Northern Grown Nursery Stock For Sale.

We are prepared to furnish a limited number of fruit trees of superior quality. McIntosh Red's a specialty. The season from which we graft are taken from what we term an orchard of thoroughbred McIntosh Red trees. Every tree having been grafted directly from the original McIntosh Red tree which for more than one hundred years has held the central position in this orchard. Direct grafting helps the apple to retain its rich coloring, delicious perfume and refreshing flavor which no other apple possesses. We are also prepared to furnish several other varieties of fruit trees, small fruits, flowering shrubs, shade and ornamental trees. All stock guaranteed free from San Jose Scale, and other insect pests. Nurseries situated between the St. Lawrence and Ottawa Rivers. Send want list for prices to

A railroad in Utah has been rebuilt and given a less steep grade to make the operation of down hill trains more safe.

CANADIAN CHEESE BOOM

A very heavy boom in the Canadian cheese industry is anticipated by experts, says the Trade Bulletin. "Private advices from the principal markets of Great Britain report a very strong position from a statistical standpoint, and owing to the small quantity to go forward from this side, higher prices are confidently anticipated during the next two months, despite the large quantities of New Zealand arrivals. Last year from the first of January to May 1st the shipments from Canada were about 120,000 boxes, whereas this year they will be very small, and besides the United States has come in at the tail end of the season in competition with England. A few days since a Philadelphia buyer turned up and relieved the market of between 4,000 and 5,000 boxes, of finest Western cheese, costing about 17-18c laid down in the Quaker City. The revised duty going into the States is 20 per cent. ad valorem against 6c per pound formerly. The above purchase at the price paid here, would carry a duty of about 2-25 cents per pound which is a considerable reduction from the old duty. Finest cheese in Philadelphia is quoted at 18-24c to 19c, so that there is an ample margin of profit for Canadian cheese in the United States.

No wonder that Montreal dealers are looking forward to the opening of the new make of cheese, with the prospect of having two markets in which to dispose of their product. It seems that the consumption of cheese in the United States is gradually spurring ahead of its productive capacity, and as soon as the becomes an importer to any great extent, Canada will naturally be the country she will look to for her supplies. Not that she will be able to absorb the greater portion of our surplus for many years to come, but the fact that she has made a beginning during the past two years, there is no telling what a nation of ninety to ninety-five million people may do when once they get a taste of Canadian cheddar.

A GRAND MEDICINE FOR LITTLE ONES

Mrs. D. L. McIntyre, McIntyre's Mountain, N.S., says: "Baby's Own Tablets are a grand medicine for little ones and I am well satisfied with the results obtained from them." Mrs. McIntyre's testimony is the same as that of thousands of other mothers. Once a mother has used the Tablets she will use nothing else for the results are sure and the Tablets are guaranteed by a government analyst to be perfectly safe. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Death from Pneumonia

Mrs. Ethel Goodmumphy, wife of G. R. Goodmumphy, of Ormsby Jet. died in the city last night. Deceased was a daughter of the late Frederick Baker and was born in the North of Hastings County thirty-two years ago. She had been indisposed for several months, but was taken seriously ill a few weeks ago with pneumonia. The remains were taken home today by her brother, John F. Baker and her mother. She was a Methodist in religion.

Fire at Clarke's Drug Store

A fire broke out in the basement of Clarke's drug store at four-thirty o'clock yesterday afternoon. It looked for a time as if a serious battle with the flames might ensue as dense volumes of smoke were pouring out in a minute or two after the discovery of the fire. The burning chemicals caused suffocating fumes to fill the upper store. But the firemen were quickly on the scene and despite great credit not only for their promptness but for their skill in dealing with a difficult situation. In a few minutes the flames were entirely extinguished, and only slight damage was caused by water and smoke. Mr. Geo. Wallbridge is the owner of the building, which was practically undamaged.

March in Algonquin Park

The large and growing interest in winter outings in wild country is now delightfully provided for in Algonquin Park, Ontario. The "Highland Inn" situated immediately at Algonquin Park Station on the shores of Cache Lake, offers special accommodation for visitors in mid-winter. The month of March in this territory is a delightful one and it is just the out-of-the-way place to rest and enjoy the grandeur of winter pastime. It is possible there as in few other places. There is an unusually high percentage of possible sunshine in this part of Canada which renders it comparable with some of the famous winter resorts of Switzerland. Write to Resident Manager, The Highland Inn, Algonquin Park Station, Ont., for copy of "Winter in Ontario's Highland Heritage" Rates at the hotel \$16.00 to \$18.00 per week. Make your reservation early.

