# DRINKING WATER

Ottawa, April 16—The federal government's bill for drinking water from Jan. 1, 1912 to March 14, 1914 was \$4, 255. This information was furnished in a return tabled in the commons this afternoon. Since the typhoid epidemic in Ottawa some two years ago all civil servants in the departments of state at the capital have been drinking spring, or distilled water.

Women are the best readers of

Is there not a direct connection of cause and effect between these two facts? Woman has proved for herself that it pays to know what is be-ing offered before she buys.

She knows what her dollar is worth and she means to get the most for it.
