LARGEST COAL OIL MANTLE LAMP HOUSE IN THE WORLD WINNIPEG
Make big money spare or full time. Our easy selling plan makes experi-
ence unnecessary. We start you without money. Sample sent for 10
days trial and GIVEN FREE when you become a distributor.

Gossip.

In the advertising columns of this issue
C. H. Scott of Hampton, Ont., is offering
a choice lot of Shropshire Ewes, all of
which are, we understand, in good field
condition and priced at a figure which
should not leave them long unsold.
There are in the neighborhood of eighty
head in the flock, forty of which are
shearlings; thirty are two and three-
shear ewes and the remaining numbers
are mostly ewe lambs. He also advises
us that he has a nice offering in ram
lambs, the majority of which are early
and well grown. For full particulars
phone or write Mr. Scott and mention this
paper. Parties going to see the offering
should buy their tickets to Oshawa, Ont.

Glencairn Ayrshires.

But few Ayrshire herds in Canada have
enjoyed a longer term of prosperity than
the Glencairn herd owned by Thomas
J. McCormick of Rockton, Ont. The
herd established some forty years ago,
now numbers close to fifty head and Ayr-
shire readers of these columns will be
pleased to learn that Mr. McCormick
has recently purchased from Hunter
Bros. of Freeman, Ont., a bull which
in the future is to be the chief sire in
service. This bull is described as one
of the best young sires imported by
Hunter Bros. last spring, and his pedigree,
on the dam side, is rich in the blood of
Auchenbrain, Buntie and Brown Kate
strains, while on the sire side, he traces
direct to Brae Rising Star. We might add
also that he is a brother to Lessnessock
Buntie Lad, last year's grand champion
winner at Toronto Exhibition, over
probably the strongest classes ever seen
at Toronto. As the majority of Mr.
McCormick's breeding cows are excep-
tionally large and typey individuals,
many of which are carrying from 8,000-
lb. to 11,000-lb. R. O. P. records, this
new herd sire will have every opportunity
and will no doubt prove his worth as a
sire of some promising things. Mr.
McCormick is now offering several bull
calves, all of R. O. P. breeding, including
two from high record cows. There is
also listed a number of one and two-year
heifers, among which are several of the
best things which were ever bred on the
farm. Full information regarding the
entire offering will be furnished on request.

Angus and Suffolks at Elm Park.

There is probably no pure-bred live-
stock breeder in Canada more widely
known than James Bowman, breeder and
importer of Aberdeen-Angus cattle and
Suffolk Sheep of Guelph, Ontario. With
the herd in particular, Mr. Bowman has
won prominent honors in nearly every
show-ring in Canada from Halifax,
East, to Calgary and Edmonton, West,
on which circuit he has exhibited almost
continuously since 1904. In this time,
he has probably won more championship
honors than any other one breeder in
Canada, and naturally there are many
herds throughout the Dominion to-day
which owe their existence to early
selections made from the Elm Park
winners. In reviewing a list of the
sires used in the past, it is interesting to
note that in nearly every instance, each
of these have been prominent winners
at one or more of the larger Canadian
Exhibitions. Elm Park Kelso, Beauty's
Leroy and Young Leroy, all three success-
ful sires, have each in their turn been a
winner of either a first or a championship
ribbon, the latter being almost an un-
defeated champion in 1916 throughout
the entire circuit. In the present offering
of young bulls there are a half dozen or
more choice, thick, low-down youngsters,
all sired by Young Leroy and each strong
enough to stand well up in any show-
ring. In Suffolks, too, the present
offering is exceptionally strong. The
flock, numbering well over two hundred,
is by far the largest for the breed in
Ontario and the present offering varies
in ages from lambs up to two and three-
shear breeding ewes. In many cases,
Mr. Bowman is pricing the winners of
large classes at Toronto and London this
year, and the demand being strong, it
is not likely the best will remain in the
pens very long. Breeders wishing to
get either stock rams or breeding ewes
should write Mr. Bowman at once and
can be sure of being well treated should
they decide to give him their order.
This rule holds true, regarding both the
Suffolks and Angus. All communications
should be addressed to James Bowman,
Elm Park Stock Farm, Guelph, Ont.
