

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by overwork, exacting social duties, the too frequent bearing of children, or other causes, will find in

DR. PIERCE'S FAVORITE PRESCRIPTION

the most potent, invigorating, restorative, strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers, too, will find it a priceless boon to prepare the system for baby's coming and to render the ordeal comparatively easy and painless.

It can do no harm in any state, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable, pelvic catarrhal drain, ulceration, prolapsus, anteversion, retroversion, or other displacements of womanly organs from weakness of parts, will, whether they experience many or only a few of the above symptoms, find relief and, generally, a permanent cure, by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native, medicinal roots without a drop of alcohol in its make-up. All its ingredients are printed in plain English on its bottle-wrapper and attested under oath. Dr. Pierce thus invites the

fullest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of all woman's peculiar weaknesses and ailments.

Dr. Pierce's Lotion Tablets and Antiseptic Suppositories may also be used with great advantage conjointly with the use of the "Favorite Prescription" in all cases of ulceration, and in pelvic catarrh. They cost only 25 cents a box each, at drug stores or, sent by mail, post-paid on receipt of price in stamps by Dr. Pierce whose address is given below.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his free booklet treating of same.

You can't afford to accept as a substitute for this remedy of known composition a secret nostrum of unknown composition. Don't do it.

Couldn't Be a Purer Flour Than "Kent Mills" Gold Medal

ONLY the best Manitoba and Ontario Red Winter Wheat are used in the production of "Kent Mills" Flour.

Before being ground the grains of wheat are thoroughly cleaned, dusted and scoured by special machines.

All the sand, dust, light grains, seeds and other foreign substances, which are always present to a more or less degree when wheat is delivered at the mill, are left behind when the wheat starts on its journey to be crushed into flour.

By our improved process of milling the hard, fibrous bran and cellulosic coats are so carefully removed from the starch and gluten cells, which are crushed into flour, that there's not the remotest possibility of a single atom of these impure and indigestible substances remaining in "Kent Mills" Flour.

Just as careful to keep every

particle of the germ out, too. It may be useful in a breakfast food, but it impairs the keeping qualities of the flour.

And to make absolutely sure of every impurity being removed the flour is sifted through the finest silk cloths, which costs more dollars a yard than you would probably think of paying for even a ball dress.

It is because we are so careful in every step of the selecting of the wheat, the milling and the blending that we are able to produce a flour so immensely superior to all others.

A flour that is absolutely pure, always uniform, that will not dry out soon, but will keep fresh longer than any other.

A flour that will make more and better bread and pastry to the barrel than the best Manitoba patent.

Every bag or barrel "Kent Mills" Flour guaranteed by both the manufacturer and dealer.

PRESQUE ISLE TEAM HAS NEW MANAGER

"Happy" Smith Will Be a Plain Outfielder and John D. Henry Is Manager-Captain Michaud Weds.

If there is any first class ball team doing business in this province this summer the Presque Isle champions of the Aroostook Valley League in Maine will journey down this way and play some games.

The Presque Isle team is under new management this season. Frank E. Smith having retired from the position. The new manager is John D. Henry, who has taken over the contracts made by Mr. Smith and who expects to have a last team.

"Happy" Smith has recently become treasurer and manager for the Smith Grocery Company at Presque Isle and opened a new store there on the 15th of April. He has signed to play the outfield with the ball team, but found that the managerial duties would be too much.

George Michaud, the first baseman and captain of last year's Presque Isle team, was recently married to Miss Hattie Michaud, of Presque Isle. This young couple went to Boston for their honeymoon and received the congratulations of their many friends.

Pitcher Upton has signed a 1907 contract to pitch for Presque Isle and Pitcher Thompson of Colby College, is also counted upon for the job.

THE LOCAL LEAGUE.

Young Alerts and Victorias Willing to Become Members of the Organization.

The bunch are gradually getting into line for the local baseball league and it can now be definitely stated that the Young Alerts and Victorias will enter teams in the organization.

Last evening the Young Alerts had their organization meeting at the I. O. G. T. Hall. The club members were favorable to entering the league and Charlie McKinnon, Ray Carr and Clem Tonar were elected to represent the club at the meeting to be called for the formation of the league. The election of officers was deferred.

