Advertising Rates: Single insertion 50 cents per inch, one third extra for each additional insertion. Locals 10 cents per line. Black local 15c per line. Contracts rates furnished on application.

Remittances should be mailed direct by money order postal note, express order or registered letter. Discount on checks charged against the remitter.

The date on Label shows to what time subscription is paid. Labels are changed every four or six weeks. If not changed within six weeks after remittance notify the office to correct.

Cards of thanks, obituary, poetry and all church and philanthropic societies notices of meeting at which entrance fees are charged are subject to our regular advertising rates.

Non receipt of papers regularly should be communicated to us for our investigation at Post Office.

The paper is sent to subscribers until an order is received for its discontinuance and subscription is paid in full.

Correspondence is requested, but we reserve right to reject any where writer will not assume the responsibility over his own name. No correspondence of any kind inserted without the name of sender being given (not for publication.)

Address: H. G. HARRIS, or The Advertiser, Kentville.

**AWAY WITH THE DOGS**

An exchange says: "Undoubtedly the question of fencing and shelter is the greatest objection to sheep raising on the average farm."

To this we would add raids by worthless dogs. While conversing with a prominent sheep breeder in the vicinity of Sussex, a few days ago, one, who by the way brought in the most wool to the local wool growers centre last spring—he told us that he had disposed of his entire flock owing to the ravages of dogs during the fall and summer months. Discouraged? Yes discouraged by seeing his best ewes and lambs torn, bleeding and dead and the profits expected and in sight, wiped away by the average of worthless dogs that are so safely entrenched behind a worthless dog act. Like Lincoln's immortal "Are slave owners the best lawgivers on slavery?" It seems that dog owners are the law givers for the protection of the sheep industry, and consequently the sheep industry dwindling while the many curs are rolling in luxury. The situation is critical and calls for an immediate remedy. Save the producing industry by doing away with the blasted dogs.—Maritime Farmer.

**PROTECTION FOR THE HORSES**

(Yarmouth Post)  
 One must hand it to George E. Graham, of the D. A. R., for doing things when he sees the need. A few weeks ago the freight shed was hauled to the west side of the track. This made a better looking station ground and was more convenient in other ways but it was hard on the horses and drivers. On the east side they could drive into the shed and unload in comfort; on the other side they could not get under cover and were exposed to the cold bleak winds blowing right off the harbor. Today carpenters started to cover in the driveway, practically making it a part of the shed. If the horses could talk they would be sounding notes of gratitude.

**Kings County Poultry Club "I FEEL LIKE A NEW BEING"**

Post Office Inspector's Office, Halifax, 13th. Nov. 1916.

**HOW SUBMARINES ESCAPED THE PATROL**

Providence, R. I., Dec. 4—The Providence Journal says this morning:

"The wireless warnings recently issued to captains of merchant vessels in the Western Atlantic were put out by the order of the British Admiralty, with the full knowledge that there are now in the neighborhood of West Indian waters two large German submarines which have been here since the visit of the U-53 and also because of the knowledge of the British Admiralty that two other German submarines of the newest and speediest type left Kiel for the coast of the United States on States on November 5 and were able to evade every effort that was made to capture or sink them before they got out of the North Sea.

"The Journal is able to state authoritatively that the plan of despatching four of the new German submarines from from Kiel on November 5, was known in advance to the British authorities that all four submarines left Kiel on that date and at different hours and that two of them were sunk during the same day by British destroyers, the other two getting safely away.

The United States Government has been fully informed of this situation and President Wilson has made strenuous representations to Ambassador Von Bernstorff concerning it.

**About Six Hundred From the Colony Have Been Killed**

St. John's Nfld, Dec. 2—The extent to which the Newfoundland regiment suffered on the opening day of the British drive in July last, became known to-day when figures of its losses were made public. In the fighting near Beaumont-Hamel about one hundred members of the regiment were killed or died shortly afterward from wounds, and the regiment lost 150 officers and men who were listed as missing and of whom no trace has since been found. Of the five thousand men who went from this colony to join the British military and naval forces about 600 have been killed. The principal army losses occurred in last summer's drive and in the fighting in Gallipoli last winter.

MADAM LAPLANTE 25 St. Rose St., Montreal. April 4th. "For over two years I was sick and miserable. I suffered from constant Headaches, and had Palpitation of the Heart so badly that I feared I would die. There seemed to be a lump in my stomach and the Constipation was dreadful. I suffered from Pain in the Back and Kidney Disease. I was treated by a physician for a year and a half and he did me no good at all. I tried "Fruit-a-tives" as a last resort. After using three boxes, I was greatly improved and twelve boxes made me well. Now I can work all day and there are no Headaches, no Palpitation, no Heart Trouble, no Constipation, no Pain or Kidney Trouble and I feel like a new being—and it was "Fruit-a-tives" that gave me back my health."

MADAM ARTHUR LAPLANTE. 50c a box, \$ for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

**POTATOES 1000 BUSHELS TO THE ACRE**

There was much interest in the recent potato demonstration on the farm of E. P. Prentiss at Mt. Hope farm in Williamstown, Mass. Mr. Prentiss has been devoting 4 years of experimental work to growing of potatoes, largely with the object of securing better yields. That he has been unusually successful is attested by the fact that one plot dug a few days ago in the presence of agricultural men from Massachusetts, Vermont, New York and many local farmers, yielded at the rate of the rate of 600 bushels to the acre. The variety was Rural New Yorker. Another variety which Mr. Prentiss has dubbed Mount Hope made 800 bushels to the acre.

It is the belief at Mount Hope farm that potatoes should not be dug less than 13 weeks from the time of blossoming. One plot dug 10 weeks from the blossoming period yielded 800 bushels. Another point of emphasis is the elimination of small hills. In accomplishing this all potato seed in different hills is kept separate. In winter these individual hills are sorted and all small potatoes thrown out, leaving only the sound, true-to-type specimens. The various selected hills are planted by themselves and numbered. There were 2690 such hills so planted this year. There were 15 hills of each number, thus making an immense amount of detail work to keep the checking straight. In some of the seed thus selected and through favorable conditions the harvest at the field day, Oct. 11, showed a yield at the rate of 1015 bushels to the acre.—N. E. Homestead.

**BAD STOMACH TROUBLE**

Yields to Delicious Vinol Shreveport, La.—"I had a bad stomach trouble for years and became so weak I could hardly walk or do any work. My appetite was poor, my food would not digest, I bloated and was very weak and nervous. I tried many remedies without help. I saw Vinol advertised and tried it, and now my stomach trouble is completely cured and I am well."—E. I. MARSHALL. Vinol is guaranteed to tone up the tired, over-taxed and weakened nerves of the stomach and create strength. CLARK'S DRUG STORE, Kentville. Also at the best drugist in all Nova Scotia towns.

Wanted—Two or three rooms for light housekeeping. Address P. O. Box 240. sw 31 x

**ROSS' BOOKSTORE.**

Box 98. Phone 101-3

**THE CORRECT WAY TO TREAT A COLD**

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.

**CLARK'S**

KENTVILLE Tel. 51
