RYCKMAN, DENISON, FOSTER & CODY

- 2 -

The Right Honourable Arthur Meighen, 3rd April, 1926.

Jones, Black and Cantley should be able to set up something in the Maritime Provinces.

All Committees should be small. The Committee for the whole Country should be chosen by Caucus, the Provincial or District Committees by the Members and Senators of the District.

I think that there would be no difficulty in influencing Caucus and the sub-Caucuses to nominate the best men for the business.

The important responsibility of raising money should be shared by, or at least offered to, all Members of the Party.

Yours faithfully,
