

**BEAVER BOARD**  
WALLS & CEILINGS

Strong, Rigid Panels Made of Pure-Wood-Fibre

Saw BEAVER BOARD like wood—nail panels to studding or over old lath and plaster—then paint and nail on the decorative strips.

You'll have walls and ceilings that never crack or need repair.

**Don't Get Cheap Stuff. Get Beaver Board. You'll Save Money.**

**COLIN CAMPBELL.**

Typists and Stenographers,  
Have You Seen the

**LINE-A-TIME?**

The little device which when attached to your Typewriter makes typewriting a pleasure.

It serves the triple purpose of increasing the typist's capacity from 80 to 50 per cent daily, improving the quality of her work and saving her health.

The LINE-A-TIME practically eliminates the making of errors in transcribing.

It increases the output of the typewriter, because it enables the operator to utilize for transcribing the time she would otherwise spend bending over notebook or record sheet.

The LINE-A-TIME is a simple device that may be quickly adapted for use with any typewriter or billing machine, and may be placed on any desk. It stands behind and close to the machine, and supports the "copy". Typists who have seen it are enthusiastic over it.

Employers and office managers who are on the alert for devices that will enable their present office force and equipment to increase their daily output, with a decrease in the effort required of each person affected, will be equally enthusiastic over the LINE-A-TIME.

Let us send you one on trial, no obligation to buy. We will take it away when you are tired of it. The cost is not a consideration.
