

2,000 MEN IN NEW ENGLAND IN IDLENESS

Troubles of International Paper Co.

MILLS DOWN

More Men Go Out on Strike in Some of the Maine Mills

BOSTON, Aug. 3.—Two thousand workmen employed by the International Paper Company in mills in various places in New England are in idleness today, partly because of strike order issued Saturday by J. F. Carey, of Portland, N. Y., president of the International Brotherhood of Paper Makers, and in part by the closing of certain mills through orders from the company's headquarters in New York. The strike order, which was issued because of a proposed reduction in the wages amounting to about ten per cent., is aimed at all the mills of the International Paper Company in New England and New York, but some of the plants have been partly closed down for several weeks on account of a falling off in the demand for paper, while other mills are shut down on account of low water and for repairs, so that the effect of the order was limited.

The Franklin and Berlin in New Hampshire were shut down on account of low water, and the mills at Belvidere, N. H., have been idle for a number of days for a similar reason. The paper makers of each of these plants are understood to regard themselves as on strike in accordance with the order issued from the union headquarters, and they say that they will not return to work under a reduced scale of wages.

About 900 men at the International Paper Company's mills in Rumford Falls, Me., and the company's plant in Livermore Falls, Me., and fifty more at Webster, Me., went on strike today in compliance with the order. Portions of the plants were kept at work, however, as the pulp men did not strike.

BABY'S GREAT DANGER DURING HOT WEATHER

More little lives are lost during the hot weather than at any other time of the year. Diarrhoea, dysentery, cholera, infantum, stomach troubles come without warning, and when a medicine is not at hand to give promptly the child may die. During the hot months Baby's Own Tablets should be kept in every home where there are small children. An occasional dose of the Tablets will prevent stomach and bowel troubles. Or if the child is already unwell, the prompt use of this medicine will bring the child through safely. Mrs. J. R. Glasgow, Que., says: "One of my dear little 'natch' Baby's Own Tablets promptly cured. I know of no medicine so good for stomach and bowel troubles as this. Sold by medicine dealers or by mail at 25 cents a box. The Dr. Williams Medicine Co., Brockville, Ont."

MILLINOCKETT, Me., Aug. 3.—The little settlements of Hastings and Winkworth, several miles from here, were endangered tonight by extensive forest fires. Crews of woodsmen are fighting the flames and aid has been sent from here.

SAD DROWNING ACCIDENT AT NAPAN RIVER

In Which Two Boys Lost Their Lives

WERE WADING

Tried to Cross Stream and Sank in Eight Feet of Water

CHATHAM, N. B., Aug. 3.—A sad drowning accident took place this morning at Napan River, when Frank Robertson, only son of Rev. John Robertson, an aged Presbyterian minister, residing at Napan, and Frank Dickson, the only son of James Dickson, lost their lives in the Napan River. It appears that Frank Robertson came down to the river about ten o'clock and invited Clement Dickson, who was hoeing on the north side of the river, to come for a swim. Mr. Dickson declined and crossed the river to Frank Dickson. In a few minutes the two young men were wading out into the river, one from each bank. Clement Dickson went on with his swim, and for about ten minutes he was in a hollow, which hid him from sight. When he emerged he noticed the boys had disappeared, but that their clothes were on the banks. He called to Harry Wilson, who was near. They went to the river and found the bodies of the two boys. Frank Robertson was 24 years of age and leaves two sisters, Maggie, at present in Fredericton attending a Sunday school convention, and Jessie at home. Frank Dickson was 22 years old and was a student at the Napan River. A great deal of sympathy is expressed for the bereaved families.

The funeral of Frank Dickson takes place tomorrow at 3 o'clock, and that of Frank Robertson on Wednesday morning at ten o'clock.

Two Norwegians who worked in the morning mill waded into the river about the Miramichi foundry yesterday afternoon and one stepped into the channel, which is from forty to fifty feet deep. His companion tried to save him and would have perished also had not Thomas McLean been attracted to the spot. Mr. McLean at once went into the water and seized one Norwegian, who kept hold of his companion while Mr. McLean slowly hauled them towards safety.

Another Norwegian lost his hold on his companion's clothes and the man sank out of sight. The drowned man's name was Liegman. His body has not been recovered.

BAD FIRE AT AUBURN, ME.

AUBURN, Me., Aug. 3.—Losses approximating \$25,000 resulted from the fire which gave the residents of Auburn and Lewis a bad fright this afternoon. Two lumber and box mills, three tenements and a hotel were destroyed. Other mills and tenements in the near vicinity of the fire were seriously endangered and only the good work of the fire departments of the two cities prevented a conflagration. The losses are partially covered by insurance.

DEATH LIST NEARLY 100; LOSS EXCEEDS \$5,000,000

More Than 7,000 People Are Homeless in the Kootenay Valley—Assistance Pouring in.

Many Corpses Discovered in the Neighborhood of Fernie, but It Is Not Known How Many Persons Have Perished—Prisoners Given Their Liberty—Trains Caught on Fire.

NELSON, B. C., Aug. 3.—The latest news from the Crow's Nest Pass district disaster shows the death list of 62, which will probably be increased to 70 or 80 with property loss exceeding five million dollars and about seven thousand homeless people. Fernie was almost completely wiped out and Coal Creek, five miles from Fernie, is also destroyed. Homes lost some ten thousand. The coal company's surface works were destroyed. The power magazine at Hoerner exploded, killing one man. Five black hand suspects who were in the Fernie jail were brought in from Cranbrook and will be brought on here. The other prisoners were given their liberty. Two hundred refugees will reach here this evening and will be housed and looked after. Nelson raised \$2,000 yesterday and sent Alderman McMorris and two carloads of food and clothing to the scene. Vancouver wired \$5,000 and Spokane \$10,000.

Fernie is in ruins today, only thirty-two houses having survived the disastrous fire which swept the city out of existence. It is not definitely known as yet whether any lives were lost in the city proper, but the finding of several corpses in the neighborhood of the city is reported, and it is feared many have perished in the relentless flames. Bush fires which were raging in West Fernie in the morning jumped the river about 3 o'clock in the afternoon, striking the south end of the town. The Port Steele brewery was the first to go, and from there the sparks carried the fire into the old town, which was soon a pall of smoking embers.

At the same time the Elk Lumber Company's mill and Cedar Valley mill caught fire, and in an incredibly short time West Fernie was a seething mass of flames, the people fleeing in all directions for their lives. The conflagration jumped the river by a wagon bridge, and set fire to the west end of the town, and fanned by the hurricane this was blowing was at the mercy of the fire, the wind attaining a velocity and the force of a cyclone. The frightened people were thrown off their feet in many cases, and the ground and the scene was most appalling. Crowds rushed to the railway stations in the hope of getting a train and in this manner a number reached Hoerner in safety, though the trains had been through sheets of flame which repeatedly set fire to the coaches.

Two hundred and fifty men, women and children sought refuge in the coal company's office, while others fled for shelter in the Western Canada Wholesale Company's building. Organization at these places was beyond praise and to the heroic and indomitable courage of the volunteer force of fire fighters many owe their lives today. Had these volunteers succumbed the loss of life would have been appalling. The relief organization was immediately contacted.
