

Farmers Now Want

**LIGHT
WEIGHT**

ONE FARMER WRITES:

"Some engines take a team of horses and a crowbar to get them on the job. A Cushman of the same horse power will do the same work and a 14-year-old boy will move it."

**HIGH
SPEED**

ANOTHER FARMER WRITES:

"This winter am using the 4 H.P. Cushman to pull a 32-inch circular wood saw. Have sawed logs 16 to 18 inches in diameter and it cuts better than a regular 10 H.P. big engine because of its speed."

**MANY
JOBS**

ANOTHER FARMER WRITES:

"It does everything on my farm—runs an 8-inch feed mill, pumps water, runs washer, churn, etc. Last harvest I cut 235 acres of grain with it on the binder. It's the best investment any farmer can make."

Cushman Combination Thresher

Don't Wait until your grain is damaged in the shock—until hundreds of bushels are shelled out and lost—until the rain and snow cuts down the grade. Your grain is worth too much money to waste.

JUST WHAT YOU NEED

Here is a Threshing Outfit that you and your neighbor can afford to own—that will do your threshing with from four to seven men—just when you want it. No Waiting—No Worry—No Loss.

It carries its own engine on the frame, requiring no horses except for pulling it to position.

8 H.P. with Straw Carrier and Hand Feed; 20 H.P. with Wind Stacker and Self Feed; 15 H.P. with Wind Stacker and Hand Feed. Equipped with the famous Cushman 2-Cylinder Engines.

Cushman Light Weight Engine Saves a Team on the Binder

THE ORIGINAL AND ONLY SUCCESSFUL ENGINE FOR BINDER WORK

Fits any Binder

Cushman 4 H.P. Engine on a Binder. Fits any Binder. Same Engine does all other work.

Attachments for any binder. With a Cushman you can cut from 8 to 10 acres more and with less horses. If the sickle chokes, in heavy or tangled grain, simply stop or slow down the horses and engine clears the sickle. Binder runs the same, whether horses go fast or slow, and will last several years longer. In a wet harvest, Cushman saves the crop, as slipping of the bull wheel does not stop sickle. Engine on rear of binder is balanced by water tank on front. Direct driven water circulating pump keeps engine cool on all-day run.

Cushman Engines are so light and so reliable that they do so many jobs other engines cannot do. 4 H.P. weighs only 190 lbs.; 8 H.P., only 320 lbs.; 15 H.P., only 780 lbs.; 20 H.P., only 1,200 lbs. Throttle governed and equipped with Schebler Carburetor and Friction Clutch Pulley.

LINCOLN 24-46 Separator

Equipped with Hand Feed and Wind Stacker or with full equipment as illustrated with Feeder and Wind Stacker

The ideal separator for the small tractor.

Smooth running—requiring minimum of power for maximum of service.

Has Revolving Deck

If Your Home or Barn Stood

There

Nothing could save it. It would simply add one more to the thousands and thousands of buildings that are destroyed every year by Lightning. 1918 Lightning losses will be the greatest ever known, because of the increased value of the buildings, grain and live stock destroyed.

This country cannot afford to lose your grain and live stock this year. It is your duty to your country, as well as to your family and yourself, to see that every building on your farm is protected before Lightning strikes.

Shinn-Flat

Protects Property from Lightning

The Shinn-Flat Conductor is made of pure copper wires, woven in the form of flat ribbon-like cables, 1 inch in width. It is the most modern Lightning Rod ever devised.

Bonded to Protect

Every Shinn-Flat installation is covered by a Cash Bond that Lightning will not strike, paid for by us and issued direct to you by a large Bonding Company. The W. C. Shinn Mfg. Company is the only manufacturer of Lightning Conductors that ever backed up its goods and its work in this practical way.

Proper Installation Guaranteed

Any Lightning Conductor is dangerous unless properly installed. Shinn-Flat Conductors are installed by one of our representatives, who has been thoroughly instructed and whose work we are willing to bond. Shinn-Flat Conductors may be applied to any building at reasonable expense. Write for Book on Lightning Cause and Control, and full information.
