

Comb Sage Tea In Hair To Darken It

It's Grandmother's Recipe to Keep Her Locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mossy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of Sulphur Compound. It is very popular, because no body can discover it has been applied. Simply moisten the comb or a soft brush with it, and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

Soviet Russia Once More Under Wave Of Typhus Fever

Moscow itself Hard Pressed by the Epidemic and Toll Exact is Very Heavy.

Moscow, March 16.—Soviet Russia is once more under the shadow of an epidemic wave of typhus fever and recurrent typhus which has been spreading since November last. The Voigla family area is chiefly affected. In the centre of Russia the epidemic has invaded the big towns of the Moscow and Petrograd governmental districts and in the west the cities of Minsk, Smolensk, Vitebsk and in the north Volozhna.

In Moscow itself the epidemic is growing rapidly and the toll which it is exacting from the Moscow population is already now seven or eight times larger than that of last season, and it is feared that before the winter months are over it might well overgrow the epidemic of 1919.

In December over 4,000 cases of typhus were registered in Moscow while during the first three weeks of January 4,732 cases were registered in hospitals. But the real number of cases is much higher than this figure. The epidemic shows no decline and death casualties are not below 40 per cent. Hospitals and medicaments are very inadequate. The Moscow hospitals are overcrowded and the Moscow Soviet is trying to provide 3,000 new beds in them to meet the epidemic.

The railways are the channels by which the epidemic is carried from the famine-stricken area into Moscow. Every train brings lice from the Volga districts. The Moscow stations where many refugees' homes as well as prisons, concentration camps and Tartar hotels are the chief centers which feed the epidemic here.

To cope with the situation, the government stopped passenger traffic on the Eastern railways for six weeks. Batches have been organized at Moscow railway terminals and all refugees and military detachments arriving here are compelled to use them. In Moscow itself facilities were afforded in all districts.

DAUGHTER REFUSES TO LIVE WITH FATHER

Parent to Seek Aid of Court in Effect to Get Child from Convent.

London, Ont. March 16.—William Link, father of Grace Jean Link who on Saturday chose to remain at St. Joseph's College, Hamilton, rather than accept a home with her father and his second wife, stated today that he is giving instructions to his solicitors to proceed at once through the courts to force the girl to return to his home, or in the alternative to leave her present associations and become a Protestant.

COULDN'T DO HOUSEWORK HEART WAS SO BAD

Many women get weak and run down and unable to look after their household duties owing to the heart action becoming impaired or the nervous system unbalanced.

Nature intended women to be strong, healthy and happy instead of sick and wretched. But how can a woman be strong and healthy when day in and day out she has to go through the same routine of work, sweeping, dusting, cooking, washing, etc. Is it any wonder that the heart becomes affected and she gets irritable and nervous, has hot flashes, faint and dizzy spells, smothering and sticking spells and can't sleep at night.

To all women whose heart is weak and whose nerves are unstrung we recommend

MILBURN'S HEART AND NERVE PILLS as the best remedy to tone up the system and strengthen the weakened organs.

Mrs. Daniel Besanson, Loganville, N. B., writes: "As I was troubled with a weak heart for nearly two years I am writing to tell you what your great remedy, Milburn's Heart and Nerve Pills, has done for me."

My heart was so bad at night I could not sleep, I would take another pill, and was so weak I could not do my housework. I tried two doctors, but got no results. A friend advised me to try your pills. I used six boxes and am completely relieved. I think they are the best remedy for heart trouble there is."

Price 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited Toronto, Ont.

Two Delegations At Common Council

East St. John Ratepayers Ask for Union With City—Change in Market Regulations Requested.

Two delegations were heard by the Common Council in committee yesterday morning.

A delegation of ratepayers from East St. John was heard regarding a proposed union of that district with the city.

W. F. Burditt pointed out the value to the city of the union with Portland and said economy is effected by carrying on work under one management.

The ratepayers of East St. John have drafted terms and conditions and are willing to pay a fair share for improvements, and propose a half rate for taxation. They would accept an abatement of tax for services which are immediately required.

A. E. Cameron spoke of water and sewerage requirements and of the new industries to be developed.

Mr. Flewelling told of the rapid growth of East St. John in five years, while J. E. Quinn said the city should give an early answer.

Mr. Burditt said the assessment of the section of East St. John for which union is proposed is \$400,000.

The Mayor observed that at three cents this would give the city only \$12,000 a year in taxes.

Mr. Burditt said the area, extended from One Mile House to Little River and from the proposed docks to the Catholic cemetery.

There was a bond issue of \$65,500 on the school in a 35 year term, which is being paid off at the rate of \$1,603 a year.

Messrs. Burditt and Quinn said that of course a plebiscite would have to be held in East St. John. The latter suggested plebiscites in two zones, which would include the thickly and sparsely populated areas, respectively.

Speaking of sewerage, the Mayor said the cost is so great that the city may have to adopt a system whereby part of the financial cost will have to be borne by those receiving benefit from sewerage construction.

