Citizens Decide To Form Amateur Athletic Assoc.

Excellent Advice by Prominent Sportsmen. Membership Campaign Under Way. Representative Meeting Was Held.

An amateur athletic association for this city and Waterloo now is assured. A meeting for the purpose was held in the city hall last evening when a big attendance of citizens representative of all ranks and occupations was present. The special committee which had started the preliminary was instructed to proceed with a membership campaign and to call another meeting for organization in the near future.

The meeting last evening had the privilege of hearing addresses by prominent men from Toronto, on amateur athletics and the necessity of developing them. Their words should have been heard by all citizens. However, as it was the three dozen attendees at the meeting received the benefit and encouragement to proceed. Good results are certain to follow.

The meeting was presided over by proposition and then decide whether

they want to organize.

Mr. Lang called on the visiting gentlemen from Toronto to give some information and their opinions regarding the proposition Mr. Bert Hewitt, secretary of the O.A.A. and prominently identified with the Canadian Amateur Athletic Union was first called on. Mr. Hewitt pointed out that the movement is a wide one, being noticeable all over the province. In Toronto the Toronto Amateur Athletic Federation had been formed, at the organization meeting one of the chief problems that came up was that of sufficient playgrounds in that city. The idea of the organization was to effect a proper coordination between the various amateur organizations and branches of sport. Kitchener would undoubtedly benefit by such a coordination. The idea had to do with the development of the coming athlete. The boy of school age had to be encouraged and assisted. It was up to the older men to assist the juveniles through coaching, refereeing umpiring and showing them how to play the game. They would learn far more by having competent officials at their games.

Mr. P. J. Mulqueen, chairman of the Canadian Sportsmen's Patriotic Association, Toronto, spoke. He alluded to the good work that had been done by the association in fostering sports at the front and providing entertainments for the wives and families of men overseas. At the front the life of the soldier was made as pleasant as possible by the association. All was done in a way which reflected credit on the sportsmen. Today the association had \$8,500 in the bank, the financing as done set to tonight an opinion that sportsmen are not good financiers. Mr. Mulqueen saw no reason why the organization should not be a success in this city.

Too Common a Tendency
Mr. Francis Nelson, one of the governors of the Canadian Amateur Athletic Union, was called on. He put up a fine defence of the real sportsman. He pointed out how the good sportsman is so frequently underrated as also the value of sports. He regretted this lack of appreciation. It was due to ignorance or indifference. It was a fact that sports was one of the most educative and formative factors in a community, it was next to religion.

Regarding the lack of appreciation of the value of sport Mr. Nelson stated that in his opinion newspaper editors and the churches were not doing their full share in supporting sport. The churches had failed to recognize the value of sports. They were lax in their editorial comment on sport. The tendency had been only to refer editorially to sports when something had occurred and not say anything about it at other times. While it was true there had been some improvement of late it was a great room for improvement.

"Our way is superior to the dollars and cents method. We can't go to the state of the dead march all the time, now that the war is over," he remarked. Mr. Nelson impressed upon the meeting the necessity of having a high standard in sport, which he pointed out was expected by the opponents of sport.

"What an example good sport set! If all the rules in sport were observed in business it would be as if the millennium had arrived! In sport one could not hit a man below the belt, nor could one hit him when he is down! What a splendid lesson!

He hoped that the movement to organize in this city would meet with great success, in fact he was certain it would. Such an organization would be a lasting monument to men who started it.

Mr. William Smith, the organizer of all amateur organizations in Toronto outlined what had been done in that city. One of the great important accomplishments was the bettering of the prospects for ample playgrounds for the use of the Parks Commissioner in that city did not issue permits for the use of grounds without the sanction of the Toronto Federated Amateur Athletic association. Locker and other conveniences at the parks had been improved.

May Hold Annual Field Day Here

Mr. Smith encouraged the city to proceed to organize. He stated that it might be probable that should the association here put in an application that the provincial field day would be held here next year.

The visitor stated that in his city it was interesting to note how the young fellows were taking hold and organizing. There were the middle series, the juveniles, juniors, intermediate and senior.

