40c.—Mr. Bird.  
20c.—Mr. T. Rahall.

### Brigade Ceremony.

To-night the C.L.B. Armory will be the scene of the presentation of the cup and medals won at the Coronation Sports. His Excellency the Governor will present the prizes. The cup in connection with the Inter-Brigade relay race, won by the C.C.C. two years in succession, has to be won three times before they retain it permanently. Before and after the presentation the three brigades will parade through the city jointly.

### The Bishop's Return.

We had hoped to have the Bishop in our midst again by the latter part of May. He writes, however, that his return has been delayed owing to the breaking of the main shaft of the steamer by which he intends to cross the mainland. It is not expected that she can reach Bermuda until May 20th, which will make it the first week in June before the Bishop can hope to reach St. John's. Meanwhile it is with genuine thankfulness that we can welcome back to his place at the helm, the Episcopal Commissary, Canon Smith, who, after a tedious illness, has been mercifully restored to convalescence. One of the first duties awaiting His Lordship on his return, will, D.V., be the Trinity Ordination, which cannot this year be held before St. Barbara's Day, at the earliest. Later on he hopes to carry into effect another Visitation Voyage, this time to the N. E. coast.—Diocesan Magazine.

### Now Feels Strong and Vigorous

And Fit for Any Amount of Work as the Result of Using Dr. Chase's Nerve Food.

Mr. J. Hurlbert.

It is so easy to overlook the warning given by headache, indigestion, falling memory, lack of power to concentrate the mind, irritability and worry over little things, that many a man does not realize his danger until on the verge of breakdown. Like the writer of the letter quoted below, you can call a halt to the wasting process and restore vim and energy to the nervous system by using Dr. Chase's Nerve Food. This great food cure has a wonderful record of cures.

Mr. J. Hurlbert, 23 James street, Brantford, Ont., writes:—"I was very much run down in health and as a consequence my nervous system was very much exhausted. Close confinement at my work, I think, brought on the trouble. I started using Dr. Chase's Nerve Food and by the time I had used up a box I felt a great improvement. The continued use of this preparation has thoroughly restored my system so that I feel strong and vigorous and fit for any amount of work. I have also used Dr. Chase's Kidney-Liver Pills and Ointment with splendid satisfaction, and recommend them at every opportunity." Dr. Chase's Nerve Food, 50 cents a box, all dealers or Edmanston Bates & Co., Limited, Toronto.

MINARD'S LINIMENT RELIEVES NEURALGIA.

### Spring Cleaning.

Oh, the muddle and the litter  
Of the dreaded yearly cleaning,  
When the painter and gas-fitter  
Give the spring a fearsome meaning!  
But it's necessary—very.  
And, in overalls arrayed,  
Two attempts to make it merry—  
They are mother and the maid.  
Oh, the scamper and the scurry!  
Oh, the running up and down!  
Where's the wonder, in the hurry,  
That the mother wears a frown,  
Or forgets that work's a pleasure—  
Like the rest of human folk?  
But the maid, despairing leisure,  
Looks upon it as a joke.  
Soon, however, all the clearing  
And replacing are complete.  
Whilst a mother's heart is cheering  
As the home grows clean and neat.  
But the maid regrets it over.  
"What a servant!" you will say,  
Well, of course, she was in clover;  
She is five years old to-day.

### Casino Players

Present Another Fine Play.

"A Fisherman's Luck," a play of local interest because it deals with the life of the fisherman, the attraction which the Casino Players presented last evening. It is a comedy-drama the style of play which pleases St. John's audiences. It was well received and each member of the company was warmly applauded. The story tells of the love affair of a young fisherman whose rival holds a mortgage on his home. Being told the rival attempts to drown her but she is saved by her lover who thrashes the would-be murderer. An old sailor also plays a prominent and sympathetic part, while the fisherman's mother also figures in the comedy. Mr. Reed as the hero, the strapping fisher lad, was as usual the idol. Mr. Wright in a heavy role which he sustained admirably and well. Mr. Denton's comedy is always clever and last night he was especially good. Very little need be said in praise of Mr. Barr as he is one of the finest actors to visit our city for some time; last night he played a part which appealed to all. Miss Barlow was charming in her role. Miss Elvira's acting was also much admired. Rachael Barr who played the motherly part to perfection. There will be a matinee for children on Saturday afternoon. The next bill is "Rooms To Let."

### A Paris Chemist Has Discovered How to Grow Hair.

In Paris the ladies have entirely abandoned wearing rats, which is abandoned wearing rats, which is it has been proven that Henna leaves contain the ingredients that will positively grow hair. That they contain this long-looked-for article is proven every day.

The French are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale.

This preparation is called SALVIA and is being sold with a guarantee to cure dandruff and to grow hair in abundance. Being daintily perturbed, SALVIA makes a most pleasant dressing, and is as sold by your druggist. A large, generous bottle can be purchased for 50 cents.

MCURDO & CO., special agents.

### Municipal Matters.

Editor Evening Telegram.

Dear Sir,—A great deal is written re arrears of water taxes, apparently no others, and Municipal Councillors are rated; as it seems proper for parties with axes to grind and goodness knows what manner of schemes in process of hatching to do so.

Considering the almost impossible task those men have to perform in managing the affairs of this town we must consider how such men can be found to undertake such a task. Someone lately advises if Councillors don't sell houses or stop water, that a commission of 5 be appointed to run our affairs, this is a good idea, but the number should be increased to 15 or 20 and all of legal training.

Yours truly,  
TAX PAYER.

St. John's, April 30, 1913.

### At the Nickel.

The attendance at the Nickel yesterday was unusually large, even in the afternoon each performance was packed. The pictures were enthusiastically received particularly the "Adventures of American Joe." Miss Guerin sang "I'll give the gold of my heart for the diamonds in your eyes," a charming love song; while Miss Gardner sang "My little loving sugar babe." To-night there will be a new programme of pictures.

### Vandals About.

Boys up around the higher levels are so given to stone throwing, that the practice has become a positive danger to citizens. This is not all, but property in the shape of street lights, windows, etc., is destroyed and those who remonstrate are laughed at by the boys who indulge in this practice. Recently on Central Street, one of the large arc lamps was destroyed by stones, and the police are after the perpetrators. The rounding up of a few of the stone-throwers and the imposition of a smart fine, would soon put a check on this dangerous and unnecessary practice.

K. OF C. DINNER.—The annual billiard dinner in connection with the Knights of Columbus will be held at their club rooms to-night.

INCREASED MEMBERSHIP.—Since the beginning of the present year the Board of Trade membership has been increasing, sixteen members being added to the roll.
