Everything is ready for the laying of e corner stones of the new Methodist church to-morrow, and present appearances indicate that there will be an imposing scene. Dinner will be served at four o'clock, and the evening meeting will be a very enjoyable occasion.

To-morrow will be a gala day in Lakelet, and the Patron's picnic will no doubt draw out a large atterdance of farmers and their families. The Grand President, the County President and Organizer Pritchard are among the speakers, while the foot-ball and base ball promises to be quite exciting.

Last Monday evening while Rev. and Mrs. Torrance were visiting at Mr. Jno. Day's, just north of Gorrie, they were waited upon by a party of young men from Orange Hill, and presented with a chair-or rather with an ample purse to buy as comfortable a chair as one could wish. Mr. Sam'l Howard made the presentation and Mr. Abram Strong read the following neat poetic address:

Dear Pastor Torrance accept this chair From the boys up at Orange Hill, Not for its meagre worth or use; "Tis a token of our good will.

With regret we learn you're about to leave For a field of labor new, But we trust the good seed you have here Will be watered by heavenly dew.

You have faithfully preached the message And told us the sinners' doom How our spirits forever must suffer in woo Or forever in heaven will bloom. You have shown us our nature's sinful state And what we must be by grace

And what we must be by grace
Before we can ever enter heaven
Or be meet for that holy place.
You have stood with us down at the open g
Where our loved ones were lost to sight
And told us to live for God and heaven
And never give up ties fight.
We pray that your life may long be spared
To tell the wondrous plan
Which God, in his love and mercy, wrought
To save his creature, man.

Tosave his creature, man.

And now, dear Brother, we say good-bye
And bid you a kind adieu,
And ask you to pray that God may keep

Every one, whether a patron or not, is in raptures over the coming event on the 1st. Nothing has been left undone by the members of the various lodges to make this a picnic which will be a model to all future ones. On Wednesday afternoon a couple of score of men will be employed in fitting the grounds—than which, better cannot be found. It matters not in what kind of sport people delight to revel, their desires will be gratified, as there is going to be everything here. By the time your sheet reaches Lakelet, the picnic will be something of the past, and if you, Mr. Editor, or your reporter, be not present, with your permission we shall give a synopsis of the day's proceedings for the next
