Coolidge On The Negro

In his message to Congress on Tuesday, President Coolidge had the following to say concerning "The Negro":

"The social well being of our country requires our constant effort for the amelioration of race prejudice and the extension to all elements of equal opportunity and of equal opportunity and equal protection under the laws which are guaranteed by the constitution. The federal government especially is charged with this obligation in behalf of the colored people of the nation. Not only their remarkable progress, their devotion and loyalty, but our duty to ourselves under our claim that we are an enlightened people requires us to use all our power to protect them from the crime of lynching. Although much decreased, while any of it remains we cannot justify neglecting to make every effort to eradicate it by law.

"The education of the colored race under government encouragement is proceeding successfully and ought to have continuing support. An increasing and trained medical skill to be devoted to the service of his race."

Negro Soldiers Are Good Marksmen

New York. (N.A.C.P.P.S.)—The New York Times carries a special dispatch showing the high rank accorded by War Department records to Negro soldiers as marksmen in the U. S. army.

The highest score was made by the white 30th infantry with 98.3 per cent., but only 73.6 per cent of its riflemen took part. Next came the 45th infantry, a Philippine scout regiment, with 98.6 per cent.; the 42nd infantry, a Porto Rican regiment stationed in Panama, with 98.1 per cent and the 25th infantry, a Negro regiment at Nogales, Arizona, with 98 per cent.

The record of the Philipinos and Negro soldiers was remarkable, says the Times dispatch, because 91.3 per cent and 92.3 per cent of the respective personnel finished the course.

Three Killed in Fall

Birmingham, Ala., Dec. 8.—Three colored workmen at the F. C. D. plant fell to their death Friday morning when the scaffold on which they were working became over balanced. The victims were Charlie Holmes, Nathan McDowell and Tom Sallywhite.

According to witnesses 14 men were engaged in tearing away the inside walls of furnace No. 6 when the accident occurred. The scaffolding inside the furnace became tilted and the three fell to the bottom, a distance of 40 feet. The furnace had been blown out three days previous, but the fire had not been completely put out and the bodies of the men were horribly burned. None of the other workmen was injured.
