job to the present time, boils have been one of the greatest afflictions of the human race. Very few people escape from having them at some time.
All the polishing and lancing you may do won't cure them and stop more coming.
Boils are caused by bad blood bursting out, and the bad blood must be made pure before the boils will disappear.
Burdock Blood Bitters is the greatest blood purifier known. It cleanses the system, and purges the blood by removing every particle of foul material from the system, and when this is done, never another boil comes and health and strength are permanently restored.
Mr. C. H. Bridges, 470 Barton St. E., Hamilton, Ont., writes:—"I was troubled with boils for about six months and tried several remedies without any result until I tried Burdock Blood Bitters, and the effect has been wonderful. After using two bottles, I was rid of them all. I feel like a new man; my appetite is better, and I sleep better than I have for years. I can highly recommend Burdock Blood Bitters to all who are troubled as I was."
Burdock Blood Bitters has been on the market for the past 40 years and manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

LABORERS AT BERNE QUITE OPTIMISTIC

Believe That Peace Conference Will Evolve Plans for Better Labor Conditions.
Berne, Sunday, Jan. 26. (By The Associated Press)—A tone of cautious optimism as to the results expected to be attained by the international labor and socialist conference now assembling here, characterized the views expressed today by Hjalmar Branting, the Swedish socialist leader, on his arrival to attend the gathering.

Mr. Branting mentioned the visit paid to Paris by Arthur Henderson, the British labor leader, and his conference with Foreign Secretary Balfour as an indication that the peace congress intended to attach weight to the demands and desires of labor. He hoped, he said, that the conference would find a way to establish, perhaps, a minimum of living standards for workingmen, although he recognized it naturally was impossible to attempt to standardize wages, since the buying power of money and prices of commodities varied so largely in the different countries. Thus, he adds, it was utterly out of the question for the European laborer to achieve the American wage scale because the European cost of living, theoretically, at least, was not on a par with the American.
He was extremely pessimistic as to the German workmen's future, declaring that the situation in Germany was extremely critical, despite the fact that the Berlin press, in indicated as another of the numerous symptoms of the revival of the German imperialistic spirit which may be found, in some degree in everything coming out of Germany, the Paris newspapers contend.
All the newspapers declare that the Allies will have to watch closely the efforts of conquered Germany to rise again, one of the commentators declaring.

WAR TO FACE A Civilian

EARLY in the war, the Government realized the returned soldier would need one of three things.
(1) If he was ill, he would want to be made.
(2) If he was so disabled by service that he had not follow his old occupation he would want an opportunity to use his power to "make good" as a civilian.
(3) If he was fit, he would want to be put in touch with employment opportunities.
To help in this three-fold service the Dept of Soldiers' Civil Re-Establishment was organized.

KEEP YOUR EYES ON GERMANY

There Are Symptoms of the Revival of the German Imperialistic Spirit in Everything Coming Out of Germany.
Paris, Jan. 27.—(Havas)—It appears from accounts received that the resignation of General D. Von Winterfeldt, as a member of the German Armistice Commission was handed in because the general said his dignity, and that of his country, had been offended.
Commenting on this the Paris newspapers characterize the resignation as part of a plan for a reactionary campaign. They point out that the German wireless service gives what they characterize as an "extremely insidious" account of the incident, indicating that new Berlin government feels itself strengthened since the National Assembly election and the crushing of the Spartacists, and again feels free to use haughty language.
The warm welcome of General Winterfeldt's action, expressed by the Berlin press, is indicated as another of the numerous symptoms of the revival of the German imperialistic spirit which may be found, in some degree in everything coming out of Germany, the Paris newspapers contend.

POET D'ANNUNZIO SLAPS FRANCE

Says it is Working Hand in Hand With Jugo-Slavs Against Italy.
Paris, Jan. 27.—Poets at times are forgetful," is the heading given in the Matin today to a paragraph expressing regret that Gabrielle d'Annunzio, once so freely feted by Paris, has written an article for an Italian journal in which he accuses France of working hand in hand with the Jugo-Slavs against Italy. The poet, the Matin says, has raked history to find arguments to stir up Italy against France, going back to the carrying of the bronze horses at St. Marks in Venice by Napoleon.
"D'Annunzio," adds the newspaper, "occasionally declared he could write no more romances, but he has written one more, and this nation will read and forgive, remembering the poet's previous tributes to France, and the splendid part he played in inducing Italy to enter the war."
