BRONZE MOTOR BOAT PROPELLERS.

We have Just Received a large shipment of TWO and THREE Blade "Solid Bronze" Motor Boat Propellers.

Our Bronze Propellers are designed on the true screw principle; they have large blade areas, and are therefore particularly efficient in attaining the highest speed, and also give the best RESULTS when used in connection with heavy duty Engines, such as are now in use all around our coast. Owing to the Special Design of our Bronze Propellers they are unequalled for towing.