Biliousness

is certainly one of the most disagreeable ailments which flesh is heir to. Coated tongue, bitter taste in the mouth, nausea, dizziness—these combine to make life a burden. The cause is a disordered liver—the cure Dr. Morse's Indian Root Pills. They go straight to the root of the trouble, purify the liver, cleanse the stomach and bowels, clear the tongue and take away the bitter taste from the mouth. At the first sign of biliousness take

Dr. Morse's Indian Root Pills

ST. GEORGE'S MEN'S SOCIAL CLUB FORMED

Trenton, March 6.—Between 50 and 60 of the male members of the congregation of St. George's church, met in the town hall on Wednesday evening last, and decided to form a men's social club. The following gentlemen were elected to office—

Hon. Pres.—Rev. Canon Armstrong
Pres.—T. S. Farncombe, M.D.
Hon. Vice Presidents—S. J. Young, J. D. Evans, Wm. Binsley and G. A. White.
Vice Pres.—Eben James
Sec.—J. H. Tinney
Treas.—B. H. Siddall

The club bylaws were submitted and approved by the meeting and a management committee was appointed to secure rooms and to report at a later meeting to be held on the 18th inst.

In connection with this club it is intended to have bowling, tennis, baseball, and in time, possibly, a well equipped gymnasium.

At the start the membership is open to members of the congregation, but members of any other church, will, upon complying with the regulations, and who are eligible under the bylaws, be also admitted to membership. It is expected that the membership will run well into the hundreds, and that the club will be so successful that within the next few years it may be housed in a building of its own.

Dr. James L. Hughes, of Toronto, addressed the Canadian Club in the Masonic hall building last evening, on "Modern Tendencies in Education." The address was a splendid effort, and was thoroughly enjoyed by the members of the club and their lady guests. We are convinced that something will happen in the way of improvement in local school buildings, if the ladies are taken into the confidence of the different organizations having charge of such matters. We would like to see a deputation of ladies investigate the conditions of all school buildings several times each year.

Dr. Hughes addressed the school children this morning at the Waller opera house in the "Penny Savings Bank system." Many of our prominent citizens were present.

"The Dear Fool," one of the finest productions ever seen in Trenton, was, unfortunately for those who missed it, greeted with a very small house. Every member of the company was an artist, and while disappointed, no doubt, at the array of empty seats, they were in the face, each member faithfully and most creditably carried out his or her part of the performance. Trentonians have never before been favored with so many good theatrical entertainments, and the English companies, seen here this season, have been particularly good.

Mr. R. W. Wegler, is entitled to the gratitude of the community for his enterprise and for the splendid selection of plays presented at his house.

Canon Armstrong, who was called to Toronto to see Mrs. Murphy, yesterday returned to town this morning.

W. C. Mill E.C., of Belleville is in town tonight attending the meeting of shareholders of The Lloyd Collapsible Carriage Company.

We have been told recently that the Grand Trunk Railway Company is trying to find a possible way down to the center of the town, for a freight line.

Drives Asthma Like Magic—Thelminde's Remedy. Dr. J. D. Kellogg's Asthma Remedy seems like magic. Nevertheless it is only a natural remedy used in the natural way. The remedy used in the natural way. The remedy used in the natural way.

Death of Former Resident
Mr. Henry Thompson, a well known former resident of Belleville passed away yesterday at his home in Toronto at the age of 80 years. He was a native of Ireland and came to Belleville, when he was 20 years of age. About 27 years ago he moved to Belleville with his family, where he resided up to the time of his death. He is survived by his wife and a family consisting of six sons and six daughters. The sons are Harry, Frank and Thomas of Toronto, John of Montana, William of Chicago, and George of Belleville. The daughters are Mrs. Jas. Macdonald of Belleville, and Mrs. Thos. Mould, Mrs. J. Brown, Mrs. Edward John, and Misses Maud and Daisy at home.

The remains will be brought to Belleville for interment later.

Commendations for Grand Trunk

The Convention of the Canadian Hardware Association held its regular meeting in the City of Ottawa from Feb. 10th to 21st. In connection with this convention the Grand Trunk Railway operated special train service from Montreal to Ottawa. The following is a copy of a resolution, passed by the Association at their meeting and forwarded to the General Passenger Department.

"The Canadian Hardware Manufacturers wish to express herewith a hearty vote of thanks to the officials representing the Grand Trunk System for the able manner in which the necessities of travel to and from the Canadian Hardware Manufacturers Convention have been handled without a dissenting voice or complaint from any of the visiting delegates."

Signed—
M. R. Griffiths

HAD TO STOP WORK FROM THE PAIN

Suffered Ten Years Until "Fruit-a-lives" Cured Him

St. Thomas, Ont., May 22nd, 1913.
"I was troubled for ten years with the most distressing Constipation and Indigestion of the worst form. No one could have been worse with these troubles than I was for this long time."

