COUGHING ALL NIGHT.

It's this night coughing that breaks us It's this night coughing that breaks us down, keeping us awake most of the time, and annoying everybody in the house. Lots of people don't begin to cough until they go to bed. It gets to be so that retiring for the night is an empty form, for they cannot rest that gave me birth, ask you to tell the people there something I have learned here from fishermen, who are invariably from the Mediterranean. To go back, however, to my Premier Had to Decline Invitation.

demand for what was called "cod liver oil," which, if pure, was made from what is termed the liver of codfish, and it really had some considerable merit towards ward ing off consumption. Now this fish liver. although full of oil and therefore heat producing, we never thought of eating, but I find that it is considered by my Mediter-

the night is an empty form, for they cannot rest. Adamson's Botanic Cough Balsam makes life worth living to such people by its south-ing effect on the throat. The "tickling sen-sation" promptly disappears when the use of the Balsam is begun, and the irritation goes with it. This medicine for cough hasn't a disagreeable thing about it, and it does efficient service in breaking up coughs of long standing. It is prepared from barks and roots and gums of trees, and is a true specific for throat troubles. Handling coughs is a science that every-one should tearn. Not knowing how to treat them has cost many fortunes and many lives. In Adamson's Balsam there are the elements which not only heal inflammation, but which protect the inflamed parts from further irri-tation. The result of this is that the tend-eboy to cough does not manifest itself, and you are surprised at it. Atferward you would not be without Adamson's Balsam at hand. This remedy can be tested. 25 cents at any druggist's.
