London Street Directory.

The occupation is given in the Street Directory only at the place of business :
This is done, 1st, to distinguish a residence from a place of business ; and 2nd,
because the occupation can be given much more fully in the alphabetical than in
the Street Directory, the latter being merely a plan of the streets showing the
relative position of the buildings.

S. E. for side entrance is used in the Street Directory to show that the build-
ing in question faces the cross street.