The Victorias have been strengthened by the return from Halifax of George Walker and they count on having a strong team. They accuse the Young Alerts of trying to induce Walker and Ern Quarterman to jump their agreements.

Sandow Mertes Signed.

"Sandow" Mertes, the outfielder, who helped the New York Giants to win a world's championship in 1905, may soon be a member of the White Sox team. He had several conferences with President Comiskey. In case "Sandow" is declared a free agent by the national commission it is quite possible that he will come to terms with the master of the Sox, as "Commy" thinks him still a great ball player. Mertes being a right hand hitter, would give the Sox much batting power against "south paws", which for many years have been a bug bear to the champions—St. John Globe. (Come to, Mr. Globe man. Why Mertes signed with Manager Conillon of the Minneapolis team in the American Association some days ago.—J. D. B.)

O'Neill Wanted at Milwaukee.

Quar H. Morris, writing to Sporting Life of last week from Milwaukee, says in part: "In looking over the work of the Brewers one may possibly be led to believe that the team does not look like a first division aggregation. But the same point held good last year, an still the Brewers put up one of the greatest fights for the flag since the American Association was formed. A few new players are to be added to the roster. If a good initial sacker is secured, Battersby on the pitching staff as a regular. McCormick will remain at second, Robinson at short and Harry Clark at third. Harry McClesney, Fred Haney and Danny Green will look after the "doin" in the outfield, but it is not a "cinch" that Hemp will remain there if Chesney should be able to sell us Tip O'Neill or another worker." O'Neill has been handed over to the Minneapolis team.

Moncton Players at Tufts.

Brown defeated Tufts at Providence on Saturday in a slow game, 9 to 3. Tingley and Pat Gallagher of Moncton, figured on the Tufts team. Tingley was in the box and was found for twelve hits. He struck out four and gave five bases on balls. Tingley also had one of Tufts fly hits and four assists. Gallagher played in centre field. His work consisted of one put out. He did no hitting.

Pitcher Rawley Released.

Lowell Mass, April 20.—Manager Wilm released seven players today, including Cote, Henry, H. Burns, Kelly, Black, O'Donnell and Rawley. There are still twenty men on the team.

"Nobody here took Rawley's trial with Lowell seriously. Why, I have yet to hear a local Cape Breton tourist say that the Halifax boy was more than "just ordinary."

Why Rome Went to the Bad.

New York American: Romulus had just finished Rome. "It's all right," he remarked to Remus as he surveyed the seven hills, "except there's no place for a baseball ground." And sure enough, in time Rome began to go back.

EASTERN LEAGUE OPENS UP.

Providence, R. I., April 24.—Today marked the opening of the season for the Eastern League of baseball clubs and if the predictions of the managers are borne out the coming summer will see one of the best pennant races in the history of the organization.

Perfect Woman

You may have the Beauty of Perfect Health

The perfect woman is the woman who has perfect health. Beauty is more than skin deep. Beauty is as deep as pure blood and a perfect digestion. Especially is female beauty dependent on the perfect health of the delicate female organism.

If you wish to have the beauty and attractiveness of perfect health, if you wish your eyes to sparkle, your complexion to resume its brilliancy, and your whole body to thrill with the glow of renewed vitality, take that famous woman's medicine,

Lydia E. Pinkham's Vegetable Compound

If you have headaches, backache, organic pains, painful or irregular periods, or any female trouble, begin with Lydia E. Pinkham's Vegetable Compound at once. It will save you needless suffering. It will restore your womanly beauty.

Dear Mrs. Pinkham:—Soon after my marriage my health began to fail. I was unable to sleep, became very nervous and had shooting pains through the abdomen and pelvic organs, with bearing down pains and constant headaches, causing me much misery; my monthly periods became very painful and I became a burden to my family.

Lydia E. Pinkham's Vegetable Compound cured me within three months. I am stronger and look better than I did before I was married, and there is great rejoicing in our home for what your wonderful medicine has accomplished for me.

Mrs. M. A. C. LEBELLER, 733 Cadioux Street, Montreal, Que.

No woman, were she a Venus de Milo, could continue beautiful with a dragging down female complaint. Mrs. Pinkham invites all sick women to write to her for advice. For twenty-five years Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, has under her direction, and since her decease, been advising sick women free of charge.
