

BRANDON ANGELS GOT TO DELLAR VERY HARD

Edmonton's Star Twirlers Was Hammered All Over the Lot and Brandon Won Game 11 to 3—Grayson With Slow Ball Was Unhittable.

(Wednesday's Daily.) The Brandon Angels took Edmonton into camp Tuesday by a score of 11 to 3, and what made the trimming even more lamentable was the fact that the near-champions' star dispenser of shots was on the slab, Dellar could do nothing to stay the Swedish batting of Mr. Moran's minions. The Angels got to him for no less than thirteen hits, and the fact was the fact that things generally broke badly for the locals, and there were an unusually large number of errors behind Dellar. Even Moose Baxter had two, and when Moose has an error there are almost two moons in the sky. Grayson, who pitched for Brandon, is one of those tantalizing slow ball pitchers. He has perfect control and a good line of curve, and he very successfully held the hard-hitting Edmonton bunch to eight scattered bingles.

The bright particular star of the game was O'Brien, who shorted for Brandon. This former Edmonton ace was generally sensational one-handed catch back of short and a pick-up that was billed for a hit. He was loudly applauded for both plays. Brandon scored when they wanted to. In the second Schultz singled, Thompson singled, then Cooper singled, scoring Schultz. Cooper was caught at second and Tripлет struck out. Another was added in the third. Borelski hit safely to Berman. Grayson scored. McDonough popped up, one which Lusi dropped. O'Brien singled scoring Borelski. The next two up were easy outs.

Three more came in the fourth. Thompson singled. Cooper hit to White forcing Thompson at second. Tripлет singled and so did Borelski. Tripлет bingle bringing in two runs and Borelski himself scoring on a low throw to second by Lusi which got past Moose. Again in the eighth the bell rang. Schultz hit safely to Berman. Thompson singled. Cooper scored. Tripлет bunted and Schultz scored at the plate but on an overthrow to first Thompson scored. The next man up was retired at first.

Just to put a finishing touch to the game the visitors scored five in the last inning. Grayson singled. McDonough singled. Borelski scored on a home run. Tripлет hit for two bases scoring two. Schultz scored. Thompson followed with a similar drive and Holmes and Schultz crossed the plate. Cooper scored. Morse. Tripлет hit through Morse. Thompson scored. The tale was ended by Borelski striking out.

Edmonton scored twice in the second. Lusi started off with a single. Then Cox hit to short and after he was retired at first Lusi scored on an overthrow to third. Berman hit to short and then Hickey singled and so did White, but Dellar struck out.

In the eighth Dellar singled. Mills struck out. Baxter singled and then Morse drove a three-bagger to deep right centre. Dellar and Baxter scoring. Lusi popped out and Cox flew to centre.

FOOTHILLS BLAZING. Mounted Police Watching Prairie Fires Day and Night.

Calgary, July 17.—From six o'clock Thursday morning until one o'clock this morning a patrol of mounted police from Calgary went out watching the fire in the foothills southwest of Priddis, and after coming in to snatch a meal and a few hours' rest for themselves and their horses they are off again on the same errand today.

The fire is also burning around the head of Sheep Creek, and some of the Lincham Lumber company's camps are said to be threatened. The fire is said to be travelling in what is practically green grass, and some of the mounted policemen said today that they had never noticed fire in grass such as the present fire are burning in.

Southwest of Priddis the foothills are all burned over, but as yet no serious damage is reported. This fire is said to have been burning for some time and to have covered a considerable area. The police will keep patroling out watching the fire to warn the settlers and farmers.

Champions Started Batting Rally in Last Two Innings but Were Too Far From Catching Moose Jaw. Played Star Game for Moose Jaw.

(Wednesday's Daily.) Medicine Hat, July 18.—By batting rally in the eighth and ninth innings Medicine Hat nearly broke its streak of bad luck and topped out a win after the Robin Hoods had the game on ice, but one necessary to the bunsing did not come off. St. Bennett is not managing the Hat team.

Moose Jaw, July 18.—The A.B.H.P.O. crew, if they were to be believed, were to have a good game today. The game was postponed because of rain.