The Mayor asked the delegates that council would discuss the matter as soon as possible.

J. B. Dever represented a delegation who are doing business at Haymarket Square, and said that recently several were taken to court on forestalling charges. He pointed out that on the other side of the street merchants in what was Portland pay neither license or market toll. He characterized the practice as discrimination and thought a remedy should be provided.

Before a farmer can legally do business with a dealer in Haymarket Square the farmer must have his goods on sale at the market for three hours and pay toll.

Com. Thornton said the market and the law are intended for the consumer. He said some farmers came in and sold goods without paying toll. He said any farmer who reported to the market clerk and who paid the market fees would get permission to sell outside the market.

Mr. Dever pointed out that another required display in the market three hours.

Mr. Dever also said that the delegates had no objection to paying the license and the toll, but objected to the delay.

Mr. Dever said the act could be amended so as to provide for payment by the farmer of the market tolls to the merchant who buys outside the market.

On suggestion of the Mayor, Com. Thornton, Mr. Dever and the market clerk will consider an amendment to the act.

A communication from H. S. Keith, presenting Hannah Donovan, alleged that her cellar had been flooded through the backing up of water in the sewer which empties into Marsh Creek. The damage usually occurred in heavy rains and during snow storms. The letter also called attention to the filling up of Marsh Creek through dumping by the C. N. R. and other causes.

The Mayor remarked that the creek may have to be dredged. The communication was referred to Com. Jones for a report.

Com. Jones said the water rates would be fixed on Tuesday next and that the councillors of the parishes concerned had been invited to attend the meeting.

Discussion took place regarding the petition of the residents of East St. John concerning union. The Mayor said the proposed terms drafted by the petitioners would have to be gone into carefully, especially the suggested half rate of taxation. He announced that a special meeting will be held on Wednesday next at 3 p.m. to go into the proposal of union.

Adjourned.

LORD LISTER & ZAM-BUK

Lord Lister's discovery of antiseptic surgery has saved the world a lot of lives, but it has been left to Zam-Buk to bring into millions of homes the full benefits of antiseptic healing.

Zam-Buk is the greatest antiseptic healer the world has ever known. Being of a natural vegetable origin Zam-Buk has distinct and positive advantages over old-style mineral ointments.

Zam-Buk is a compact and highly-refined herbal balm with an antiseptic power many times greater than that of any ordinary salve or ointment. Zam-Buk kills and excludes disease germs, and instantly allays pain and irritation. It first cleanses a sore place and then grows over it a new healthy skin.

As a first-aid dressing for injuries, and for soothing such troubles as eczema, ulcers, ringworm, abscesses, poisoned wounds and piles, Zam-Buk is used the world over. It has the high endorsement of Dr. Andrew Wilson and other well-known doctors, surgeons and nurses.

THE WORLD'S ANTISEPTIC HEALER

LENINE GRANTS CONCESSION TO POWERFUL I. W. W.

Big Bill Haywood to Get Big Slice of Soviet Pie.

Moscow, March 16.—William V. ("Big Bill") Haywood heads a group of American I. W. W. to whom Premier Lenin has granted a concession to operate the big Nadezhinsky iron works in the Ural mountain region, part of the coal mines in the Kuznets basin and auxiliary factories.

It is stipulated that 4900 fully-qualified American workers with a technical personnel shall be brought into Russia to operate the properties and that each of them must purchase \$100 worth of tools or instruments for his own equipment and sign an agreement to observe all the rules of the soviet labor code.

The announcement states that the governments assigned \$300,000 to fund financing the undertaking. It is also to provide wood to build homes for workers and assign 27,000 acres of land for agriculture. The American workmen are to be organized into a trade union association. The whole production of all these concessions is to go to the government, which undertakes to supply the workmen with a ration and allow them part of the production as necessary means to carry on further work.

The agreement is to hold for two years. If the workmen desire to leave Russia earlier, the government is to assist them to return to their country after they have handed over to the state the works and factories that had the installations and instruments brought from abroad.

Haywood disappeared from the United States last year while under \$45,000 bail after he and about 90 others of I. W. W. men had been convicted of espionage and conspiracy. He has since taken part in the deliberations of the Third Internationale here.

Acids In Stomach Cause Indigestion

Create Gas, Sourness and Pain How To Treat.

Medical authorities state that nearly one-third of all cases of stomach trouble, indigestion, sourness, burping, gas, vomiting, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of gastric juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisulphate of Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisulphate of Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Local Amateurs Score A Big Hit

Comedy Drama "All the Comforts of Home" Appreciated by Large Audience.

A complete knockout, abounding in good, clean comedy, ludicrous situations, and side-splitting cross-pilots, was the four-act comedy, "All the Comforts of Home," which was played by a talented cast of local amateurs in St. Vincent's Auditorium last night.