The pain from indigestion was so severe that many times, I have had to stop work and lie down until the acute spasms passed away. I took a lot of medicine—in fact, I guess I took about everything that was advertised—and gave them all a fair test—but got no relief. About a year ago, however, I was advised to try "Fruit-a-lives". I am mighty glad I did so for they seem to be made exactly for me. They gave results in a very short time and I am now free from these diseases and enjoying perfect health. My wife also used "Fruit-a-lives" and we both think they are the best medicine ever made."

Z. J. EDGEWORTH.
50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

An oil that is prized everywhere—Dr. Thomas' Electric Oil was put upon the market without and flourish over thirty years ago. It was put up to meet the wants of a small election, but as soon as its merits became known and it is now known and prized throughout this hemisphere. There is nothing equal to it.

DISTRICT DASHES

NEWS CLIPPED FROM OUR MANY EXCHANGES

Log Cutting is Over.

The lumbering camps in North Hastings have ceased operations for the season and the men have returned to their homes until the rivers are clear of ice when they will return to bring down the drives of logs. We understand that the logs will be loaded at Tweed again this year.—Advocate.

Purchased Farm Near Frankford.

Mr. John Mulvihill, of Perry Road near Cloyne, passed through town on Friday last enroute to Frankford, where he has purchased a farm. We understand his new possession is amongst the most classy of the district and for which he paid a fancy price. Mr. Mulvihill is a most enterprising farmer, the most enterprising farmer of the district from which he is removing and will be found a most desirable citizen by his new acquaintances at Frankford.—Tweed Advocate.

A Lady Manager.

Miss Annie Rayburn has received the appointment of manager of the Deseronto Flour Mills here. She has been so intimately associated in the conduct of the mill's business during the management of her father, that she is amply qualified for this important position. We heartily congratulate Miss Rayburn and wish her the greatest success.—Tweed News

The Fate of a Dog.

Much interest has been manifested around town in an action concerning the fate of a dog, and standing room in the town hall at 1.30 Tuesday afternoon as at aw premium. Before Magistrate G. A. Farn, Mr. C. W. Smith, charged Gordon Armstrong, High School pupil, with unlawfully killing his dog. Mr. I. Humphries acted for plaintiff, and Mr. D. J. Lynch for the defendant. Plaintiff alleged that his dog had been destroyed in the High School, and the remains used for dissection by pupils.

Among those who were placed in the witness stand were Messrs. J. O'Donohue, Fred Maene, Jas. Maene, W. I. Stillman, J. A. Loucks, C. W. Smith, T. C. Smith, and the following school pupils—Harry Denko, George Free, Earl Oleson, Roy Stephens, Joe, Whitehead, Ray Petty, G. Dolman and Miss Doris Dewey. About 5.45 p.m. the magistrate dismissed the case with costs. It was stated that the case may be entered in the Division court.—Campbellford News

Stirling Wants One, Too.

Query—Is it not about time for Capt. Green and his officers and men to get busy on the military question? It does seem as if they have been somewhat slow in moving.—News Argus.

Diphtheria.

A case of diphtheria is reported from Bogart, the victim being the 6 year old daughter of Mr. and Mrs. G. Clement. We are pleased to learn, however, that the disease is of a mild type, and no fear of fatal results is anticipated.—Tweed Advocate

Bridge Works Active.

The Dickson Bridge Works Co. are looking forward to a busy season. They have secured the contract for the steel work of the new armory building in Pembroke, and also a building in Ottawa. Prospects look bright for a number of other contracts besides bridge work which they have already secured. The firm will probably run night and day shift as soon as they can secure steel.—Campbellford Herald

Bring Out the Cat.

A farmer spilled some whiskey on his barn floor so that a little mouse of it ran out. A certain mouse called forth from his hole and being thirsty took a sip. It tasted a range and he went back into his hole and thought. Then he came out and took another sip and went back again and thought. Then he came out and took a big drink. Then he jumped up on the edge of a soap box and stood upon his hind legs, bristled his whiskers, and exclaimed: "Now bring out that damned oil!"

Tweed May Have Lacrosse Team.

It is the general feeling amongst our athletes that lacrosse will be the popular game in Tweed the coming season and we are informed that movement is on foot for the formation of a Trent Valley League. To judge from the press reports through "coming back" and is likely to be popular again throughout the entire Dominion. It is also meeting with much favor in England as well as in the following extract from an article which appeared in The London Morning Post of a recent date: "We admire the American game of glorified football called baseball, but if and when we want a new national game other than cricket, we certainly will choose lacrosse in preference to baseball. It is the fastest and one of the most beautiful field games." It is not too early for Tweed to organize and be in readiness for the opening of spring.—Advocate
