

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Twenty Years Ago

Nobody swatted the fly.
Nobody had appendicitis.
Nobody wore white shoes.
Cream was five cents a pint.
Cantaloupes were muskmelons.
Milkshake was a favorite drink.
Advertisements did not tell the truth.
You never heard of a tin Lizzie.
Doctors wanted to see your tongue.
The hired girl drew \$1.50 a week.
Farmers came to town for their mail.
Nobody "listened in" on the telephone.
Folks said pneumatic tires were a joke.
The butcher "threw in" a chunk of liver.
Strawstacks were burned instead of liver.
Jules Verne was the only convert.
You stuck tubes in your ears to hear a phonograph and it cost a dime.

Followers of Izaak Walton will look forward to the June issue of Rod and Gun in Canada, which is now on sale at the news stands. In this number there are five fishing stories and articles by such well known authors as A. Bryan Williams, S. C. Cain, Robert Page Lincoln and S. H. Howard. "The Silver Doctor", an interesting story of fishing in the Shesha Canyon is worthy of especial mention. The hunter and firearms man has been well looked after in this issue by C. S. Landis, the guns and ammunition expert. In addition to this feature, the latest proposed amendments to the firearms permit laws are published in full. Conservation, Kennel and the other departments are up to their high standard. Rod and Gun in Canada, is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

Just in Time To Save Lives

THE visitor was ushered into the little living-room. Through a back window one glimpsed three children busy over mud pies. The last time the visitor had seen the young mother and her husband had been at the Muskoka Free Hospital for Consumptives. Some months previous to that both had developed tuberculosis. Future health—life, indeed—depended on prompt measures. Yet, if the husband stopped earning, how could they live? Their despair had been tragic. In just such cases the "Muskoka Free" fulfils its mission. Husband and wife were sent there and given every care. Grandmother, with financial help from the Samaritan Club, kept the children. To-day, they are home again, cured.

"We went just in time," said the young wife, gratefully, a tender light in her eyes as she glanced at the little mud-pie cooks.
