This is the third year that we have put on a Wheat Guessing
Contest, and the same general rules that have governed our former
contests apply to the contest this year.

On the property of the contest this year

on the Dominion Government Grain Inagector's office, winnipeg.
The wheat and bottle were taken to the Dominion Weights' and
Measures' Office, and exactly 12 pounds of the wheat weighed out
the presence of two witnesses. The bottle was then photographed and
deposited with the National Trust Co., and will remain in their
vaults until the contest closes June 2001, 1911, when it will be taken
out and counted by a board of three judges, none of whom are in
the sealed bottle of wheat is shown on the cover of this issue.
Everyone who sends in a year's subscription for The Canadian
Thresherman & Farmer, either new or renewal, is cnitided to
whatever way desired, and you may send in as many estimates as
you wish. Remember every additional estimate increases your
chance to win the Automobile. Guess early and increase your
chance of winning, for it is the first one that guesses nearest to the
The subscription price of The Canadian Thresherman & Farmer
in Canada and Great Britain is \$1.00 a year. In United States and
foreign countries \$1.50 a year. All subscriptions are positively
discontinued when they expire, unless renewed.

OUR 1908 CONTEST

OUR 1908 CONTEST

In the winter of 1908 we put on a Wheat Guessing Contest as to the number of kernels in 15 pounds No. 1 Northern Wheat. When the contest closed it was found that there were 257,885 kernels, and the man who won the first prize was Mr. Giesler of Brant, Alberta.

OUR 1909 CONTEST

Last year we put on a Wheat Guessing Contest as to the number of kernels in 8 lbs. 8 and 7-16 ozs. No. 2 Northern Wheat, and it was found there were 143.72 kernels. The first prize went to Mr. other than the contest appeared in the July issue of The Canadian Thresherman and Farmer.

Withthe above facts to work from you should be able to form an estimate as to the number of kernels in the bottle this year. Or better still get some No. 2 Northern wheat and count it out and form your estimate from that.