The audience, which taxed the seating capacity of the spacious auditorium, displayed a decided spirit of appreciation from the moment the curtain went up in the first act until the closing moments of the play, and were generous in their applause at all times. The play was put on under the auspices of the dramatic committee of the Y. M. C. A., and the proceeds realized from the different performances will be used in aid of the Catholic orphans. The direction of the play was in the capable hands of John McChesney and D. J. Corr, and it was due in no small measure to their combined efforts that the performance attained the success it did.

Among the pleasing features of last night's entertainment were the two specialties. These included a solo by Miss Lillian Garnett, which was heartily appreciated by the audience, and a solo by W. J. Melody. The latter, in his usual finished manner, rendered a new song, the words and music of which were composed by Mrs. Mary A. McAlway, of Adelaide street, this city, and entitled "I Must Get Back Home to Ireland." The song, which has not yet been published, made a decided hit with the audience, which augurs well for its future success.

Mrs. McAlway acted as accompanist for Mr. Melody. Excellent music was provided during the intervals between the acts by a fourteen-piece orchestra from the Church of the Assumption Society, under the direction of Frank Waddington.

The story of the play briefly is as follows: Mr. Pettibone, becoming suspicious of his wife, takes her and their daughter on an extended tour of the continent, leaving their home in the care of their impetuous nephew, Alfred. The father decides to make a while easy money by renting the house to lodgers, and in this scheme he is assisted and backed by his cronies, Tom McDow. The result of their activities brings them in an oddly assorted collection of roomers, and these difficulties begin. Things become quite confused for the amateur landlords, and complex situations arise at every angle. To make matters worse, the owner of the house returns unexpectedly, and begins to begin to happen. After a series of side-splitting situations have been disposed of, the difficulties are finally worked out to the satisfaction of all, and the story ends in the usual way.

The members of the cast are deserving of great praise for their very creditable performance last night, the success of which augurs well for the performances this afternoon and evening.

The cast of characters follows: Alfred Hastings.....Fred A. Hazel Tom McDow.....David J. Higgins Theodore Bender.....Francis X. Jennings Josephine Bender (his wife).....Miss Kathleen O'Malley Evangeline Bender (their daughter).....Miss Irene O'Brien Egbert Pettibone.....Roy McIntyre Isabel Pettibone (his wife).....Miss Clare McGrath Emily Pettibone (their daughter).....Miss Josephine Conlon Mr. Dalme.....Robert J. Garret Judson Langhorne.....Edwin Martin Fifi Orttanaki.....Miss Beatrice McGuinness McSnath (from the Heilshof).....F. J. McCullough Victor Smythe.....John McNeill Thompson.....R. P. McIntyre Basiliff (a maid).....Harold Murphy Susan (a maid).....Miss Margaret McCarthy Gretchen (a maid).....Miss Mary Conlon

JUDGMENT FOR PLAINTIFF

In the case of the County against Stevens in the Saint John County Court in Chambers, judgment was given yesterday by Judge Armstrong in favor of plaintiff, for \$200 and costs. B. L. Gerow was the plaintiff and J. A. Barry for the defendant.

Provisional Plan For Government Of Palestine

High Commissioner to Appoint Council Constituted as Directed by British.

London, March 16.—Provisional plans for the future government of Palestine under the British mandate which have just been issued make provision for the appointment of a High Commissioner to be known also as Commander-in-Chief. He is to have power to appoint an executive council to be constituted in such a manner as may be directed by the British government.

The High Commissioner will also be assisted by the Legislative Council of 35 members. Of these latter, 15 are to be elected and every man in Palestine over 25 years old will be entitled to vote.

The High Commissioner would be authorized to divide the country into provinces or districts and all rights in public lands and also all mines and minerals.

Three languages, English, Arabic and Hebrew are to be permitted in the debates of the Palestine Council, in government offices and law courts.

If any religious community or any considerable section of the population in Palestine should complain that the terms of the mandate were not being fulfilled, it would be entitled to present a memorandum to that effect to the Legislative Council or the High Commissioner who would be required to forward it to the Secretary of State for submission to the League of Nations, "unless the High Commissioner gives a written reason to the petitioner for not forwarding it."

35c. the Large Bottle BRAYLEY DRUG CO., LTD. ST. JOHN, N. B.

The Hon. Frank Carrel, LL.D., M. L. C., editor and proprietor of the

Quebec Daily Telegraph, director of several Canadian companies, and author of several books, will leave here today on the Canadian Pacific Steamships Ltd., liner Melita for Liverpool. He will be accompanied by his wife. Another prominent passenger is J. L. McNichol, who is leaving Canada for Siam, where he will assume his new duties as pulp and paper expert for the Siamese Government. He is going via England, Marseilles, Naples, Port Said, Colombo and Penang, thence by rail to Bangkok which place he hopes to reach by May 1. He was assistant paper controller for Canada under the War Measures' Act. He is to establish and put in operation a complete pulp and paper mill for the Siamese Government and will then train the natives of that country in the art of pulp and paper making. He is under a two-year agreement.

The Melita is expected to have about 700 passengers, 2,100 tons of general cargo and six loads of mail.