Support the Proposal

Supporting the proposal to organize were Mr. H. W. Brown, Mr. E. D. Cunningham, of Waterloo, Mr. E. D. Lang, Chairman of the Public School Board and others. On the motion of Mr. Wismer and Mr. Cunningham it was decided to proceed. Mr. H. Starn was elected interim secretary. After the close of the addresses a membership campaign was started, all signing up. The hall is rolling. So at any moment they may call on the reader to become a member. Why not get two thousand members? Galt has fifteen hundred; why could not we?

CONTRACT LET FOR PRESTON CLUB HOUSE

A special meeting of the Executive of the Preston Lawn Bowling Association was held. The meeting was well attended and considerable business was transacted among which was the letting of the contract for the new club house. Contractor Jas. Engle will erect the building which has to be completed by May 25th. The club house to be erected is to be a handsome structure and when completed will greatly improve the appearance of the greens and in addition will be of great convenience to the local bowlers and to the members of the visiting links. The officers of the club this year are doing everything in their power to make this the banner year of the club and from all appearances they are doing to be successful with the new club house and the green never in better condition than it is at the present time and last and best of all, 15 new members. The Games Committee will meet some evening in the near future and they intend to keep the members bowling. They will send links to all the tournaments within 100 miles of Preston and in addition they intend to have a number of local tournaments for the local bowlers only and also a one-day tournament open to all clubs on June 4th.

The M. O. Got Off To a Start

With four games listed all on the other side of the border the Michigan League started its season this afternoon with every promise of success. The bookings for the inaugural are as follows:

Hamilton at Flint.
Brantford at Sarnia.
Kitchener at Bay City.
London at Battle Creek.

Most of the Canadian clubs were accompanied by delegations of players and Detroit sent a party to Battle Creek with the league President.

Umpire assignments are—Bay City L. C. Fyle; Flint, W.A. McKeet; Battle Creek, Tom Anderson.

There were the usual ceremonies at all of the cities, and other events of special interest. The league offers a trophy to the town that brings out the best attendance in proportion to its population as certified to the National Association. That body offers a cup for the best hitter in the league and another such seasonal is said to be in sight.

GOOD BALL GAME AT LONDON AS FINAL WORKOUT BEFORE OPENING SEASON IN MICHIGAN WAS DISHED UP HERE YESTERDAY.

LONDON lay 15—The London Tecumseh outscored Kitchener yesterday afternoon at Tecumseh Park by 7 to 6 in an exhibition game of spirited baseball as a workout for both teams before they left for the opening of the M.O. League in Michigan to-day.

The contest was unlike the usual exhibition affair since both teams went upon taking each other measure since the players took the result as a probable criterion of their genuine strength as a league aggregation and for that reason the fans were treated to some lively pastime.

Leishman the Windsor hurler blessed with uncanny coolness, held the heavy slugging Kitchener team to six widely scattered hits, apparently easing up in the ninth when the visitors bunched three hits for as many runs.

Opposed to him was George Wade who shaped up well in the box and with better luck and fielding assistance would undoubtedly have proved the winner of a smart pitching duel.

Speed on the bases by the Tecumseh intermingled with some unexpected hitting tactics gained them the decision which was undoubtedly deserved, judging by the defense put up by their opponents.

"Rabbit" Reid romped home in the first inning after waking and going to second on a bunt by Kelly from where he scored when Wade dropped Corcoran's hot liner. Corcoran stole second and scored on Vermily's single.

Andy Kyle here.

A base on balls to Andy Kyle who broke into the Canadian League here as an outfielder in 1911 resulted in Kitchener's first counter. He went to second on a bunt to score on Beatty's double and Beatty scored the tying run on a triple by Wade. In the fifth another was coupled with George's single and an infield out put Kitchener even up again. A single by Vermily Summerhayes' bunt and an error by Scanlon gave London their third run in the fourth.

The victory came to the Indians by a big rally in the sixth which netted them four runs. Summerhayes started it with a single. Gadsby fanned out, Clark singled and Reid walking for a second time filled the socks. Kelly hit a high one on the sun to left field which nobody could get under, driving in Summerhayes and Clark, while Kelly and Reid were not left stranded when Donnelly tripled to deep right field.

Kitchener got within one run of the seven in the ninth when Leishman carefully allowed Wade and Bird to hit after walking Argus.

Harrison batting for George singled and drove in Argus and Bird after Bird had chased Wade in with a wallop.

The score:

	AB.	R.	H.	B.	O.	A.	E.
Kyle, cf.	4	1	0	0	1	0	0
