SHORTEN DISTANCE BETWEEN BRANTFORD AND DOVER A MILE

Changes in the Route Are Announced—An Auto Travels Three Miles on Right of Way.

The Lake Erie & Northern Railway Company have received permission from the Dominion Government Railway Board to change the route between Brantford and Port Dover.

In company with Chief Engineer Kellett a Courier man yesterday took a trip over the road between this city and Galt.

Between this city and Port Dover great progress has also been made. In every respect there are evidences of the best possible material and workmanship.

GERMANS WANT TO PARTICIPATE

Whatever British Industry Does, They Must Follow Closely.

(Canadian Press Despatch)

BERLIN, Aug. 22.—It is not possible to say whether under the auspices of the Hamburg-America line those German industries which regret the government's decision not to be represented at the San Francisco fair will find it possible to privately organize a German section at the Panama exposition.

The company has already received many appeals and the industrial schools of art in South Germany, the textile and chemical industries and the toy trade centered in Nuremberg are known at least to desire discussion.

Hamburg newspapers are saying that whatever British industry does, Germany must take some part.

Three Additional Members of the Expedition Will Accompany Minister to the Army Manoeuvres.

(Canadian Press Despatch)

OTTAWA, Aug. 22.—The party of military men headed by the Minister of Militia will leave Canada on Saturday morning for England, for the Autumn army and divisional manoeuvres. It is the intention of the Minister that the officers on the visit will pass a busy time until they return on October 1.

They will visit the School of Musketry at Hythe, also Woolwich Arsenal, the Enfield Arsenal, Vickers-Maxim Coventry works, the Whitworth-Armstrong works, the defences at Portsmouth, and if possible, visit several of the large men-of-war.

Latest Development In Case Against Harry K. Thaw, Who Is Being Held At Sherbrooke By Dominion Police

(Canadian Press Despatch) SHERBROOKE, Que., Aug. 22.—

Habeas corpus proceedings in the case of Harry K. Thaw having been put off until Wednesday next, interest in his case centered to-day in the arraignment of the man arrested here on Wednesday last as having aided and abetted Thaw to cross the Canadian frontier.

Thompson was arraigned before Police Judge Mulvena, shortly after 10 o'clock. F. C. Campbell, acting jointly for the Dominion department of immigration and the Dutchess County authorities, asked that the case be put over on the ground that documents from Matteawan showing that Thaw had been confined there and is insane, and are therefore pertinent to Thompson's alleged offence, had not arrived here.

ANOTHER ACTION STARTED RE GRAND VALLEY RADIAL

Malefeasance Alleged Against Directors—What Happened to Those Three Millions of Bonds of Company.

Another action has been commenced in connection with the Grand Valley Railway affairs. J. L. Addison of St. George, on behalf of himself and other share and bondholders of the company, is suing A. J. Pattison, W. S. Dinnick, John Firstbrook and other directors of the company, to recover unstated damages for loss occasioned by the alleged malefeasance of the defendants as directors of the company, particularly in connection with the contract for the construction of the railway made with Dill & Co., and the issue and delivery from time to time of bonds of the company to the amount of \$3,285,000, and in respect to the improper issue of shares of the company to the amount of \$900,000.

They also seek to recover \$70,000 which they allege was improperly obtained by the directors and retained for their own use. An accounting by the directors of all their dealings with the company's assets is asked for.

PLOT TO BLOW UP OFFICE OF MAYOR

Ten Sticks of Dynamite and Fuse Laid at New York City Hall.

NEW YORK, Aug. 22.—A deadly charge of dynamite—three whole ten inch sticks and two halves, with a fuse and detonator—was discovered yesterday afternoon near Mayor Gaynor's office windows in the City Hall. The Bureau of Combustibles found that the explosive was 40 per cent dynamite, the regulation blasting proportion, and the amount found would, if exploded, have wrecked the City Hall.

The Mayor was in his office when the dynamite was discovered by a citizen passing through City Hall park. Mr. Gaynor evinced little interest when told of the explosive's proximity, and remained apparently undisturbed at his desk while police officers hurriedly drew a cordon about the dynamite to keep back an excited crowd.

Mayor Gaynor frequently receives threatening letters, but last night he would make no statement regarding the possible connection between any previous menace by mail and the dynamite. It is just three years ago this month that he was shot in the neck by a so-called crank, and so badly wounded that for several days it was feared he would die.

