CHSR-FM will be celebrating its 25th anniversary on January 22.

Staff and guests will commemorate the event on January 25 with the annual presentation of the Barry Awards. These awards are presented to people who have contributed over the past year or who have improved in their work with CHSR-FM. The awards are named for Barry Yoell, a founding member and CHSR-FM's first station manager.

It has only been five years since CHSR was able to broadcast in FM. The main objective then was to, "Live up to licensing programming," said Doug Varty, the current station manager. With this accomplished, their goal now is to have more news, public af-

Deterrence US approach

By TOM MacMINNIS

The standard U.S. position that security lies in the nuclear deterrent was one of the messages conveyed by Barry Lowencrome of the U.S. state department when he spoke at Edmund Casey Hall Monday.

Lowencrome explained some of the history of arms control and US-Soviet relations. Gorbachev, he said, has allowed the arms control process to proceed after it had been stalled for a year. The Soviets originally walked out and refused to come back to the bargaining table until the US, "changed its foreign policy." Gorbachev, said Lowencrome, justified allowing the process to proceed to his Soviet colleagues by claiming that US policy had indeed changed.

The arms control process has become more complex in recent years, said Lowencrome. The SALT 1 negotiations, he said, took 4 years while the SALT 2 negotiations took 7 years. The current START negotiations, he concluded, will take much longer. He also explained how almost all the breakthroughs in arms-control occur in the closing days of the negotiations.

Lowencrome was invited to campus by Prof. Geza Kuun of the STU Political Science department. The event was originally scheduled for the faculty lounge at STU but was moved to Edmund Casey hall when large crowds turned out.

fairs, drama and literary programs aired.

CHSR-FM has recently published two monthly radio guides called *Radio Free*, with the help of Max Conrad and Doug Varty. *Radio Free* features program listings, music and art reviews and other items.

A long-term project in which CHSR-FM is involved is a satellite distribution system. This system would allow programs to be aired simultaneously to dozens of

radio stations across Canada. The National Campus Community Radio Organization, of which CHSR-FM is a member, is organizing the system.

Due to the decrease in funding from UNB and Saint Thomas University's Student Councils, CHSR-FM will be holding a public fund raising drive later in the term to balance the cost of running the station.

Varty hopes for the support of everyone to make this a success.

Your father did say he expected some performance out of you this term, didn't he?

You've always depended on Long Distance to put you in touch with those not-so-near but dear to you. Now, calling Long Distance could put you in touch with a new 1986 Fiero Sport Coupe, in Telecom Canada's national "Student Long Distance Contest." Two students, Lise Bossé and Garth Sam, have already won Fieros. And two more students will talk themselves into a brand new, mid-engine Pontiac Fiero Sport Coupe this spring.

Here's how. Make 3 Long Distance calls, record the numbers you called on one of our entry forms, send it along and you're in business. Each additional set of three calls makes you eligible to enter again. But hurry, the last draw will be held on March 12, 1986. It may not be the kind of performance Dad had in mind, but then he didn't really specify did he?

TALK YOURSELF INTO A FIERY FIERO.

Final draw date: March 12, 1986.

Please enter me in the Student Long Distance Contest.

Make 3 Long Distance calls, enter the numbers you called on this entry form, send it along and you could be one of two fortunate students to win a fiery Pontiac Fiero.

Each additional set of 3 calls makes you eligible to enter again. So go ahead, talk yourself into a fiery Fiero.
