

# From East, West and Everywhere Come Diamond Hall's Mail Orders

☪ And back to "east, west and everywhere" flows the steady and increasing stream of mail purchases.

☪ In ordering from the color-lithograph and half-tone pages of the store's extensive catalogue, customers are given a service as satisfactory as though they visited Diamond Hall in person.

☪ At no other Christmastide has the store's stock been so varied and comprehensive in all lines of Jewelry, Silverware, Clocks, Watches, Cut Glass, Leather Articles, Stationery and Art Goods. As manufacturers and direct importers, we save our patrons all middlemen's profits.

☪ To out-of-town enquirers our catalogue will be mailed on request—without charge of course. On all purchases therefrom amounting to \$1.00 and over, we prepay postage or express. Money is refunded without question if any purchase should not prove entirely satisfactory when received.