The dynamite found yesterday lay on a basement door in a concrete moat or archway within sixty feet of the Mayor's window. The explosive was arranged in lattice formation, with the two small pieces on top. A partly burned four-inch fuse, made of gunpowder tightly rolled in a paper cylinder, led to a detonating cap on one of the half sticks of dynamite.

Close to the explosive was a piece of Chinese punk and several partly burned matches. The dynamite and fuse were wrapped in a piece of heavy canvas secured by red and blue twine. The cloth was blue, with red and white figures, and resembled the fillets worn by Italian women of the working class.

The Bureau of Combustibles' experts state that the only thing which prevented a disastrous explosion was the presence of a strip of cotton wool wound so tightly about the base of the fuse that a spark could not reach the detonator. An edge of one dynamite stick was slightly scorched.

King Alfonso's Gifts MADRID, Aug. 22.—It is understood that King Alfonso's gifts in connection with the marriage of ex-King Manuel and Princess Augusta Victoria of Hohenzollern, will be engraved, "Manuel, King of Portugal." Don Carlos of Bourbon, Sicily, will represent the King of Spain at the wedding.

Chinaman Breaks Quarantine But Loses Life in Escaping

Jumps From a Moving Train When He Sees the Constable and is Found Dead Near Englehart.

ENGLHART, Aug. 22.—In a desperate attempt to escape the police, Lee Hue, a Chinaman, who broke quarantine at Swastika, was killed at noon on the day of his escape between Englehart and Heaslip by jumping from a fast-moving train. No indication of the tragedy was given until yesterday, when the body was discovered by the crew of the local train running between Englehart and Cobalt. Coroner Dr. H. R. Codd, of Heaslip, was notified and immediately went to the scene.

A fracture of the base of the skull and the right shoulder dislocated were the only injuries, and Dr. Codd after viewing the body was satisfied that Hue had met his death by having fallen on or jumping from a train, and he decided that an inquest was unnecessary. The body was brought to Englehart on a handcar, where it was identified by Charlie Sing, in whose restaurant at Swastika, Hue had been employed, and who is under arrest on a similar charge here to that which the victim of the tragedy was killed in trying to evade.

Provincial Constable E. C. Carmichael, who had been travelling south from Swastika on the same train as Hue, had noticed him on the train and had determined to keep an eye on him, as he suspected that the Chinaman had broken quarantine at Englehart. His suspicions were confirmed, and after the train had left there he hunted high and low for Hue all over the train, but his quarry had disappeared.

A search of Hue's pockets revealed that he had purchased a ticket from Swastika to Halleybury, and it is surmised that when he saw the police were after him he took the chance of leaping from the train to effect his escape and met death in the attempt.

TOBACCO WAR MAY BE RESULT

English and American Companies Are Very Keen Rivals.

(Canadian Press Despatch) LONDON, Aug. 22.—A great tobacco war between the principal British and American companies may begin in London at any moment as the outcome of the threatened "invasion" of England and other European countries by the Tobacco Products Corporation of America. As one of the heads of a big British concern said last night:

"I believe it is a fact that an American corporation intends to attempt to enter the English field and open up depots on a large scale in rivalry with the Imperial Tobacco company. Whether the enterprise contemplated will succeed or not is another matter. One of many factors that will have to be reckoned with is the conservatism of the English tobacco consumer."

Emery Wheel Breaks And Worker is Killed

Piece Strikes Gait Man Over Eye and Causes Instant Death.

GALT, Aug. 22.—When the emery wheel on which he was sharpening a chisel at St. Clair Bros' factory exploded yesterday afternoon, William Sudden, aged 36, foreman of the shop, was instantly killed by a piece of the fragments striking him on the right side of the face. When fellow-employees rushed to Sudden they found him dead. He was struck with such force that he was lifted off his feet and fell against a table behind him.

Mr. Sudden was the oldest employee of the works, having started with Mr. Wm. St. Clair eight years ago, when he first went into the manufacture of concrete machines. Besides a widow, there survive two children, one brother, Bruce, and one sister, Mrs. Geo. Moore, Blair road.

Coroner Radford opened an inquest last evening. The jury viewed the body and the inquiry was adjourned to a later date.

LIBERAL AND LABOR CANDIDATE RETURNED

Coal Miners Stood by Barnett Kenyon in Chesterfield Election.

LONDON, Aug. 22.—Barnett Kenyon, Liberal and Labor candidate, won the Chesterfield bye-election yesterday with 7,725 votes. Edward John Scurr, Socialist, 582.

The result was never really in much doubt, although it may surprise some that Kenyon came so near the majority which returned the former member.

