STOCK GOSSIP.

Mr. E. Bowen, whose farm is four miles south-east of Brandon, is the owner of the thoroughbred mare Nellie W., and has several well bred mares as the nucleus of a band of horses of that class.

Weld Bros., of Winnipeg, have recently made the following sales of pure-bred Berkshire boar pigs:—One to Wm. Champion, Reaburn; one to Andrew Dawson, Headingly, and one to Mr. Joseph R. Keely, Springfield.

Mr. Lister, of Middlechurch, reports his Short-horns, the Marchmont herd, in very good shape. Before this reaches our readers, however, many of them will have had an opportunity of seeing them at the Brandon fair.

Mr. John Garnett, who has been farming at High Bluff, Man., for eighteen years, where he owns about seven hundred acres, has recently purchased a section of land near Carman. Mr. Garnett has been highly successful in this country, having accumulated this property since coming here.

About seven miles west by two north of "the Portage," in a secluded spot behind a "natural bluff," may be found the residence of Mr. Wm. Kitson, one of the early pioneers of this country. Mr. Kitson has owned this place, which is so admirably selected for mixed farming, for over twenty years; has a band of 27 head of horses, old and young; carries on a small dairy, and usually grows about five thousand bushels of wheat.

Mr. Alex. Colquhoun, of Douglas, reports an excellent season with the magnificent Clydesdale stallion Charming Charlie. Mr. Colquhoun imported Charming Charlie three years ago when he resided in Exeter, Ont., where his partner, Mr. Dow, is still engaged in dealing in horses. The farm have a half section of land adjoining the village of Douglas, two hundred acres of which is grass, where they purpose breeding Clydesdale horses extensively at no distant date.

NOTICES.

Our subscribers will find in this issue an advertisement of Mr. J. Barton's stump and grub extractor. From what we have been able to ascertain concerning it, we believe it to be a first-class machine. For pulling large stumps there is a derrick used which gives increased power.

We have pleasure in directing attention to Mr. S. S. Kimball's advertisement of safes and stump and stone lifter. It would be to the interest of many of our readers if they would invest in one of the above safes. Every farmer has valuables in his house which should be in safe keeping, as fires are more apt to start when you are least prepared for them. The stump and stone lifter manufactured by him is also spoken highly of.

We draw attention to the new advertisement in another column of Southdown sheep, of Mr. David H. Dale, Glendale, Ont., a few miles south of London. Mr. Dale has lately made quite a large importation which he has selected in person, consisting of a choice lot of shearing ewes bred by Mr. J. J. Colman M. P., also another lot of ewes were purchased of Mr. George Jonas, and a third lot bred by Mr. Garrett Taylor. To mate these a ram selected at a long price was purchased of Mr. W. Toop. Mr. Dale has a grand flock bred by himself, which for really good, robust, large sheep with quality are hard to equal, a number of these are now for sale.