THE SAME OLD STORY CALGARY WON AGAIN

Calgary, July 17.—The best game of the second division was slammed off last night when Calgary beat Winnipeg by 6-3. Spieser pitched a good game but he had poor support. Gehan twirled for the locals. Up to the fifth nobody was fanned. Calgary did not get a hit off Spieser until the fifth. There was no special feature except a double which Calgary pulled off. Stanley caught a fly off Edmonds and got a second in time to catch Krueger in the third.

THE C.N.R. COMING. Lethbridge Herald—The decision of the Canadian Northern to rush the construction of their line down through Southern Alberta is just what could be expected from a wide-awake, enterprising outfit like McKinnon & Mann.

They quickly recognized that the comparative failure of the crops in the southern part of the province would mean that a great many men and teams would be available for construction work. Not only that, but the prices for labor would be reservation, less on account of the eagerness of men to get work. It did not take them long to figure out that they could build their line much more quickly, but also much more cheaply this fall than next year.

On the other hand, the homesteaders will receive a great benefit, if they can get steady employment for their teams and themselves, they will not feel so seriously the short crop of hay and grain as they have been forced to suffer this year.

Millions of Dollars Damage Has Already Been Done—Scores of Fires in the Different Parts of State Where Dry Weather Has Made Wood Inflammable.

Helen, Mont., July 17.—Scores of forest fires, big and little, are among the consequences of the long drought in Montana. From every part of the state and adjoining state comes news of the destruction of timber.

Three hundred men are trying to save the timber in the Kogonyan national forest reserve. The agent in charge, Herbert Plath, reports that a number of fires have broken out there.

Other fires are raging near Stillwater, Wyo. Crick Creek and Athens. In the Coeur d'Alene country of Idaho and in the Black Hills of South Dakota, the forests are ablaze and the timbering work are the fires kept within bounds.

Members of Crew Missing. The damage already done will amount to millions of dollars.

Freighter in New York Caught Fire From Embers. New York, N.Y., July 18.—Three members of the crew of the H. E. Dimock, the Metropolitan Line freighter, which caught fire from embers flying from the ship, were missing.

Italian Stabs Comrade. Plunges Knife Through Heart of Fellow Workman.

Jafray, B.C., July 18.—An Italian, L. Feltrino, employed on a Canadian Pacific section gang here was stabbed through the heart by another Italian, Frenzer Chilla, on Saturday night. The victim died instantly.

GERMAN MUST BE THE JUDGE OF HER FORCES

Premier Aquilino Says That She Must Decide as to What is Necessary for Her Protection—The Rapid Increase of Armaments.

Berlin, July 17.—Premier Aquilino's reference to Germany's paval budget in his speech in the House of Commons has made the question of Anglo-German relations the foremost topic in the public mind again. While the premier's expressions of friendly sentiment are appreciated and are warranted to have a good effect, the speech brought out clearly the firmness of the German disinclination to enter into any arrangements looking to a limitation of armaments.

Except in the limited circles where the government always has been criticised for refusing to take up the subject, the opinion generally held is that such a plan is visionary and impracticable, owing to technical difficulties. Germany, it is urged, must continue to be the sole judge as to what naval and military forces it needs for the protection of its interests.

It is no need for alarm. Ploughman, speaking of crops, says that the question whether the number of battalions to be built annually sinks from four to two. The press discussion, however, recognizes that the question whether the number of battalions to be built annually sinks from four to two.

TORONTO AVIATION MEET ENDS. Ralph Johnson and Count De Lesseps Make Sensational Flight.

Toronto, July 17.—The aviation meet concluded last night. The crowds were small, owing to the dampness after the rain. Ralph Johnson, in a Wright biplane, gave a wonderful exhibition of control. He executed figure eights and did a great gliding. While Count De Lesseps was in his morplane La Scarabe was 900 feet up. Frank Coffyn went twice around the arena at a height of 60 feet. The Count mounted to a height of 1,500 feet. At 1,000 feet he shut off his engine and made a dangerous glide to within 500 feet of the ground, when he restarted the engine.

Government Steamer Ashore. The Culvar Ashore Near Entrance to Straits of Belle Isle.

Halifax, N.S., July 16.—The Canadian government steamer Culvar, en route to the coast near the entrance to the Straits of Belle Isle. The steamer has been ashore since July 12, for the purpose of surveying. Earl Grey will leave Pictou tomorrow morning to go aboard the Culvar to inspect the survey. The Culvar is a Canadian government cruiser.
