

Has Every Pastor

we pause to ask, examined our new **Hymn and Tune Book**, and seen for himself its great usefulness to him as a practical aid in his pulpit work? He will find in this book, in each edition, a copious Index to the Hymns, textual and topical, which is alone worth the price of the book. Over 1,200 texts are referred to, and suitable hymns attached. (The present Index in the hymn-book has only about 170 texts.) In the topical index about 1,300 topics and sub-topics are to be found, as compared with 450 in the old index.

Whatever may be the subject of discourse, suitable hymns may be selected by the help of this new index at a moment's warning.

We would most earnestly request all pastors to help the sale of this book by bringing it to the attention of their choirs and congregations.