The result also shows how indifferent are the coal miners to the generally recognized political forces. Barnett Kenyon was secretary to the Derbyshire Miners' Association, and his candidature received that body's support, so that the official Labor party's repudiation of him because he allied himself with the Liberals mattered nothing to the miners who comprise the bulk of Chesterfield voters.

The same time the outcome of the election cannot but have an influence anything but propitious for the future of the Labor party. W. E. Harvey, another prominent miners' leader, who is also an M.P., declared at one of the last of Kenyon's meetings that he refused any longer to live in the atmosphere of the Central Labor caucus, and would not be dictated to by them as to what he should do in the House of Commons.

While this lively squabble between Liberalism and Labor has been proceeding in Chesterfield, Premier Asquith and Ramsay MacDonald, leader of the Labor party, played golf together in Scotland yesterday.

The militant suffragists worked hard for Scurr, the Socialist candidate.

In the last election J. Haslam (Lab.) had 7,283 votes, and G. W. Radford (L.) 5,055.

COL. ASHTON TO COMMAND BATTERY

Announcement Made by Col. Logie of Hamilton That He Will.

In connection with the gazettement of the officers of the 13th Brigade of Canadian Field Artillery, Col. Logie has announced that W. E. Howard, gentleman cadet, will be acting adjutant of his personal staff. The 32nd Battery will be commanded by Lieut.-Col. Ashton, of Brantford. The 33rd Battery will be located here, with Lieut.-Col. Rennie in command. Errol D. Hamilton Boyd, son of W. G. E. Boyd, accountant, will be junior lieutenant and Dr. Hall veterinary officer.

Blind Boer War Hero To Teach at the R.M.C.

Appointment as Assistant Professor of Literature Announced.

KINGSTON, Aug. 22.—Lorne W. Mulloy, has been appointed assistant professor of English literature in the Royal Military College, Mr. Mulloy is the blind hero of the South African War, who after losing his sight from a Boer bullet, came from his home at Winchester to Kingston and took an Arts course at Queen's University, where he graduated in 1906. Later he went to England, where he studied for some time. Shortly after his return to Canada he was married to Miss Jean Munro, the daughter of a Canadian lumberman now resident in Seattle. His wife is a singer of note, having studied under Tetrazzini.

Mr. Mulloy will begin duty at the college on Sept. 1st. He received official notification of his appointment yesterday.

Touring Legislators Won't Be Vaccinated

Sydney, Where Smallpox is Epidemic, Eliminated From Program.

LONDON, Aug. 22.—The Sydney correspondent of the Daily Mail says that owing to the presence of smallpox in that city several members of the British Parliamentary party have refused to call there. Many of them, notably Will Crooks, refused vaccination, in the absence of which they would have been detained indefinitely in New South Wales.

The Federal Ministers are greatly perturbed by the outbreak. It is authoritatively stated that Sydney traders are losing £120,000 daily in consequence of the scare preventing visitors from coming there from country districts and other states. Sydney goods also are not wanted elsewhere.

Strike in London Is Very Remote

Threats Are Heard of Entire Building Trade Being Tied Up.

(Canadian Press Despatch) LONDON, Aug. 22.—Suggestions that London is threatened with a strike involving the whole building industry are discredited by leading officers of the men's organizations, associated with the trade.

Inquiries made yesterday showed that while there is a good deal of unrest among builders' laborers, there is no reason to regard the situation as alarming. At the present moment a general strike is a very remote possibility.

The Variety Artists Kick About Johnson

Pass Resolution Against His Appearance in Music Halls.

(Canadian Press Despatch) LONDON, Aug. 22.—A variety artists' federation passed a resolution yesterday strongly protesting against the appearance of Jack Johnson, the negro heavyweight pugilist, at the London music halls. The manager of one of the halls at which Johnson is booked insists that the boxer shall appear, but he says that any other performer is at liberty to cancel or postpone his engagement.

Johnson is expected here on Saturday morning. He has engaged a house for a month.

FELL ONE MILE FROM AEROPLANE

German Airman Meets a Horrible Death To-day.

(Canadian Press Despatch) HALBERSTADT, Prussian Saxony, Aug. 22.—Lieut. Schmitt of the 14th infantry, and attached to the air aviation corps, met death here to-day by a fall from an altitude of almost a mile.

The lieutenant was completing an aeroplane flight to and from Goslar, a town in Hanover province thirty miles west of Halberstadt, and had begun a descent in the shape of a spiral. While the aeroplane was at a height of about 5,000 feet, one of the wings collapsed and the machine plunged to the ground.
