**GREAT CROWDS AT OPENING
OF INTERNATIONAL FAIR**

(Continued from Page One)
As evidence of the enduring qualities
of the fruit, the exhibit is a box of
Yellow Newtown and Mann apples,
packed on October 19, 1910, over
19 months ago, repacked July
6, 1911, shipped to Winnipeg and
exhibited there during the fair and
then brought to Regina, Brandon and
Edmonton. The apples are still in
an excellent state of preservation,
and will be taken to the Toronto
fair. They were grown in a cold
stream orchard and kept in an ordi-
nary cellar through the winter and
spring. In the exhibit are also black-
berries, grown in the Fraser Valley,
Oliver's cherries, Wolf River apples,
cucumbers, tomatoes, black currants,
and peaches, grown near Nelson;
peaches, plums, yellow transparent
apples, Duchess of Oldenburg apples
and other fruits from the Summer-
land. Then there is fruit including
pears, from Armstrong, Salmon Arm,
Kaslo, Newminster; Hyslop cran-
berry from Salmon Arm, and honey from
Port Hammond. With the exhibit are
200 bottles containing choice
fruit of all kinds that grow in British
Columbia.

Profusion of Flowers.
The flower exhibit occupies the
entire east side of the two buildings
and is a revelation to those who im-
agine that flowers would not thrive
in this country. Geraniums in full
bloom and a profusion of sweet peas,
cottage plants, pansies and cut flowers
greatly enhance the beauty of the
interior of these two buildings and
are a never-ending source of interest
and delight to those who visit there.
Walter Ramsey, the florist, has a fine
exhibit of flowers on the north side
of the building.

Home Cooking.
Competition is keen for prizes
among the entries for home-made
bread, biscuits, cakes, cookies and
doughnuts all of which look plenty
good enough to eat.

Miscellaneous Exhibits.
Space has been reserved for the
The Long Jewelry Company of Oma-
ha, Neb., and one of their representa-
tives is in charge of the exhibit.

**THE PEOPLE'S FIGHT
WITH THE INTERESTS**

(Continued from Page One)
tion, that there was no reason on the
present occasion why the last Liberal
election should not be held in the
city of Edmonton, besides the fact that
a large number of Independents and
Conservatives favorable to the reciprocity
pact, Mr. Patterson, who formerly
Presbyterian minister at Holland and
Neepawa.

Roblin interviewed in Montreal.
Montreal, Aug. 17.—The passage in
Canada of the reciprocity pact would
be nothing less than a calamity for
the farmer of Manitoba, as it would
entirely destroy for him the best
home market in Canada, that is in
the vicinity of Winnipeg, said Hon. R. P.
Roblin, premier of Manitoba, who ar-
rived in Montreal on Sunday from an
three months sojourn in the mother
country and on the continent, during
which time he attended the coronation.
"I can say absolutely nothing
about the political situation," he re-
marked, "but that the reciprocity pact
hardly has changed much in the past
three months. Long before I went to
London we had seen through this re-
ciprocity pact and it means that the
people of Manitoba are British, and
as far as I have been able to judge,
not only intend to stay British, but
intend also to cut more and more their
relations with the motherland and the
seat of the empire. Our farmers are a
corner stone, what can prevent him
while LaRier has once more turned
his back on London and his face to
Washington."

Calls it a Calamity.
"Certainly we could regard it as
nothing less than a calamity were this
pact to go through. The Manitoba
farmer knows what the Winnipeg
market means to him, and the diffi-
culty that he has even at the present
in contending with the American
farmer. The market season in the
States is several weeks earlier than
our own and we import produce of
every variety from them in the spring.
High prices prevail and when the
local farmer comes along with his stuff
he gets the same prices that the Am-
erican farmer has getting, the duty and
transportation charges on the Ameri-
can produce being clear profit to our
own farmers."

**But if the American is allowed free
entrance to our market with the ad-
vantage that he has at present of an
earlier season, what can prevent him
dumping the city full at the start at
prices which will put the Manitoban
at a loss without deducting tariff duties
and transportation."**

Old Country Opinion.
Asked concerning the opinion of
the proposal in the old country, Mr.
Roblin said that the Little Englander,
who could never see farther than his
own nose, and the Radical of all types,
would welcome anything in the Open
sens Dominion that would tend to
break up what the linguistically call
imperialism. They would be willing
to see us drift into the waiting arms
of the States as some of our "local"
politicians are assiduous in courting.

that consumption. On the other
hand there are the empire builders,
who only look with pain on Laurier
being charmed and enticed into the
habit of wearing a top hat, the prin-
ciple minister refusing to see that Tait
himself had labelled this the "Parting
of the Ways." British business men
of all shades of politics, declared Mr.
Roblin, are opposed to reciprocity
with the States.

Before leaving for Toronto Mr.
Roblin stated that he expected to see
Borden there on Tuesday and he
could then promise him not only the
present support from the prairie pro-
vinces, but a solid pliancy of Conser-
vative members in the next parlia-
ment. British Columbia might also
solidly anti-reciprocity and a Conser-
vative majority in Alberta was almost
assured.

