

THE HIGH ROAD TO CHRIST

I

RIGHT OF WAY FOR FAITH

1. THE most significant happening of our time has been the discovery of *man as a whole*. There have been many great and startling discoveries in the last two or three generations; but not one of them is comparable to this, either in the nature or the range of its consequences. It entails many things, and one of these things is the right to believe. It establishes the right to believe on the same kind of sure foundation as the right to think or the right to laugh. It implies that faith is a native, original, inalienable function of human nature.

Few of us have altogether escaped sectional
