Carruth on Knight Hood
My dear Tupper for Populists
I have copies of
the 11th - I shall tell
Remond to order
the Colonel for my
Department. I received
yesterday a number
of it. I think some
should now make the
plunge. I have some
hopes that he & McLaughlin
may accompany Rose
here to settle matters
finally. I have
written simply to know
my opinion that
performed service as
to the result of the
conference (if successful)
must be preserved