Refused to Endorse Lloyd-Harris.
Toronto, Aug. 14.—A crowd of farm-
ers who knew exactly what they want-
ed and were not disposed to be sat-
isfied with anything else, packed a storm
centre in the convention of Liberals
at Branford held Saturday. Lloyd-
Harris acted in opposing reciprocity
found absolutely no endorsement and
the rural delegates would not support
him. It was their stand for a candi-
date who would pledge himself in sup-
port of the trade policy of Sir Wilfrid
Laurier brought the convention to a
close without choosing a candidate.

McCull in West Northumberland.
Coburg, Aug. 12.—The Liberals of
West Northumberland have nominated
J. B. McCull again. He has carried
the seat on three former occasions.

To Oppose Col. Sam Hughes.
Lindsay, Aug. 13.—Jas. B. Beeg will
be the Liberal candidate in Victoria
against Col. Sam Hughes.

Re-nominated in Halton.
Milton, Aug. 13.—The Conservative
standard in the coming election will
be carried in Halton by David Hend-
erson.

A. B. McColvin in West Kent.
Chatham, Aug. 13.—A. B. McColvin,
M.P., already victor in two hard-
fought political contests, has again
been chosen as the Liberal candidate
for West Kent.

Gordon, Conservative in Nipissing.
North Bay, Aug. 13.—The Conserva-
tive convention selected Geo. Gordon
to contest Nipissing.

To Oppose Richard Blain.

Party have selected W. H. How to
contest that riding.

Dominion Presented in Bulletin

Avioid Has Completed 320 Miles of

N. Atwood, the Boston aviator, who is
attempting to "break the world's long
distance aeroplane" record by flying
from St. Louis to New York, alighted
in Toledo this afternoon after complet-

spectacular flight 2,000 feet above the
city. He covered the 153 miles from
Elkhart, Ind., to Toledo, with only one
stop and in actual flying time of two
hours and 56 minutes. He started
from Elkhart at 8:05 A.M., and was
compelled to stop at Pettitville, Ohio,
for more than five hours because he
ran out of gasoline, and continued his
journey, and guided by the tracks of
the Lake shore and Michigan South-
ern Railway, he arrived in Toledo at
4:22 P.M.

Between some of the stations he beat
the scheduled time for ordinary aera-
planes. In the last lap of the day's run, he

be visible for longer than a minute
at any one angle. The 23 miles from

**BREED COMMITTED
ON MURDER CHARGE**

"Nigger George" Whitford Will Stand
Trial for Killing Thomas in Octo-
ber of 1907—Cutting Winter Wheat
in South.

Lethbridge, Aug. 14.—George Whit-
ford, "Nigger George," was this after-
noon committed for trial for the murder
of Victor Thomas on October 26,
1907. The widow of the deceased gave
evidence today at the preliminary
hearing, telling of Whitford's attempt
to get her to leave her husband and
of his explanations of the disappear-
ance of the latter. When he denied
killing Thomas, she said "God will
not let you get very far, it will all be
found out some day."

Marie Favel and her little brother,
who with their mother, Rosa Favel,
saw the murder committed, also gave
evidence.

The cutting of winter wheat is gen-
eral in southern Alberta. A sample
of spring grain brought to the city
shows remarkable growth and promise
of large yield. Oats are over six feet
high, wheat nearly as high and flax
over two feet.

**SEVEN YEARS PAIN
ACUTE NEURALGIA**

Cured Through Use of Dr. Williams'
Pink Pills

Neuralgia is not a disease—it is only
a symptom, if in the surest sign that
your blood is weak, watery and im-
pure, and that your nerves are literally
starving. Bad blood is the one
cause of good, rich, red blood is only
cure. There you have the real reason
why Dr. Williams' Pink Pills cure
neuralgia. They are the only medicine
that contains, in correct proportions,
the very elements needed to make
new, rich, red blood. This alone
reaches the root of the trouble,
soothe the jagged nerves, and drives
away the maddening stinging pain and
brace up your health in other ways.
Mr. M. Brennan, an ex-sergeant of the
2nd Cheabrie Regiment, now a resi-
dent of Winnipeg, Man., says: "While
serving with my regiment in India, on
a hill station, I contracted a severe
case of neuralgia, which was attended
at times lasting for three weeks. I
was constantly suffering almost every
month in the year for over seven years,
the pain being sometimes so severe
that I wished I was dead. On my re-
turn to England I seemed to get no
better, though I spent large sums of
money for medical advice and medicine.
Then I came to Canada, and about
a year ago saw the advertisement
of Dr. Williams' Pink Pills in a
Winnipeg paper. Although I had be-
gan to think my complaint was in-
curable I told my wife that I intended
giving the Pills a fair trial. I was
suffering from terrible pains when I
began taking the Pills, but before the
second box was finished the pain began
to disappear, and after a further use
of the Pills I have not had a twinge
of it during the past year. Only those
who have been afflicted with the ter-
rible pains of neuralgia can tell what
a blessing Dr. Williams' Pink Pills
have been to me, and you may be sure
I shall constantly recommend them
to other sufferers."

These Pills are sold by all medicine
dealers or by mail at 50 cents a box
of six boxes for \$2.50 from The Dr.
Williams' Medicine Co., Brockville,
Ont.
