

### "What Is The Meaning Of Neuralgic Pains?"

**P**ERSISTENT attacks of Neuralgic or Sciatic pains point to an impoverished nervous system and a weak, watery condition of the blood.

Darting, stabbing pains with intervals of pain or aching are common to neuralgia, sciatica and lumbago.

The pain follows the nerve trunks or spreads to other nerves and there are tender spots.

In the head—neuralgia. In the back—lumbago. In the hip—sciatica.

Temporary relief is not sufficient for the attacks become frequent and more severe as age advances and it is more and more difficult to obtain relief.

Sleep, relaxation, nutrition are necessary to restore the nervous force exhausted by the activities and worries of life.

And in this connection Dr. Chase's Nerve Food is the most satisfactory treatment available as a means of enriching the blood, strengthening the nerves and building up the system, so that it is able to throw off ailments of this nature.

Why suffer these repeated attacks of pain and torture when by a few weeks' patient treatment with this well-known and

proven restorative you can bring your system up to a condition that throws off such ailments.

With vitality running low you are an easy prey to colds and all sorts of dangerous diseases.

Neuralgic and sciatic pains are a warning to you to fortify the system by the use of such reconstructive and invigorating treatment as Dr. Chase's Nerve Food.

Miss Margaret Conolly, Brantford, Ontario, writes: "For three or four years my health had not been very good, and especially in the Spring I used to become quite run down. For some months before I started using Dr. Chase's Nerve Food, I had a tired feeling continually, with pains up the back of my neck and head, and at times felt I would have to give up work. I could not think clearly and often had neuralgia, followed by dizzy spells. I was nearly 'all in' when I began using Dr. Chase's Nerve Food, but after I had completed a treatment of six boxes, I felt better than I had ever felt before."

You will notice that while the price of Dr. Chase's Nerve Food has been increased to 60c. the box now contains 60 pills instead of 50 as formerly.

Likewise Dr. Chase's Kidney-Liver Pills are 35c. for 35 pills, instead of 25c. for 25 pills. Edmanson, Bates & Co., Ltd., Toronto.

### An Earthquake in Canada Many Years Ago

An earthquake in Canada of such intensity that it probably equalled that which laid the city of Japan in ruins is recorded by the early historians of New France; who tell us faintly that the cattle ran about the fields in terror; the dogs howled the church bells rang and the people prayed in the open fields. From the Laurentide Hills north of the St. Lawrence, all the way down to

New England the land rocked and quivered. Hot vapors broke from the earth and the snow melted away. Flying cliffs were hurled into the rivers to form islands while the ice the rivers was crumbled. The terrified settlers heard the noise of the earthquake hissing and crackling like a forest fire. At Tadoussac volcanic ash fell an inch thick while meteors flashed through the air. In the spring and summer months that followed the earth gave off poisonous gases. It occurred on Feb. 5 in 1663.

### The Newspaper Man In Church

A preacher at the close of one of his sermons said: "Let all in the house who are paying their debts stand up." Presently every man, woman and child with one exception rose to their feet.

The preacher seated them and said: "Now let every man not paying his debts stand up." The exception was a careworn hungry-looking individual clothed in the last summer's suit slowly assumed a perpendicular position.

"How is it my friend?" asked the minister "that you are the only one not able to meet his obligations?"

"I run a newspaper," he answered meekly "and the brethren here who stood up are my subscribers and—"

"Let us pray," exclaimed the minister.

### LABOR LEADER IS GRANTED PAROLE

James B. McLachlan, sentenced to two years in the penitentiary for seditious libel growing out of the Cape Breton labor troubles of last summer left on ticket of leave.

The decision of the government to extend clemency to McLachlan was communicated to the prisoner several days ago. Warden G. T. The warden spoke in the highest terms of McLachlan's conduct as a prisoner.

An addition to the Canadian Pacific Montreal-Toronto train service is a nightly train each way, making six trains every night between the two cities. The increase was found necessary on account of the heavy tourist traffic to Montreal from the West.

The opinion of Hon. T. D. Pattullo, Minister of Lands of British Columbia, is that "Canada can absorb at least 300,000 people annually, and this number can come on indefinitely. There is no limit to the requirements of the country. As many as we can get are wanted.

Incomparable Lake Louise has achieved new fame. The makers of the Gray-Dort car have put out a model in a new color which they term "Lake Louise Blue." It is of a lovely green-blue, and if it has caught anything of the glorious gleam of Canada's most beautiful mountain lake it should be a popular color for other than motor cars.

Big Bill, the last surviving buffalo at the Pinafore Park Zoo, St. Thomas, was recently shot. The animal had been suffering for some time from the same malady which carried off his mate a few months ago. Big Bill was said to have been the finest specimen of Buffalo east of the Government Park at Wainwright, Saskatchewan.

Albert Steedwell, Canadian Pacific Railway engineer at Fort William, has an airedale dog that is a wolf killer. Mr. Steedwell has a farm at Upsala, and while visiting the farm the dog routed out a brush wolf and chased it. During the subsequent battle one could hardly tell which was dog and which was wolf. Mr. Steedwell went to the assistance of his pet and together they finished the wolf.

T. W. McKenzie, Canadian Pacific Railway agent at Rosemary, Alberta, has received letters patent on a device for the purpose of locking automobiles. It is so constructed that when the switch is thrown off the car is automatically locked, thereby eliminating the possible chance of an owner leaving his car unprotected. The number of persons killed or injured while trespassing on railroad tracks were 50 per cent. less in 1922 than the average of the preceding fifteen years. The figures are 5,300 for nine months of 1922 compared with 10,736, the average for the previous year, according to an announcement made by the Safety Section of the American Railroad Association. This reduction in casualties is claimed to be due to the improved policing by the roads, and to success of the Safety First movement.
