"It is, undoubtedly, the most complete Dictionary of the English language that has ever been published, and agas will, Flarage before any other Dictionary of that language will be required. It is, in every respect, far superior to the felle editions of Johnson's Dictionary. The Introductory matter—on the origin and progress of language—Ety mology—the changes of the English language, and other topics—contains an immense mass of useful information, which must have cost the author a very great degree of labor and research. The prominication of Scriptural, Chassical, and Geographical marnes, forms a most valuable approad; to the Dictionary, and cannot be too highly appreciated, "—Thomas Dick, Cultion of the Christian Philosophics, &c.)

Broughty Ferry, near Dunder, Sept. 12, 1849.

"In regard to pronunciation, we feel perfectly satisfied that this revision places that sulpact on a truer ground that any other work of the kind. The system of pronouncing conforms to a pure and manly tuste, adapted to the character of the language, and is far removed from all affortation and mere fashion. "

It is now, as we fully be indeed to the character of the language, and is far removed from all affortation and mere fashion."

It is now, as we fully be their evision, brought down to the true circumstances of the community in all respects, And we hope it will find its way supidly, not only to the schools and the study, but to the perfect, the conting-room, and to the every day purposes of life."—How. Win. B. Calhoun, Dec., 1812.
