Lump Jaw

The first remedy to cure Lump Jaw was Fleming's Lump Jaw Cure

and it remains today the standard treatment, with years of success back of it, known to be a cure and guaranteed to cure. Don't experiment with substitutes or imitations. Use it, no matter how old or bad the case or what else you may have tried—your money back if Fleming's Lump Jaw Cure ever fails. Our fair plan of selling, together with exhaustive information on Lump Jaw and its treatment, is given in Fleming's Vets-Poster Veterinary Adviser. Most complete veterinary book ever printed to be given away. Durable bound, indexed and illustrated. Write us for a free copy. **FLEMING BROS., Chemists, Church Street, Toronto, Ont.**

WOODWARD BASINS

will give your stock a drink before they feed and keep fresh water before them all the time.

Do not take a substitute; insist on the Woodward. They cost no more, but they are better.

CLYDESDALE STALLIONS AND FILLIES LATELY LANDED.

Away up at the top, among the most successful importers of Clydesdale stallions and fillies in this country, is Geo. A. Brodie, of Newmarket, Ont. During this year he has made three importations, necessitated by the large run of sales he has made, which, in their total, was surpassed by no other importer. This result can only be attained by importing horses of exceptional merit, and selling them for a living profit, both of which Mr. Brodie has done ever since he has been in the business. His latest importation, landed a few days ago, and in both stallions and fillies, he has made a selection that cannot fail to meet with breeders' approval. Big size and draft character, coupled with nice underpinning, are in evidence all through the lot, while their breeding is away above the average. Sir Hector of Westfield 14060 is a bay stallion, six years old, by the renowned champion, Hiawatha, dam by the famous Lord Lothian, grandam by Lord Seaham; thus, he combines the old-time with the modern blood, something badly needed these days to get the big horses. He is a horse of great draft character and strength of bone, and is a proven sire. Viscount Humphrey 15292 is a bay three-year-old, by Viscount Seton, dam by Sir Humphrey, grandam by Shaw Stuart. Here, again, is a combination of the blood of Prince of Wales and Darnley, and with it is five numbered dams. He is a colt of high, stylish carriage, lots of draft character, and a nice, clean quality of bone. A great breeding horse for some fortunate locality. Bonnie Solway 15293 is a bay two-year-old with four numbered dams, sired by the Cawdor Cup champion, Bonnie Buchlyvie, dam by the noted breeding horse, Balmedie Marksman, grandam by the old favorite, Mains of Airlies. This is one of the smooth, nice-quality kind, particularly good at the ground, and has lots of draft character. He is one of the right kind for this country. Baron Alton 15295 is a black two-year-old that will certainly be heard from in the show-rings, as he has the combination of qualities that develop into good ones, sired by the renowned Baron's Pride, dam by the great sire of champions, Royal favorite, grandam again by Baron's Pride. He, too, has five numbered dams. Benefactor 15296 is another bay two-year-old with five numbered dams, a colt of splendid quality, and smooth to a turn, a coming show horse, sired by the Kirkcudbright first-prize horse, Baron Ideal, dam by the great Everlasting, grandam by the H. & A. S. champion, Prince Thomas; right royal breeding. Four and five numbered dams are noticeable in the pedigrees of nearly all the fillies. They are two- and three-year-olds. The selection for intending purchasers is a large one, and the individual excellence relative to size, quality of underpinning, smoothness of mould, and draftiness, is all that could be desired. Some particularly nice matched pairs are among them. Get in touch with Mr. Brodie, at Newmarket, if in want of a stallion or filly.

TOOK NO NOTICE.

"What kind of people are your neighbors?" a suburban dame was asked. "Oh, I never take the slightest notice of them or their doings, my dear," she said. "They don't keep a maid, and a charwoman comes on Wednesdays and Fridays. The butcher never calls, as the husband brings an occasional joint home from the city, and sits down to dinner in his shirt sleeves. The wife is a most dowdy creature, wears hideous hats, and has no at-home day. The children attend the council school, and the baby hasn't been vaccinated. But as I say, I know nothing about them, and don't take the least notice of them!"

TACT.

The president of a small college was visiting the little town that had been his former home, and had been asked to address an audience of his former neighbors. In order to assure them that his career had not caused him to put on airs, he began his address thus:

"My dear friends,—I won't call you ladies and gentlemen—I know you too well to say that!"

Avoid the Dangers of Stall Feeding

DR. GILBERT HESS,
Doctor of Veterinary Science
Doctor of Medicine

I want to warn you in time that stock taken off pasture and put on dry feed are pretty apt to get out of fix, because corn, grain, hay and fodder do not contain the laxatives so abundantly supplied in grass.

Some of your animals are sure to become constipated, others off feed, rough in the hair, with paleness of the eyes, lips and nostrils, or the legs may stock or dropical swellings of the abdomen appear, or the urine may become yellow and thick; but the common ailment of all, especially among hogs, is worms, worms.

Dr. Hess Stock Tonic

Makes Stock Healthy. Expels Worms.

Being both a doctor of medicine and a veterinary scientist, I formulated Dr. Hess Stock Tonic to correct these evils. It contains a laxative substitute for grass, diuretics to remove dropical swellings, tonics to improve the appetite and increase digestion and vermifuges to expel worms.

So sure am I that Dr. Hess Stock Tonic will put your animals in a thriving condition, the ailing ones healthy and expel the worms, that I have authorized your nearest dealer to supply you with enough for your stock, and if it does not do what I claim, return the empty packages and get your money back.

Right now is the time to feed Dr. Hess Stock Tonic, because it's the cow in the pink of condition that fills the milk pail, the steer with an appetite that lays on fat, the horse that digests its dinner that pulls on the bit, the hog that is well and worm-free that gets to be a 200-pounder in six months.

Dr. Hess Stock Tonic is never sold by peddlers—only reliable dealers; I save you peddler's salary and expenses, as these prices prove: 25-lb. pail \$2.25; 100-lb. sack \$7.00. Smaller packages in proportion (duty paid).

DR. HESS & CLARK, Ashland, Ohio

Dr. Hess Poultry Pan-a-ce-a

A splendid poultry tonic that shortens the moulting period. It gives the moulting hen vitality to force out the old quills, grow new feathers and get back on the job laying eggs all winter. It tones up the dormant egg organs and makes hens lay. Also helps chicks grow. Economical to use—a penny's worth is enough for 30 fowl per day. 1 lb. \$5; 5 lb. \$25; 2-lb. pail \$3.50 (duty paid). Guaranteed.

Dr. Hess Instant Louse Killer

Kills Lice on poultry and all farm stock. Dust the hens and chicks with it, sprinkle it on the roosts, in the cracks or keep it in the dust baths, the hens will distribute it. Also destroys bugs on cucumber, squash and melon vines, cabbage worms, etc., slugs on rose bushes, etc. Comes in handy sitting-top cans, 1 lb. 25c, 3 lbs. 50c (duty paid). I guarantee it.
